Wicks Says Flood Work Is Possibility in Ulster

Hurley Emphasizes Point

Patrick J. Hurley, former Secretary of War and Ambassador to China, points a finger ceiling-ward as he prepares to testify before the Senate inquiry at Washington into the firing of Gen. Douglas MacArthur and administration Far East policies, June 20. Hurley was the 11th witness called as the hearing went into its 39th day. (AP Wirephoto).

Hurley Says State Bureau Tried to Disparge Him

Says Effort in China Paper in '49 Was Deliberate Action

Washington, June 21 (AP)—Patrick J. Hurley accused the State Department today of making "a deliberate attempt to disparage me" in its 1949 "White Paper" on China.

Hurley, World War Two ambassador to China, was testifying for the second day at the Senate inquiry into Far Eastern policy generally and the dismissal of Gen. Douglas MacArthur.

Much of the questioning, as on the first day, turned toward the Yalta Agreement.

Senator Wiley (R.-Wis.) brought out that one of those who attended the Yalta Conference was Alger Hiss, a State Department official since jailed for perjury. Hiss was convicted of lying when he swore he did not give U. S. secrets to a pre-war Communist spy ring.

Wiley noted that Hurley, in his testimony yesterday, had bitterly denounced the 1945 Yalta Agreement as an "immoral and cowardly" pact which he said amounted to appeasement of communism.

Wiley then questioned Hurley as to who were "the prime actors in that great drama" at Yalta "which so changed the world."

Not At Yalta

Hurley replied he was not at Yalta, but "there are a number of witnesses who were * * *."

"Well," said Wiley, "Hiss was at Yalta, wasn't he?"

Hurley: "Yes, sir, Hiss was at Yalta."

Wiley: "Do you suggest that we subpoena Hiss?"

Hurley: "Well, I am afraid that there is a certain provision that enables a man to be relieved from testifying against himself, and I think, I don't believe you could

Will Be Speaker At GOP Luncheon

Mrs. Kenneth Strayer Has Notable Record in Public Life

MRS. KENNETH S. STRAYER

The luncheon of the Ulster County Republican Committee, which will be held next Saturday at 12:30 p. m. at the Governor Clinton Hotel will attract many Ulster county women, according to a statement issued today by the committee in charge.

However, there is still time to make a reservation as all tickets have not yet been sold, although they are going fast.

Reservations may be made by calling Mrs. Raymond E. Craft, Kingston phone 1108, or Mrs. John B. Sterley, Kingston telephone 3018. All women of Kingston and Ulster county are invited to attend.

The speaker at the luncheon will be Mrs. Kenneth S. Strayer, of Staten Island, a past president of the New York State Federation of Women's Clubs, who will have an inspiring message for the women of Kingston and Ulster county. Mrs. Strayer has been president of the New York City Federation of Women's Clubs and of three of the oldest women's clubs on Staten Island. The state federation is a part of the National Federation of Women's Clubs, which has 11,000,000 members.

Officials Say Matthews Will Go to Ireland as Ambassador

Washington, June 21 (AP)—Informed officials said today Secretary of the Navy Francis P. Matthews has decided to accept appointment as Ambassador to Ireland.

These officials, who asked that they not be named, told a reporter Matthews' name has already been submitted to Dublin for anticipated approval there, and that President Truman will announce the appointment shortly.

These sources said they did not know who might succeed Matthews.

As envoy to Dublin, Matthews would succeed George A. Garrett, who resigned as of May 31.

GOP Will Hold Convention June 30

Faced with a small county slate to be filled, the unofficial Republican county convention will be held on Saturday, June 30, at 11 o'clock at the Municipal Auditorium when candidates will be recommended for the office of county clerk and coroner. In addition to candidates for the two county offices to be filled at the general election in the fall, the convention will name seven delegates and seven alternates to attend the judicial convention and this year the town committeemen will be named, a procedure which takes place each two years.

Supervisors will be elected in each town of the county and ward of the city this fall and in Kingston city aldermen will also be elected. In the city election there are two offices to be filled, that of mayor and alderman-at-large.

The city convention will be held at the court house on Monday, July 2, at 8 o'clock at which time the city delegates will name their choice for mayor and alderman-at-large. The terms of Mayor Oscar V. Newkirk and Alderman-at-Large Joseph Kelly expire.

While the selection of the candidates in the county will be made unofficially at the county convention, at the present time there appears to be no opposition to the naming of Harry D. Sutton again for the office of county clerk and Michael A. Galietta, Glasco, for the party's choice for coroner of the county.

Wage Offer Spurned by Sea Unions

Spokesman Says Work Week Length Is Thing Holding Up Strike Negotiations

Concessions Made

Eight Per Cent of Base Wages, 44-Hour Week at Sea Offered

New York, June 21 (AP)—Idle seamen have brushed aside two wage boost offers to continue their original demand for a 40-hour week and send the American shipping tieup into its sixth day.

After a joint negotiating session between shippers and CIO unions broke up late last night, a union spokesman said the length of the work week at sea "is the main thing holding us up."

Yesterday's meetings conducted by federal mediators marked the first joint sessions between representatives of 40 east and gulf coast shippers and union officials since the work stoppage started last Friday at midnight.

The CIO seamen involved are members of the powerful National Maritime Union and the smaller Marine Engineers Beneficial Association in east and gulf ports and the American Radio Association on the west coast.

Agreements Reached

The west coast deadlock is between the 700-member ARA and the Shippers' Pacific Maritime Association. The employer association has reached agreements and extended contract talks with other seamen's unions in that area. However, under maritime law, ships cannot sail without a radio operator.

In New York the unions chalked up yesterday the following concessions from the shippers:

A pay raise "equal to eight per cent of base wages in effect Jan. 15, 1950.

A 44-hour work week at sea, with continuance of the present 40-hour week in port. The present work week at sea is 48 hours.

A 30-day contract extension to end the shipping tieup.

A two-year contract and not a three-year agreement as first proposed by the shippers.

Three weeks vacation with pay for a man employed continuously by one company. A paid two-week vacation for men in the industry for a year, but not employed by one company. These benefits were acceptable to the unions.

Demanded 25 Per Cent

The NMU had demanded a 25 per cent wage increase for members who now get from $213.79 to $315.35 monthly.

The work stoppage, which could affect as many as 650 American ships from Maine to the Pacific, has not affected the flow of defense and Korean Campaign cargoes.

Customs house officials said that only eight ships in New York were unable yesterday to leave because of the "no contract—no work" union edict.

This figure did not include the new $25,000,000 liner Constitution, ready for her maiden voyage today with 950 passengers. The sailing of the big vessel was moved to tomorrow.

Curran is one of the passengers scheduled to sail on the Constitution. Between mediation sessions he said, "I feel confident the ship will wait for me."

Talks in New York are scheduled to resume in mediation offices at 9:30 a. m. (EST).

Faces Indictment

San Luis Obispo, Calif., June 21 (AP)—Wealthy Mrs. Margaret G. Ryan must answer a manslaughter indictment for the fatal shooting of a 22-year-old trespasser. She had testified the June 9 killing of Leonard D. Ray, a navy veteran and Sunday school teacher, was in self defense. She said Ray jabbed a .22 rifle against her chest when she asked him to leave her ranch. He was crossing it en route to fish.

Polio Cases Drop

Washington, June 21 (AP)—Polio cases have dropped sharply so far this year from last year's figures, the Public Health Service reported today. The agency said 160 new cases were reported last week, compared with 234 in the corresponding week a year ago. And the cumulative total since the seasonal low week is 1,062, compared with 1,314 for the same period last year.

Treasury Receipts

Washington, June 21 (AP)—The position of the Treasury June 19: Net budget receipts $1,230,601,702.37; budget expenditures $300,142,398.47; cash balance $5,684,964,939.53; customs receipts for month $30,144,586.03; budget receipts for fiscal year (July 1) $44,565,556,373.95; budget expenditures for fiscal year $42,067,348,285.20; budget surplus $2,498,208,088.75; total debt $254,418,974,351.20; decrease under previous day $31,255,625.76; gold assets $21,754,586,281.71.

Doughton Asks Taxes Be Okayed

Washington, June 21 (AP)—Rep. Doughton (D.-N.C.) asked the House today to approve a $7,200,000,000 tax increase, and said he didn't see how the rates could be boosted any higher.

The 87-year-old chairman of the Ways and Means Committee which drew up the bill, endorsed the huge proposed increase, largest in American history, as urgently needed to finance the nation's defense program. But he told his colleagues solemnly:

"I consider it unlikely that we shall be able to increase substantially the yield of the federal tax system beyond what is included in the present bill.

"I say this in all frankness and sincerity, for I consider it essential that we face up to the fact that any higher tax rates on either individuals or corporations or excises would be exceedingly burdensome and difficult to impose."

"The only sound course, in my opinion," he added, "is to reexamine the score of federal activities and to cut expenditures to the bone."

Find Vote Friday

Although the bill came before the House slightly behind schedule, a final vote seems likely tomorrow.

Under procedure approved by a one-vote margin yesterday, the House must accept the bill as approved by the Ways and Means Committee, or reject it as it stands. No amendments will be permitted by individual members of the House. General debate must close by 3 p. m. (EST) tomorrow.

The final vote is expected shortly thereafter and Republican leaders agree with the Democratic majority that the bill probably will be sent to the Senate unchanged. The Senate has not yet begun consideration and isn't expected to act until fall.

Republican opponents of the measure in the House plan to make a formal motion to return

Bid Is Received For Work on Road At Woodstock

Albany, June 21—A $55,285 bid from Hudson River Const. Co., of Albany was received Wednesday by New York State Superintendent of Pubilc Works Bertram D. Tallamy, for widening and resurfacing 1.34 miles of State Route 212 at Woodstock, in Ulster county. Three bids were received for the project which will be carried out under the direction of J. S. Bixby, District Engineer at the Department's Poughkeepsie office.

The work will start about a mile west of the Woodstock Post Office and will end just east of the intersection of Route 375 from Kingston.

The existing 20-foot concrete pavement will be widened with bituminous macadam to the existing curbs, or to a minimum width of 26 feet, and a new top course two and one-half inches thick of asphalt concrete will be placed over the existing pavement and the widening.

Traffic will be maintained during the reconstruction. Motorists are requested, however, to observe all warning signs and regulations for their own protection and that of the workmen employed on the project.

Under the terms of the proposal the resurfacing must be completed by December 1, 1951.

Iran Demonstrates; Premier Seeks Vote

Refuses Any Blame Unless Majlis Meets at Request

Tehran, June 21 (AP)—Premier Mohammed Mossadegh won a vote of confidence from Parliament today amid demonstrations against the Anglo-Iranian Oil Co.

Crowds invaded the company's offices and tore down its signs just before Mossadegh went before Parliament with a warning that violence might follow if the legislators failed to support him. They gave him a 91-0 vote of confidence.

Mossadegh told Parliament he will "proceed to take over the Anglo-Iranian Oil Co. because the country demands it." He sought the vote of confidence as a token of nation-wide approval of his policies.

New Red Push Expected by UN

Allied Patrols Active —Monday Anniversary of Outbreak

Tokyo, June 21 (AP)—Allied patrols roamed far beyond their lines today on the western front, where officers predicted the Reds would launch a "limited offensive" by Monday, first anniversary of the Korean war.

United Nations patrols twice entered Kaesong, 25 miles northwest of Seoul on the main highway to Pyongyang, capital of Communist North Korea. A thousand Reds in the hills made no move to intervene.

This is the most westward push of allied units since Reds swept across Parallel 38 in the April 22 offensive.

Three other UN patrols reached to within four miles of Pyonggang, bumping into Chinese outposts. Powerful Chinese forces were reported grouping behind these outposts north of Pyonggang, northern tip of the iron triangle. Pyonggang is 92 miles southeast of Pyongyang.

Front Is Quiet

All along the quiet front UN scouts probed for Red strength.

Rain clouds forming over Korea cut air attacks down to the lowest figure this month. The Fifth Air Force reported only 186 sorties, most of them in the early morning darkness before storm clouds blanketed the country.

For the first time in five days no Communist warplanes were aloft.

In the first four days this week the Reds roared across the Yalu river from Manchuria into flaming battles in the north Korean skies.

Far East Air Forces (EAF) announced three allied planes were lost in these flights. An American Sabre jet and a Mustang fighter were shot down. Another Sabre jet was missing.

Bill Is Approved

Washington, June 21 (AP)—The Senate Banking Committee today approved a wage-price control bill denying President Truman most of the broad new control powers he requested, and forbidding price rollbacks beyond the average for Jan. 25-Feb. 24.

State Building To Cost $193,000; Work Is Underway

Foundation work on the State Highway Department storage and office building on Quarry street is nearing completion.

The building, which will cost approximately $193,000, will include office space for H. G. Krom, county assistant engineer, and his staff, as well as carpenter and paint shops, garage space for washing, lubrication and storage of state equipment used on Ulster county's 260 miles of state highways, storage rooms for calcium chloride, salt and other materials, and wash rooms for employes. An oil burning hot water heating system is called for in the specifications.

Of Brick Construction

Of brick construction with a two-story office section and one story garage section, the building will have a flat roof.

Difficulties in obtaining necessary steel have made it impossible to estimate the time of completion of the building. The contract at present is approximately 10 per cent completed.

Supervising the project for the state is James Maloney, engineer for the Department of Public Works building and grounds department.

General contractor is Miller and Gaynor of Poughkeepsie. Other contractors are John J. Cusher, electrical; Conway Plumbing, plumbing, both of Kingston, and DeSomma and Buser, Saugerties, heating.

Made Trip To Capital On Problem

Letter From Taber Cites Needs at Kingston and Mt. Pleasant; City Is to Be Studied

Quick Work Asked

District Engineer Told to Expedite Study on Local Condition

Flood control projects along the Esopus creek are a possibility through use of federal funds probably within another year, State Senate Majority Leader Arthur H. Wicks disclosed today.

The senator recently received a letter from Congressman John Taber, of Auburn, ranking Republican member of the House of Representatives Appropriations Committee which explains the possibilities for projects in the Mt. Pleasant region and "at the northern outskirts of Kingston."

Funds of the 1952 fiscal year will be considered for the work at Mt. Pleasant and the "problem at Kingston" which the letter said "appears to be of somewhat greater extent" will require detailed study.

Quick Action Asked

The District Engineer in New York has been asked to expedite "this report on the investigation of the problems at Kingston," the letter said, and it indicated that funds can be made available under a special section of the 1950 Flood Control Act without separate authorization by Congress for such work as might be required here.

Senator Wicks has been to Washington to present the flood damage problems of the area to members of Congress in an attempt to obtain flood control funds for dredging and riprapping in the Esopus Creek.

Letter Is Sent

The following letter from Maj. Gen. Lewis A. Pick, chief of engineers, Department of the Army, to Congressman Taber and forwarded to the senator, indicates that he has obtained results:

More Arrests Are Expected Among Alleged Communists

Total of $206,000 Bail Is Set for 17 Held in Raid on Counts of Conspiracy

New York, June 21 (AP)—Twelve of the 17 Communists arrested by the FBI in a round up of America's Red leaders went to Federal Court today asking lower bail.

Federal Judge Sidney Sugarmen signed a writ of habeas corpus ordering an immediate hearing on a defense motion for lower bail bonds.

The bail set yesterday by Judge Samuel H. Kaufman, ranging from $1,000 to $20,000, is "excessive" and "imposes incarceration before guilt is proven," the defense claimed.

Defense Attorney Abraham Unger told newsmen he also would try to force the government to accept as bail U. S. Government bonds offered yesterday by Frederick Vanderbilt Field, secretary of the bail fund of the Civil Rights Congress and reputed leftwing millionaire.

The roundup of Red leaders that netted the 17 in a series of dawn FBI raids yesterday, widened today.

More Arrests Expected

New York, June 21 (AP)—The government's second big crackdown on American Communist leaders widened today following the roundup of 17 members of the party's second team.

More junior commissars are due for prosecution, authorities indicated.

Out of 21 Red leaders indicted here yesterday, four still were sought today.

A hundred FBI agents in 25 autos seized 16 here early yester-

Sewer Line Work Approved by BPW

$1,500 Ponckhockie Street Project Will Serve 3 Properties

The Board of Public Works yesterday approved construction of a sewer line for 150 feet on Ponckhockie street, and heard reports of progress on the addition to the city incinerator and preparations for the Elizabeth street sewer project.

The Ponckhockie street sewer will serve three properties and will extend from Walnut street to 52 Ponckhockie street. Its estimated cost is $1,500. The property owners will pay 75 and the city 25 per cent of the cost.

Ernest A. Steuding, public works superintendent, reporting on progress to date, on the addition to the incinerator, said work was slowed up because it was necessary to excavate from 25 to 30 feet for solid ground on the site of the new building.

Plans Are Progressing

Work has been completed on the excavation for the outer wall, he said, and other phases of the project will move along rapidly after completion of the lower floor. Forms are now being constructed as a base for the concrete and reinforcement steel is being installed for the pouring of concrete next week.

City Engineer Arthur F. Hallinan said that plans and specifications for the Elizabeth street sewer project are progressing and will be ready for start of the work in about 30 days. This was in answer to an inquiry contained in a resolution by Alderman Abram D. Relyea, 11th Ward,

Eight Marines Are Killed At North Carolina Camp

Camp LeJeune, N. C., June 21 (AP)—Two defective mortar shells fell short and burst into a company of advancing Second Division Marines here yesterday afternoon, killing eight and injuring 23.

Witnesses said the mortar gunners saw that the shells were defective a split second after they were fired during a routine training exercise at this big Marine base in eastern North Carolina about 50 miles northwest of Wilmington. The gunners leaped to field telephones and notified a forward observation post. But before the warning could be relayed, the shells exploded among the forward group of the weapons company.

Bitter members of the company (Co. A, 1st Bn., 6th Marine Regt.), told a reporter they did not blame the mortar section, but felt that defects in the ammunition could have been noted by careful inspection.

General Clifton Cates, Marine Corps commandant, was visiting the base when the accident took place about 1 p. m. (EST). He ordered an immediate investigation and a board of inquiry was appointed.

The casualty list was expected to be made public today. A public information officer said that of the 23 wounded, 12 were in serious condition at the base hospital here.

There were no officers among the casualties. The ranking man in the group hit by the mortars was a senior non-commissioned officer, who was killed.

The mortars were returned to the base and impounded for the investigation.

Programs Are Set

American Industry Plans Record Activity in Final Quarter

Washington, June 21 (AP)—Record-setting expansion programs have been scheduled by American industry for the final quarter of this year.

The Commerce Department and the Securities and Exchange Commission reported yesterday that a re-survey indicates sights have been raised above original scheduled spending of an unprecedented $23,900,000,000 this year on new plants and equipment.

Actual outlays for the first nine months of the year appear headed for an $18,000,000,000 total, 41 per cent higher than for the corresponding period of 1950, the reports added.

Doughton Asks Taxes Be Okayed

Washington, June 21 (AP)—Rep. Doughton (D.-N.C.) asked the House today to approve a $7,200,000,000 tax increase, and said he didn't see how the rates could be boosted any higher.

The 87-year-old chairman of the Ways and Means Committee which drew up the bill, endorsed the huge proposed increase, largest in American history, as urgently needed to finance the nation's defense program. But he told his colleagues solemnly:

"I consider it unlikely that we shall be able to increase substantially the yield of the federal tax system beyond what is included in the present bill.

"I say this in all frankness and sincerity, for I consider it essential that we face up to the fact that any higher tax rates on either individuals or corporations or excises would be exceedingly burdensome and difficult to impose."

"The only sound course, in my opinion," he added, "is to reexamine the score of federal activities and to cut expenditures to the bone."

Find Vote Friday

Although the bill came before the House slightly behind schedule, a final vote seems likely tomorrow.

Under procedure approved by a one-vote margin yesterday, the House must accept the bill as approved by the Ways and Means Committee, or reject it as it stands. No amendments will be permitted by individual members of the House. General debate must close by 3 p. m. (EST) tomorrow.

The final vote is expected shortly thereafter and Republican leaders agree with the Democratic majority that the bill probably will be sent to the Senate unchanged. The Senate has not yet begun consideration and isn't expected to act until fall.

Republican opponents of the measure in the House plan to make a formal motion to return

Bid Is Received For Work on Road At Woodstock

Albany, June 21—A $55,285 bid from Hudson River Const. Co., of Albany was received Wednesday by New York State Superintendent of Public Works Bertram D. Tallamy, for widening and resurfacing 1.34 miles of State Route 212 at Woodstock, in Ulster county. Three bids were received for the project which will be carried out under the direction of J. S. Bixby, District Engineer at the Department's Poughkeepsie office.

The work will start about a mile west of the Woodstock Post Office and will end just east of the intersection of Route 375 from Kingston.

The existing 20-foot concrete pavement will be widened with bituminous macadam to the existing curbs, or to a minimum width of 26 feet, and a new top course two and one-half inches thick of asphalt concrete will be placed over the existing pavement and the widening.

Traffic will be maintained during the reconstruction. Motorists are requested, however, to observe all warning signs and regulations for their own protection and that of the workmen employed on the project.

Under the terms of the proposal the resurfacing must be completed by December 1, 1951.

Eight Marines Are Killed At North Carolina Camp

Camp LeJeune, N. C., June 21 (AP)—Two defective mortar shells fell short and burst into a company of advancing Second Division Marines here yesterday afternoon, killing eight and injuring 23.

Witnesses said the mortar gunners saw that the shells were defective a split second after they were fired during a routine training exercise at this big Marine base in eastern North Carolina about 50 miles northwest of Wilmington. The gunners leaped to field telephones and notified a forward observation post. But before the warning could be relayed, the shells exploded among the forward group of the weapons company.

Bitter members of the company (Co. A, 1st Bn., 6th Marine Regt.), told a reporter they did not blame the mortar section, but felt that defects in the ammunition could have been noted by careful inspection.

General Clifton Cates, Marine Corps commandant, was visiting the base when the accident took place about 1 p. m. (EST). He ordered an immediate investigation and a board of inquiry was appointed.

The casualty list was expected to be made public today. A public information officer said that of the 23 wounded, 12 were in serious condition at the base hospital here.

There were no officers among the casualties. The ranking man in the group hit by the mortars was a senior non-commissioned officer, who was killed.

The mortars were returned to the base and impounded for the investigation.

Iran Demonstrates; Premier Seeks Vote

Refuses Any Blame Unless Majlis Meets at Request

Tehran, June 21 (AP)—Premier Mohammed Mossadegh won a vote of confidence from Parliament today amid demonstrations against the Anglo-Iranian Oil Co.

Crowds invaded the company's offices and tore down its signs just before Mossadegh went before Parliament with a warning that violence might follow if the legislators failed to support him. They gave him a 91-0 vote of confidence.

Mossadegh told Parliament he will "proceed to take over the Anglo-Iranian Oil Co. because the country demands it." He sought the vote of confidence as a token of nation-wide approval of his policies.

New Red Push Expected by UN

Allied Patrols Active —Monday Anniversary of Outbreak

Tokyo, June 21 (AP)—Allied patrols roamed far beyond their lines today on the western front, where officers predicted the Reds would launch a "limited offensive" by Monday, first anniversary of the Korean war.

United Nations patrols twice entered Kaesong, 25 miles northwest of Seoul on the main highway to Pyongyang, capital of Communist North Korea. A thousand Reds in the hills made no move to intervene.

This is the most westward push of allied units since Reds swept across Parallel 38 in the April 22 offensive.

Three other UN patrols reached to within four miles of Pyonggang, bumping into Chinese outposts. Powerful Chinese forces were reported grouping behind these outposts north of Pyonggang, northern tip of the iron triangle. Pyonggang is 92 miles southeast of Pyongyang.

Front Is Quiet

All along the quiet front UN scouts probed for Red strength.

Rain clouds forming over Korea cut air attacks down to the lowest figure this month. The Fifth Air Force reported only 186 sorties, most of them in the early morning darkness before storm clouds blanketed the country.

For the first time in five days no Communist warplanes were aloft.

In the first four days this week the Reds roared across the Yalu river from Manchuria into flaming battles in the north Korean skies.

Far East Air Forces (EAF) announced three allied planes were lost in these flights. An American Sabre jet and a Mustang fighter were shot down. Another Sabre jet was missing.

Bill Is Approved

Washington, June 21 (AP)—The Senate Banking Committee today approved a wage-price control bill denying President Truman most of the broad new control powers he requested, and forbidding price rollbacks beyond the average for Jan. 25-Feb. 24.

State Building To Cost $193,000; Work Is Underway

Foundation work on the State Highway Department storage and office building on Quarry street is nearing completion.

The building, which will cost approximately $193,000, will include office space for H. G. Krom, county assistant engineer, and his staff, as well as carpenter and paint shops, garage space for washing, lubrication and storage of state equipment used on Ulster county's 260 miles of state highways, storage rooms for calcium chloride, salt and other materials, and wash rooms for employes. An oil burning hot water heating system is called for in the specifications.

Of Brick Construction

Of brick construction with a two-story office section and one story garage section, the building will have a flat roof.

Difficulties in obtaining necessary steel have made it impossible to estimate the time of completion of the building. The contract at present is approximately 10 per cent completed.

Supervising the project for the state is James Maloney, engineer for the Department of Public Works building and grounds department.

General contractor is Miller and Gaynor of Poughkeepsie. Other contractors are John J. Cusher, electrical; Conway Plumbing, plumbing, both of Kingston, and DeSomma and Buser, Saugerties, heating.

More Arrests Are Expected Among Alleged Communists

Sewer Line Work Approved by BPW

$1,500 Ponckhockie Street Project Will Serve 3 Properties

The Board of Public Works yesterday approved construction of a sewer line for 150 feet on Ponckhockie street, and heard reports of progress on the addition to the city incinerator and preparations for the Elizabeth street sewer project.

The Ponckhockie street sewer will serve three properties and will extend from Walnut street to 52 Ponckhockie street. Its estimated cost is $1,500. The property owners will pay 75 and the city 25 per cent of the cost.

Ernest A. Steuding, public works superintendent, reporting on progress to date, on the addition to the incinerator, said work was slowed up because it was necessary to excavate from 25 to 30 feet for solid ground on the site of the new building.

Plans Are Progressing

Work has been completed on the excavation for the outer wall, he said, and other phases of the project will move along rapidly after completion of the lower floor. Forms are now being constructed as a base for the concrete and reinforcement steel is being installed for the pouring of concrete next week.

City Engineer Arthur F. Halligan said that plans and specifications for the Elizabeth street sewer project are progressing and will be ready for start of the work in about 30 days. This was in answer to an inquiry contained in a resolution by Alderman Abram D. Relyea, 11th Ward,

Total of $206,000 Bail Is Set for 17 Held in Raid on Counts of Conspiracy

New York, June 21 (AP)—Twelve of the 17 Communists arrested by the FBI in a round up of America's Red leaders went to Federal Court today asking lower bail.

Federal Judge Sidney Sugarmen signed a writ of habeas corpus ordering an immediate hearing on a defense motion for lower bail bonds.

The bail set yesterday by Judge Samuel H. Kaufman, ranging from $1,000 to $20,000, is "excessive" and "imposes incarceration before guilt is proven," the defense claimed.

Defense Attorney Abraham Unger told newsmen he also would try to force the government to accept as bail U. S. Government bonds offered yesterday by Frederick Vanderbilt Field, secretary of the bail fund of the Civil Rights Congress and reputed leftwing millionaire.

The roundup of Red leaders that netted the 17 in a series of dawn FBI raids yesterday, widened today.

More Arrests Expected

New York, June 21 (AP)—The government's second big crackdown on American Communist leaders widened today following the roundup of 17 members of the party's second team.

More junior commissars are due for prosecution, authorities indicated.

Out of 21 Red leaders indicted here yesterday, four still were sought today.

A hundred FBI agents in 25 autos seized 16 here early yester-

Made Trip To Capital On Problem

Letter From Taber Cites Needs at Kingston and Mt. Pleasant; City Is to Be Studied

Quick Work Asked

District Engineer Told to Expedite Study on Local Condition

Flood control projects along the Esopus creek are a possibility through use of federal funds probably within another year, State Senate Majority Leader Arthur H. Wicks disclosed today.

The senator recently received a letter from Congressman John Taber, of Auburn, ranking Republican member of the House of Representatives Appropriations Committee which explains the possibilities for projects in the Mt. Pleasant region and "at the northern outskirts of Kingston."

Funds of the 1952 fiscal year will be considered for the work at Mt. Pleasant and the "problem at Kingston" which the letter said "appears to be of somewhat greater extent" will require detailed study.

Quick Action Asked

The District Engineer in New York has been asked to expedite "this report on the investigation of the problems at Kingston," the letter said, and it indicated that funds can be made available under a special section of the 1950 Flood Control Act without separate authorization by Congress for such work as might be required here.

Senator Wicks has been to Washington to present the flood damage problems of the area to members of Congress in an attempt to obtain flood control funds for dredging and riprapping in the Esopus Creek.

Letter Is Sent

The following letter from Maj. Gen. Lewis A. Pick, chief of engineers, Department of the Army, to Congressman Taber and forwarded to the senator, indicates that he has obtained results:

Washington, D. C.

Dear Mr. Taber:

I have received a report from the Division Engineer of the North Atlantic Division concerning the flood problems along Esopus Creek above Kingston, N. Y. An inspection was made of the problem area on 24 May 1951 by representatives of the Corps of

Programs Are Set

American Industry Plans Record Activity in Final Quarter

Washington, June 21 (AP)—Record-setting expansion programs have been scheduled by American industry for the final quarter of this year.

The Commerce Department and the Securities and Exchange Commission reported yesterday that a re-survey indicates sights have been raised above original scheduled spending of an unprecedented $23,900,000,000 this year on new plants and equipment.

Actual outlays for the first nine months of the year appear headed for an $18,000,000,000 total, 41 per cent higher than for the corresponding period of 1950, the reports added.

Callanan Visited By Safety Council

The first plant visitation of the season of the Eastern New York Mineral Aggregates Safety Council was held at the Kingston plant of the Callanan Road Improvement Company July 20.

This Safety Council is composed of quarries, cement plants, sand and gravel plants in the Eastern New York area and a few in Massachusetts and Connecticut.

Visitors were entertained by the Callanan Road Improvement Co. at a luncheon where a short business meeting was held. The meeting was presided over by John Kawaske, president. Kawaske is the general superintendent of the Callanan Road Improvement Co.

The men present came from as far north as Glens Falls and as far east as New Haven, Conn. They are all of a high supervisory level, being superintendents or above.

These men inspected the entire works of the local plant from the rock ledge to the loading operations. At each step any unsafe conditions were noted and a solution to the problem was forthcoming from someone in the group.

Reid Callanan, president of the company in commenting on the visit of these men, stated he was glad to have them inspect the plant as he knew they would leave ideas with those concerned with the operation to make the plant a safer place to work.

Kangaroos Menace Sheep

Sydney (AP)—Thousands of kangaroos are moving in great mobs in the inland part of southeastern Australia and causing hundreds of sheep to die. They are eating the grass and driving the sheep from waterholes. Feed is so scarce in some parts that sheep are being moved by road transport.

More Arrests . . .

day, and a 17th was arrested in Pittsburgh.

The roundup came 16 days after the U. S. Supreme Court affirmed the convictions of eleven top Communist leaders.

A total of $191,000 bail, ranging from $1,000 to $20,000—was set late yesterday for the 16 arrested here. The Pittsburgh prisoner was held in $15,000 bail for removal to New York.

Fifteen of those arrested here, including four women, remained in jail overnight.

Charged With Conspiracy

The 21 are charged with criminal conspiracy to teach and advocate overthrow of the government by force and violence.

The indictment was the first mass prosecution of Communists since the June 4 Supreme Court ruling upholding constitutionality of the Smith Act, under which the eleven top Red leaders were convicted in 1949.

The 21 were indicted for allegedly taking part in the same conspiracy for which the eleven were convicted.

U. S. Attorney Irving H. Saypol indicated here yesterday there would be further prosecutions. The special Federal Grand Jury which indicted the 21 is continuing its work.

In addition, the 21 were accused of plotting to take the party underground to carry out the conspiracy in case of "emergency."

Sets June 29 as Date

Judge Samuel Kaufman set June 29 as the date for the defendants to plead to the indictment.

In Washington, Supreme Court Justice Robert H. Jackson was scheduled to hear arguments in behalf of the convicted eleven today. Free in bail, they are fighting for a stay of sentence pending an appeal to the Supreme Court to reconsider its decision on their case.

The government charged that those accused yesterday were to have taken charge of the Communist party when the eleven went to prison—ten of them for five years and one for three years.

The 21 named in the indictment could get sentences up to a maximum of five years in prison and fines of $10,000 upon conviction.

Late yesterday, Frederick Vanderbilt Field, left-wing millionaire, appeared at the U. S. attorney's office with $67,500 in Treasury bonds seeking to post $36,000 bail for four of those arrested, who were reported to be in ill health.

Field, secretary of the Bail Fund of the Civil Rights which the attorney general lists as a subversive group, was turned down.

The prosecutor's office said it wanted information on ownership of the bonds and other details.

A lawyer for the Communists said efforts would be made today to force the government to accept the bonds.

The only one of the 16 arrested here who was freed in bail was Israel Amter, 70 years old and victim of a shaking paralysis.

Wicks Says Work

Engineers and the New York State Flood Control Commission.

A reconnaissance of Esopus Creek watershed disclosed that there were about 30 localities in which damage occurred, the majority of which consisted of scattered road washouts or damages to individual properties. There were only 2 localities where it appeared that damages were sufficiently concentrated to warrant participation in local flood control projects by the Federal Government. These were Mt. Pleasant and at the northern outskirts of Kingston.

The flood problem at Mt. Pleasant involves the protection of some 22 homes and camps. The District and Division Engineers report that it is possible to enlarge the channel and improve its flood carrying capacity by clearing and removing snags in the stream. This work could properly fall within the authorities available to the Corps of Engineers under Section 13 of the 1946 Flood Control Act, provided the estimated cost is less than $50,000.

Although all of the Fiscal Year 1951 funds appropriated under this authority have already been committed consideration will be given to doing the work at Mt. Pleasant with Fiscal Year 1952 funds when available.

The problem at Kingston appears to be of somewhat greater extent and will require detailed study and investigation. Accordingly, it is proposed to investigate the possibility of recommending work in this area under general authorities available to the Corps of Engineers in accordance with Section 212 of the 1950 Flood Control Act. As you probably know, the above Act authorizes the Secretary of Army to allot funds for construction of small flood control projects not specifically authorized by Congress. The District Engineer in New York City has been asked to expedite this report on the investigation of the problem at Kingston.

Sincerely yours,
LEWIS A. PICK
Major General
Chief of Engineers

Priests Close Mission

Hong Kong, June 21 (AP)—Four Maryknoll priests entered Hong Kong last night from Communist China, marking the closure of one more Catholic mission. The priests were Fathers Joseph Regan of Massachusetts, Michael O'Connell of San Francisco, Francis Daubert of Philadelphia and Rudolph Kneur of Ozone Park, N. Y. They were confined by the Reds for seven months in the mission compound at Laipo, Kwangsi province. All four had applied for exit permits. Regan was jailed for six weeks before the permits were granted.

Although all of the Fiscal Year 1951 funds appropriated under this authority have already been committed consideration will be given to doing the work at Mt. Pleasant with Fiscal Year 1952 funds when available.

The problem at Kingston appears to be of somewhat greater extent and will require detailed study and investigation. Accordingly, it is proposed to investigate the possibility of recommending work in this area under general authorities available to the Corps of Engineers in accordance with Section 212 of the 1950 Flood Control Act. As you probably know, the above Act authorizes the Secretary of Army to allot funds for construction of small flood control projects not specifically authorized by Congress. The District Engineer in New York City has been asked to expedite this report on the investigation of the problem at Kingston.

Sincerely yours,
LEWIS A. PICK
Major General
Chief of Engineers

Priests Close Mission

Hong Kong, June 21 (AP)—Four Maryknoll priests entered Hong Kong last night from Communist China, marking the closure of one more Catholic mission. The priests were Fathers Joseph Regan of Massachusetts, Michael O'Connell of San Francisco, Francis Daubert of Philadelphia and Rudolph Kneur of Ozone Park, N. Y. They were confined by the Reds for seven months in the mission compound at Laipo, Kwangsi province. All four had applied for exit permits. Regan was jailed for six weeks before the permits were granted.

RESULT OF INDIVIDUAL EFFORTS

What can I do about it?

With a resigned air, many of us ask that question when we're confronted by a problem that seems too big and broad to feel the impact of a single individual's efforts.

Some may say it about crime in their local communities, some about war, others about signs of moral decay all the way from the family level to the national government.

When you look at it closely, this attitude really is out of place in a democracy like ours. It appears to assume that history is made only by the great, or at least, the powerful men. It suggests that the ordinary man contributes little to the stream of events that make up a nation's life.

But in truth this nation and its achievements are the sum of the individual efforts of everyone of us. Take away one man of character and ability and you have subtracted from the total on the credit side. Add one man of weak moral fiber and you have increased our liabilities.

In this view of history and national life, no man's energies are lost. What he does affects not merely his own welfare; it either advances or slows the progress of the nation. Taken together with those of all his fellows, these energies comprise the country's living fabric. And they form a bridge in time, carrying the national life from one era to the next.

Knowing this to be so, no man who has lived to the fullest of his capacities need feel he has lived in vain simply because he has not achieved fame, or even success as the world marks it. If it were not for him and every other man who has done as well, there would be nothing for the great men to lead, nothing to build upon.

To those who ask: "What can I do about it?" the answer is clear. It's this: plenty.

Maybe you're not the kind who organizes or joins committees bent on "getting something done." What of it? Your influence for good will still be felt if you live a personal life that does not contribute in any way to magnifying the problems you see about you.

You're distressed about crime in your city? All right, then don't do anything that will put a single penny in the pockets of the gangsters you'd like to be rid of.

You're upset at the evidence of moral decline? Okay, make sure first that you yourself are living by principles of fairness and honor in all your dealings. Then, try to lead your family down the same path. If you've done nothing more, you have thereby made certain that ONE family is observing sound moral standards.

We live in a troubled world that often gets us down. But things aren't hopeless, and never were. Any single one of us can make them better tomorrow, by adding substance to our own character and using the abilities we have.

THE FAITH TO REBUILD

In a South Korean village laid waste by the war, the people have already started to rebuild their mud-plastered, straw-thatched houses with United Nations aid. The United Nations Civil Assistance Command will supply the materials for such projects in Korea, and the people themselves will provide the elements which make homes of houses—faith and courage.

The aid that the UN may give to these people who lost their homes in the fight against Red aggression is well deserved. It will serve to let the world know that the free nations are bound together not only to resist aggression but also in a desire to help those who suffer in the fight. If it is true that the war in Korea is allowing the free world to gain time to get ready to meet any attack that may come from the aggressor, then such help is a duty.

The villagers who pick up the materials supplied by the UN and go to work to put up the buildings so recently leveled are giving answer to those who fear for the future of civilization. Putting up a house anywhere always an act which denotes a certain amount of faith in the world. Rebuilding one that has been brutally battered down is an act which says that faith has survived the battering. Men do not erect cathedrals alone as symbols of their great belief. Sometimes houses of mud and straw can be every bit as eloquent.

'These Days'

By GEORGE E. SOKOLSKY

THE CANADIAN PAPER CARTEL

American newspapers are being taxed by the Canadian paper industry which can charge any price it chooses for newsprint because it has developed into a government protected cartel. It has, without rime or reason, recently raised the price of newsprint nearly 10 per cent; the price is now $116 a ton.

In 1949, Canadian production of newsprint amounted to 102.2 per cent of capacity. It did better in 1950. Canada provided 80 per cent of the American consumption of newsprint. American newspapers not only have to compete against their own government which has become a huge consumer, but against ECA money, taken from the American taxpayer and distributed with prodigal lavishness. ECA money has brought increased European competition for the Canadian supply. Therefore, the Canadians upped the price, which may result in bankruptcy for smaller American newspapers.

I take the following from a circular released last year by Flood & Company, a Montreal stock broker, which specializes in newsprint stocks and issued this analysis to its customers:

"Of particular significance to the investor in Canadian newsprint securities is the fact that Canada is the only major source of newsprint supply for U. S. newspaper publishers. . . . U. S. production of newsprint represents only 16 per cent of U. S. requirements and there is nothing to suggest that U. S. newsprint capacity can or will be increased. In fact, in the past quarter century U. S. newsprint capacity has been reduced approximately 50 per cent."

The 18 Canadian companies are doing remarkably well and I am purposely using last year's data to show how well-heeled they were before the present increase. The greed of this cartel which controls a monopoly of a raw material essential for the United States is apparently boundless. A congressional committee might well investigate the control of essential American commodities by British cartels, particularly newsprint and rubber. Upping the prices of these commodities could be a way of increasing the process of siphoning money out of the United States. Take this picture:

"Just how far the industry has progressed since the end of 1940 in terms of company balance sheets may be visualized by the following financial facts:

"(A) Funded debt has been cut practically in half—from $281 millions to $154 millions.

"(B) Interest charges on this debt have been reduced even more—from approximately $15½ millions in 1940 to less than $6 millions in 1949, a reduction of 62 per cent. This has been due to debt retirement and refunding of debt to take advantage of more favorable interest rates.

"(C) Working capital of the companies reviewed has been built up—in round figures—from $100 millions to $250 millions in this nine year period. The ratio of current assets to current liabilities was a strong 3.84.1 at the end of 1949. . . .

"Profit and loss trends:

"An analysis of profit and loss statements for the major companies in Canada's largest manufacturing industry discloses:

"(A) Net profits have increased from less than $25 millions in 1940 to $113 millions in 1949—an increase of 325.2 per cent.

"(B) Dividends paid out to shareholders have increased from less than $11 millions in 1940 to more than $48 millions last year, an increase of 451.4 per cent.

"(C) Cash on hand increased in this period of time by 127.3 per cent from $50 millions to $115 millions, despite the growth in dividend pay-out."

These companies employ comparatively cheap labor in the Canadian woods. Some of them lease government lands which saves them the necessity of huge capital investments. So firm is the cartel that 18 companies produce 75 per cent of Canadian capacity.

Unfortunately, American newspapers cannot go on strike. They cannot obtain newsprint in the United States nor can they find adequate supplies in Finland or Sweden. Therefore, they have to pay whatever these Canadians want to charge and when they cannot afford to pay, they have to close down.

In spite of general assumptions to the contrary, newspapers are not very profitable enterprises. Newsprint costs, labor costs, distributive costs are enormously high in the United States and the margin of profit on the annual turnover does not compare with manufacturing enterprises. Therefore when a huge increase appears in any cost factor, some newspapers must fold, as the St. Louis Star-Times folded recently.

It is not good for the country for newspapers to disappear, for we need conflicting views, and competing efforts to obtain news, so that the people are protected against a biased distribution of facts. This certainly is a matter for Congressman Celler's or some other committee of the Congress.

ARTHRITIS AND THE MIRACLE DRUGS

In Public Affairs Pamphlet No. 166, entitled Arthritis and the Miracle Drugs, Alton L. Blakeslee, the noted science writer, in describing arthritis, states that there is pain and there is tragedy. As one woman with arthritis remarked, "No one dies of arthritis but oh, how they sometimes wish they could."

But there is hope. Never before has the outlook for victims of arthritis been so good, never before has there been so much that could be done to aid them. And rheumatism and arthritis are believed to be the oldest disease known to man.

We are more used to the word rheumatism than arthritis. Arthritis is a form of rheumatism; strictly, it means an inflammation of the joints. Rheumatism includes the various forms of arthritis, the commonest form of which is rheumatoid arthritis.

Rheumatoid arthritis usually starts in just one joints—hands, feet, knees, ankles, elbows, wrists—lasts for a certain period, then later bursts forth to stay for months or many years. In this type of arthritis there is a chronic inflammation of the connective tissues of a joint and adjoining muscles.

There are various theories as to the cause of arthritis—infection, too much starch food, nervous exhaustion, cold and dampness, emotional upsets.

Fortunately in 50 to 70 per cent of cases rheumatoid arthritis goes away by itself, within a few months to five years. Treatment is rest, good nourishing food and acetyl salicylic acid (aspirin) to relieve spasm and pain.

What about the miracle drugs—cortisone and ACTH? The effects of cortisone and ACTH is nothing short of miraculous but, like insulin for diabetes, the good effects in most cases last only as long as the drug is taken. These drugs are not only giving complete relief to arthritic sufferers but are giving beneficial effects in rheumatic fever, alcoholism, hay fever, gout and the skin ailments eczema and psoriasis.

Cortisone and ACTH have ushered in a new era in medicine.

All It Takes Is Courage

The Washington Merry-Go-Round

By DREW PEARSON

Washington—The ladies of the air force are getting more and more wrathy over Jacqueline Cochran's report that the WAFS aren't glamorous or shapely. Miss Cochran, who is the wife of Wall Street financier Floyd Odlum, but who operates a cosmetic business of her own, has submitted a confidential report to Air Force Chief Gen. Hoyt Vandenberg, describing the WAFS as "tattered," "bedraggled" and even "cross-eyed."

To say that this has the ladies of the air force in a hair-pulling mood is putting it mildly. They have retaliated by calling Miss Cochran "Stonewall Jacky," and even go so far as to suggest that since her husband, as head of Consolidated-Vultee, manufactures the B-36, Miss Cochran should not have been called into the air force even for consultation.

Stuart Symington, when secretary for air, was criticized by some navy men because he spent one night at the ranch of Floyd Odlum and Jacky Cochran. Navy men have claimed that orders for the B-36 came out of this visit. Now the irate WAFS are digging up the B-36 all over again.

A new shakeup in the WAFS has just taken place as a result of Miss Cochran's "glamor" report, and Miss Mary Jo Shelly of Bennington College, Vt., has replaced WAF commander, Col. Geraldine May, who opposed Miss Cochran's conclusions. However, the furor continues.

What Jacky Said

Miss Cochran came into the air force on temporary duty to advise General Vandenberg, and submitted her report from Lackland Air Base, Texas. Though Jacky's general conclusions leaked out and spread like wildfire among the WAFS, her report has never been published and only a few top WAFS have seen it. This column, however, has obtained a copy.

"It is estimated that about one-third of all the enlisted personnel that have been indoctrinated at Lackland are not fit material," she summed up bluntly. "I personally came across a WAF who was approximately 4 feet, 9 inches tall, and who admittedly weighed 134 pounds. This is far too much weight for the height, but what is even worse, she is very much out of proportion as to bodily profile, and in addition, she is cross-eyed.

"And I was informed that this type of error has been duplicated many times," she added in horror.

Miss Cochran's opinion of WAF officer candidates was no higher.

"I met and talked with approximately 30 O.C.S. trainees, and was certainly not impressed with their physical appearance or grooming," she reported. "In fact, three or four women in the group seemed out of balance, weight for height."

More "Bodily Profile"

Miss Cochran suggested that WAFS should be at least 61 inches tall, but not more than 72 inches. In order that they appear more ladylike, she also suggested abolishing the 30-inch marching step. But most important, she stressed "bodily profile."

"Whatever difference is allowed over or below the standard weight should be based upon the bone structure, the distribution of weight and the muscle tone of the applicant," she laid down the standards for shapeliness. ". . . stress should be given in recruiting literature to the physical profile required for applicants to the WAF."

Miss Cochran also insisted something must be done about WAF clothing.

"I have seen several hundred of the WAFS at Lackland, and they are the most tattered, bedraggled persons I have ever seen in the service," she complained. "The fatigue uniforms which were being worn by the trainees at Lackland were of at least six different varieties, and were exceedingly poor in appearance and unattractive. These WAFS are certainly anything but a credit to the Air Force in the present non-uniform clothing they are forced to wear."

In fact, Miss Cochran urged that "no further recruiting should be done of WAFS until adequate clothing not only in dress uniforms but in fatigue uniforms is procured."

"The WAFS should be equal to the best among the women's services," she pleaded. "It should be the aim to make them the best. But," she added sorrowfully, "they are not so now."

Miss Cochran suggested giving all women recruits a physical screening, then sending home at government expense those who failed to measure up to specifications.

"If the above is accepted," she argued, "it is believed that the Air Force will be able to cut down materially the misfits that are now getting into the program at the recruiting level."

Isolated Women

Miss Cochran was also horrified over the small number of Wafs assigned to some outposts.

"It is believed that to have one enlisted Waf assigned to Greenland to two to England is wrong," she advised, "just as it is wrong to send one Waf to a station like Douglas, Arizona, which just recently occurred. There were no facilities available, and the commanding officer was very much disturbed."

Stressing again that "bone structure, bodily profile, personal grooming and general deportment" should be taken into account "in order to get a smart-looking group," Miss Cochran wound up her report with the significant comment that "all of the air force generals whom I have consulted in the field approve my recommendations, herein contained, as minimums."

However, General Vandenberg lowered Miss Cochran's minimum slightly. For example, he thought 60 inches was tall enough for Wafs, instead of 61 inches. But he agreed that the Wafs should be more attractive, should also be more feminine and give up such men's jobs as mechanics, truck-drivers and grease monkeys.

Note—Before Miss Cochran left Lackland Field, she had the Wafs reporting for KP duty in neckties and skirts, and added a four-week course in grooming to their basic training.

Small-Business Filibuster

The late Huey Long, father of Louisiana's Sen. Russell Long, set one of the top records for a Senate filibuster. He talked for 15 hours, second only to the elder LaFollette's 18-hour filibuster against war with Germany.

Now young Senator Long has a filibuster which will win him the support of many senators. He plans to "talk at length" against the McCarran-Johnson "basing-point" bill which would overrule the Supreme Court and restore the "Pittsburgh Plus" cost system.

This is a system where certain industries, such as cement and steel, charge the same price no matter where their factories are located, and no matter what the cost of transportation.

When the Supreme Court ruled this out, McCarran of Nevada and Johnson of Colorado introduced legislation to overrule the court. On the other hand, the Senate champions of small business—Kefauver of Tennessee, Sparkman of Alabama, Douglas of Illinois and Humphrey of Minnesota — will vigorously support Russell Long.

Most Ingenious Lighting System in History

The Neolithic Hypogeum of Hal Salflieni, Malta, built 5000 years ago has the most ingenious lighting system known. The underground sanctuary, a series of caves cut in the stone rock, utilizes one ray of the sun at the opening and diffuses this single ray by means of highly polished stone walls, covered with an unknown luminous substance. These walls reflect and recast this single sunray, bouncing it off the polished walls until the whole sanctuary is illuminated. The hypogeum was discovered in 1903. Neolithic means "New Stone Age," hypogeum, underground.

MacArthur Will Visit and Address Various State Legislatures From Time to Time

By DAVID LAWRENCE

Washington, June 21—Encouraged by the amazing reception he received in Texas, General Douglas MacArthur has decided to accept invitations to address other state legislatures from time to time. He will next go to Boston in July to speak to the Massachusetts legislature and after that will probably go to Ohio. It is reported that he has received invitations from the leaders in nearly half the legislatures of the country who wish to make arrangements for visits.

The general is declining invitations from private organizations, preferring to speak only under the auspices of governmental bodies of states or cities. Although he will continue to live in New York city, he does not intend to accept any of the offers he has received to become identified with private business, but will devote his time entirely to working for the cause of good government to which he has dedicated himself.

So far as politics is concerned, although he is and always has been a Republican, he has no intention of becoming involved in political combat. He told callers the other day that he would hit just as hard against things that he believes to be wrong if a Republican administration happens to be in power as he has done against the Democratic administration. So far as candidacies are concerned, the general is represented as disturbed by the frequent references to him as a possible nominee for 1952, especially after his definite statement that he has no intention of going into politics. He does not understand why, when a soldier gives his word, it should be doubted.

This does not mean, however, that the MacArthur viewpoint will not be expressed regardless of which candidate or candidates his speeches happen to help or hurt. He feels that he has the right to give the American people from time to time his observations on world policies. His particular crusade doubtless will be against war as an instrument of national policy. His views on this, which were partly unfolded before the Senate committee, to the acclaim of both Republican and Democratic senators, received far less attention in the press than the statements he made about allegedly "expanding" the Korean war or "going it alone."

The general's view is that there must not be appeasement on the battlefield and that, once a nation engages in a war, it must use its maximum power to win, and that in the end this is a surer way of preventing the expansion of a war already begun than to give the impression of timidity and fear.

So far as the Senate hearings are concerned, it is apparent that the general does not believe the committee was able to get the whole story of what was happening in the Department of State, particularly with reference to the pressure from foreign governments.

Thus, there is more than a suspicion that the British government was the prime mover in bringing about the cleavage between the Department of State and the former Far East commander. The issues were not so much what was happening in the Korean war, but the refusal of General MacArthur to permit exploitation of Japan by British commercial interests. The true story of the kind of treaty with Japan that the British have sought—and particularly their opposition to a Japanese merchant marine—has never been revealed, and there are rumors about some interesting pressures from the British in Tokyo in which General MacArthur's friendly attitude toward the Japanese was the basis of deep-seated opposition by the British.

It is also known that General MacArthur felt up to the very time he was relieved that he had the wholehearted support of both the joint chiefs of staff and the President. He is represented as unwilling to accept the theory built up at the Senate hearings that there was some serious friction between him and Washington over policy matters. There are naturally differences always with a field commander on the complex subjects with which he has to deal, but the support which Washington gave General MacArthur, both through the officers who visited him and in writing, was always a source of satisfaction to him. For this reason, the general is inclined to credit as the basic cause for his removal the pressure of the British on the State Department—which weakened in the face of it—and also the Communist pressure inside other governments because they looked upon General MacArthur as a symbol of anti-communism in the Far East. These pressures would not have succeeded except for the build-up among the President's friends of the absurd idea that General MacArthur, by his letter to Representative Martin, was engaged in some kind of political conspiracy against the President. The general had received in Tokyo both Democratic and Republican members of Congress on their numerous visits there and had always expressed his views freely to them. He never dreamed that his casually written letter to Mr. Martin would cause the furor that it did.

The general is looking forward to his trips to various states in the near future. Contrary to some incomplete press dispatches on which several eastern radio commentators built their stories last week about small crowds in Texas, the newspapers in the cities in which the general visited show pictures of record-breaking street crowds. While only 25,000 persons attended the ceremonies at the large stadium in Houston, instead of the 75,000 for which there were seats available, one newspaper took a telephone poll that same evening and estimated, on the basis of its sampling, that the general was being seen on television by the largest number of persons in that area ever to witness a public event. One local newsman wrote that "it seemed that all of Harris county turned out for the general's parade" in Houston the previous day, and many of them didn't want to face the traffic on a sweltering night, with a storm threatening, to get to the stadium to hear a 14-minute speech that was being broadcast and televised.

The Dallas Morning News headlined on its front page an estimate of the crowd there at 400,000 and said that General MacArthur "rode in triumph to the most tumultuous reception this city has ever given a human being." The police chief in one Texas city said that no president, not even FDR, ever drew such crowds on the streets. It certainly doesn't seem as if the old soldier were "fading away."

RESULT OF INDIVIDUAL EFFORTS

What can I do about it?

With a resigned air, many of us ask that question when we're confronted by a problem that seems too big and broad to feel the impact of a single individual's efforts.

Some may say it about crime in their local communities, some about war, others about signs of moral decay all the way from the family level to the national government.

When you look at it closely, this attitude really is out of place in a democracy like ours. It appears to assume that history is made only by the great, or at least, the powerful men. It suggests that the ordinary man contributes little to the stream of events that make up a nation's life.

But in truth this nation and its achievements are the sum of the individual efforts of everyone of us. Take away one man of character and ability and you have subtracted from the total on the credit side. Add one man of weak moral fiber and you have increased our liabilities.

In this view of history and national life, no man's energies are lost. What he does affects not merely his own welfare: it either advances or slows the progress of the nation. Taken together with those of all his fellows, these energies comprise the country's living fabric. And they form a bridge in time, carrying the national life from one era to the next.

Knowing this to be so, no man who has lived to the fullest of his capacities need feel he has lived in vain simply because he has not achieved fame, or even success as the world marks it. If it were not for him and every other man who has done as well, there would be nothing for the great men to lead, nothing to build upon.

To those who ask: "What can I do about it?" the answer is clear. It's this: plenty.

Maybe you're not the kind who organizes or joins committees bent on "getting something done." What of it? Your influence for good will still be felt if you live a personal life that does not contribute in any way to magnifying the problems you see about you.

You're distressed about crime in your city? All right, then don't do anything that will put a single penny in the pockets of the gangsters you'd like to be rid of.

You're upset at the evidence of moral decline? Okay, make sure first that you yourself are living by principles of fairness and honor in all your dealings. Then, try to lead your family down the same path. If you've done nothing more, you have thereby made certain that ONE family is observing sound moral standards.

We live in a troubled world that often gets us down. But things aren't hopeless, and never were. Any single one of us can make them better tomorrow, by adding substance to our own character and using the abilities we have.

THE FAITH TO REBUILD

In a South Korean village laid waste by the war, the people have already started to rebuild their mud-plastered, straw-thatched houses with United Nations aid. The United Nations Civil Assistance Command will supply the materials for such projects in Korea, and the people themselves will provide the elements which make homes of houses—faith and courage.

The aid that the UN may give to these people who lost their homes in the fight against Red aggression is well deserved. It will serve to let the world know that the free nations are bound together not only to resist aggression but also in a desire to help those who suffer in the fight. If it is true that the war in Korea is allowing the free world to gain time to get ready to meet any attack that may come from the aggressor, then such help is a duty.

The villagers who pick up the materials supplied by the UN and go to work to put up the buildings so recently leveled are giving answer to those who fear for the future of civilization. Putting up a house anywhere is always an act which denotes a certain amount of faith in the world. Rebuilding one that has been brutally battered down is an act which says that faith has survived the battering. Men do not erect cathedrals alone as symbols of their great belief. Sometimes houses of mud and straw can be every bit as eloquent.

'These Days'

THE CANADIAN PAPER CARTEL

American newspapers are being taxed by the Canadian paper industry which can charge any price it chooses for newsprint because it has developed into a government protected cartel. It has, without rime or reason, recently raised the price of newsprint nearly 10 per cent; the price is now $116 a ton.

In 1949, Canadian production of newsprint amounted to 102.2 per cent of capacity. It did better in 1950. Canada provided 80 per cent of the American consumption of newsprint. American newspapers not only have to compete against their own government which has become a huge consumer, but against ECA money, taken from the American taxpayer and distributed with prodigal lavishness. ECA money has brought increased European competition for the Canadian supply. Therefore, the Canadians upped the price, which may result in bankruptcy for smaller American newspapers.

I take the following from a circular released last year by Flood & Company, a Montreal stock broker, which specializes in newsprint stocks and issued this analysis to its customers:

"Of particular significance to the investor in Canadian newsprint securities is the fact that Canada is the only major source of newsprint supply for U. S. newspaper publishers. . . . U. S. production of newsprint represents only 16 per cent of U. S. requirements and there is nothing to suggest that U. S. newsprint capacity can or will be increased. In fact, in the past quarter century U. S. newsprint capacity has been reduced approximately 50 per cent."

The 18 Canadian companies are doing remarkably well and I am purposely using last year's data to show how well-heeled they were before the present increase. The greed of this cartel which controls a monopoly of a raw material essential for the United States is apparently boundless. A congressional committee might well investigate the control of essential American commodities by British cartels, particularly newsprint and rubber. Upping the prices of these commodities could be a way of increasing the process of siphoning money out of the United States. Take this picture:

"Just how far the industry has progressed since the end of 1940 in terms of company balance sheets may be visualized by the following financial facts:

"(A) Funded debt has been cut practically in half—from $281 millions to $154 millions.

"(B) Interest charges on this debt have been reduced even more—from approximately $15½ millions in 1940 to less than $6 millions in 1949, a reduction of 62 per cent. This has been due to debt retirement and refunding of debt to take advantage of more favorable interest rates.

"(C) Working capital of the companies reviewed has been built up—in round figures—from $100 millions to $250 millions in this nine year period. The ratio of current assets to current liabilities was a strong 3.84.1 at the end of 1949. . . .

"Profit and loss trends:

"An analysis of profit and loss statements for the major companies in Canada's largest manufacturing industry discloses:

"(A) Net profits have increased from less than $25 millions in 1940 to $113 millions in 1949—an increase of 325.2 per cent.

"(B) Dividends paid out to shareholders have increased from less than $11 millions in 1940 to more than $48 millions last year, an increase of 451.4 per cent.

"(C) Cash on hand increased in this period of time by 127.3 per cent from $50 millions to $115 millions, despite the growth in dividend pay-out."

These companies employ comparatively cheap labor in the Canadian woods. Some of them lease government lands which saves them the necessity of huge capital investments. So firm is the cartel that 18 companies produce 75 per cent of Canadian capacity.

Unfortunately, American newspapers cannot go on strike. They cannot obtain newsprint in the United States nor can they find adequate supplies in Finland or Sweden. Therefore, they have to pay whatever these Canadians want to charge and when they cannot afford to pay, they have to close down.

In spite of general assumptions to the contrary, newspapers are not very profitable enterprises. Newsprint costs, labor costs, distributive costs are enormously high in the United States and the margin of profit on the annual turnover does not compare with manufacturing enterprises. Therefore when a huge increase appears in any cost factor, some newspapers must fold, as the St. Louis Star-Times folded recently.

It is not good for the country for newspapers to disappear, for we need conflicting views, and competing efforts to obtain news, so that the people are protected against a biased distribution of facts. This certainly is a matter for Congressman Celler's or some other committee of the Congress.

ARTHRITIS AND THE MIRACLE DRUGS

In Public Affairs Pamphlet No. 166, entitled Arthritis and the Miracle Drugs, Alton L. Blakeslee, the noted science writer, in describing arthritis, states that there is pain and there is tragedy. As one woman with arthritis remarked, "No one dies of arthritis but oh, how they sometimes wish they could."

But there is hope. Never before has the outlook for victims of arthritis been so good, never before has there been so much that could be done to aid them. And rheumatism and arthritis are believed to be the oldest disease known to man.

We are more used to the word rheumatism than arthritis. Arthritis is a form of rheumatism; strictly, it means an inflammation of the joints. Rheumatism includes the various forms of arthritis, the commonest form of which is rheumatoid arthritis.

Rheumatoid arthritis usually starts in just one joints—hands, feet, knees, ankles, elbows, wrists—lasts for a certain period, then later bursts forth to stay for months or many years. In this type of arthritis there is a chronic inflammation of the connective tissues of a joint and adjoining muscles.

There are various theories as to the cause of arthritis—infection, too much starch food, nervous exhaustion, cold and dampness, emotional upsets.

Fortunately in 50 to 70 per cent of cases rheumatoid arthritis goes away by itself, within a few months to five years. Treatment is rest, good nourishing food and acetyl salicylic acid (aspirin) to relieve spasm and pain.

What about the miracle drugs—cortisone and ACTH? The effects of cortisone and ACTH is nothing short of miraculous but, like insulin for diabetes, the good effects in most cases last only as long as the drug is taken. These drugs are not only giving complete relief to arthritic sufferers but are giving beneficial effects in rheumatic fever, alcoholism, hay fever, gout and the skin ailments eczema and psoriasis.

Cortisone and ACTH have ushered in a new era in medicine.

All It Takes Is Courage

The Washington Merry-Go-Round

By DREW PEARSON

Washington—The ladies of the air force are getting more and more wrathy over Jacqueline Cochran's report that the WAFS aren't glamorous or shapely. Miss Cochran, who is the wife of Wall Street financier Floyd Odlum, but who operates a cosmetic business of her own, has submitted a confidential report to Air Force Chief Gen. Hoyt Vandenberg, describing the WAFS as "tattered," "bedraggled" and even "cross-eyed."

To say that this has the ladies of the air force in a hair-pulling mood is putting it mildly. They have retaliated by calling Miss Cochran "Stonewall Jacky," and even go so far as to suggest that since her husband, as head of Consolidated-Vultee, manufactures the B-36, Miss Cochran should not have been called into the air force even for consultation.

Stuart Symington, when secretary for air, was criticized by some navy men because he spent one night at the ranch of Floyd Odlum and Jacky Cochran. Navy men have claimed that orders for the B-36 came out of this visit. Now the irate WAFS are digging up the B-36 all over again.

A new shakeup in the WAFS has just taken place as a result of Miss Cochran's "glamor" report, and Miss Mary Jo Shelly of Bennington College, Vt., has replaced WAF commander, Col. Geraldine May, who opposed Miss Cochran's conclusions. However, the furor continues.

What Jacky Said

Miss Cochran came into the air force on temporary duty to advise General Vandenberg, and submitted her report from Lackland Air Base, Texas. Though Jacky's general conclusions leaked out and spread like wildfire among the WAFS, her report has never been published and only a few top WAFS have seen it. This column, however, has obtained a copy.

"It is estimated that about one-third of all the enlisted personnel that have been indoctrinated at Lackland are not fit material," she summed up bluntly. "I personally came across a WAF who was approximately 4 feet, 9 inches tall, and who admittedly weighed 134 pounds. This is far too much weight for the height, but what is even worse, she is very much out of proportion as to bodily profile, and in addition, she is cross-eyed.

"And I was informed that this type of error has been duplicated many times," she added in horror.

Miss Cochran's opinion of WAF officer candidates was no higher.

"I met and talked with approximately 30 O.C.S. trainees, and was certainly not impressed with their physical appearance or grooming," she reported. "In fact, three or four women in the group seemed out of balance, weight for height."

More "Bodily Profile"

Miss Cochran suggested that WAFS should be at least 61 inches tall, but not more than 72 inches. In order that they appear more ladylike, she also suggested abolishing the 30-inch marching step. But most important, she stressed "bodily profile."

"Whatever difference is allowed over or below the standard weight should be based upon the bone structure, the distribution of weight and the muscle tone of the applicant," she laid down the standards for shapeliness. ". . . stress should be given in recruiting literature to the physical profile required for applicants to the WAF."

Miss Cochran also insisted something must be done about WAF clothing.

"I have seen several hundred of the WAFS at Lackland, and they are the most tattered, bedraggled persons I have ever seen in the service," she complained. "The fatigue uniforms which were being worn by the trainees at Lackland were of at least six different varieties, and were exceedingly poor in appearance and unattractive. These WAFS are certainly anything but a credit to the Air Force in the present non-uniform clothing they are forced to wear."

In fact, Miss Cochran urged that "no further recruiting should be done of WAFS until adequate clothing not only in dress uniforms but in fatigue uniforms is procured."

"The WAFS should be equal to the best among the women's services," she pleaded. "It should be the aim to make them the best. But," she added sorrowfully, "they are not so now."

Miss Cochran suggested giving all women recruits a physical screening, then sending home at government expense those who failed to measure up to specifications.

"If the above is accepted," she argued, "it is believed that the Air Force will be able to cut down materially the misfits that are now getting into the program at the recruiting level."

Isolated Women

Miss Cochran was also horrified over the small number of Wafs assigned to some outposts.

"It is believed that to have one enlisted Waf assigned to Greenland to two to England is wrong," she advised, "just as it is wrong to send one Waf to a station like Douglas, Arizona, which just recently occurred. There were no facilities available, and the commanding officer was very much disturbed."

Stressing again that "bone structure, bodily profile, personal grooming and general deportment" should be taken into account "in order to get a smart-looking group," Miss Cochran wound up her report with the significant comment that "all of the air force generals whom I have consulted in the field approve my recommendations, herein contained, as minimums."

However, General Vandenberg lowered Miss Cochran's minimum slightly. For example, he thought 60 inches was tall enough for Wafs, instead of 61 inches. But he agreed that the Wafs should be more attractive, should also be more feminine and give up such men's jobs as mechanics, truck-drivers and grease monkeys.

Note—Before Miss Cochran left Lackland Field, she had the Wafs reporting for KP duty in neckties and skirts, and added a four-week course in grooming to their basic training.

Small-Business Filibuster

The late Huey Long, father of Louisiana's Sen. Russell Long, set one of the top records for a Senate filibuster. He talked for 15 hours, second only to the elder LaFollette's 18-hour filibuster against war with Germany.

Now young Senator Long has a filibuster which will win him the support of many senators. He plans to "talk at length" against the McCarran-Johnson "basing-point" bill which would overrule the Supreme Court and restore the "Pittsburgh Plus" cost system.

This is a system where certain industries, such as cement and steel, charge the same price no matter where their factories are located, and no matter what the cost of transportation.

When the Supreme Court ruled this out, McCarran of Nevada and Johnson of Colorado introduced legislation to overrule the court. On the other hand, the Senate champions of small business—Kefauver of Tennessee, Sparkman of Alabama, Douglas of Illinois and Humphrey of Minnesota — will vigorously support Russell Long.

Most Ingenious Lighting System in History

The Neolithic Hypogeum of Hal Salflieni, Malta, built 5000 years ago has the most ingenious lighting system known. The underground sanctuary, a series of caves cut in the stone rock, utilizes one ray of the sun at the opening and diffuses this single ray by means of highly polished stone walls, covered with an unknown luminous substance. These walls reflect and recast this single sunray, bouncing it off the polished walls until the whole sanctuary is illuminated. The hypogeum was discovered in 1903. Neolithic means "New Stone Age," hypogeum, underground.

MacArthur Will Visit and Address Various State Legislatures From Time to Time

By DAVID LAWRENCE

Washington, June 21—Encouraged by the amazing reception he received in Texas, General Douglas MacArthur has decided to accept invitations to address other state legislatures from time to time. He will next go to Boston in July to speak to the Massachusetts legislature and after that will probably go to Ohio. It is reported that he has received invitations from the leaders in nearly half the legislatures of the country who wish to make arrangements for visits.

The general is declining invitations from private organizations, preferring to speak only under the auspices of governmental bodies of states or cities. Although he will continue to live in New York city, he does not intend to accept any of the offers he has received to become identified with private business, but will devote his time entirely to working for the cause of good government to which he has dedicated himself.

So far as politics is concerned, although he is and always has been a Republican, he has no intention of becoming involved in political combat. He told callers the other day that he would hit just as hard against things that he believes to be wrong if a Republican administration happens to be in power as he has done against the Democratic administration. So far as candidacies are concerned, the general is represented as disturbed by the frequent references to him as a possible nominee for 1952, especially after his definite statement that he has no intention of going into politics. He does not understand why, when a soldier gives his word, it should be doubted.

This does not mean, however, that the MacArthur viewpoint will not be expressed regardless of which candidate or candidates his speeches happen to help or hurt. He feels that he has the right to give the American people from time to time his observations on world policies. His particular crusade doubtless will be against war as an instrument of national policy. His views on this, which were partly unfolded before the Senate committee, to the acclaim of both Republican and Democratic senators, received far less attention in the press than the statements he made about allegedly "expanding" the Korean war or "going it alone."

The general's view is that there must not be appeasement on the battlefield and that, once a nation engages in a war, it must use its maximum power to win, and that in the end this is a surer way of preventing the expansion of a war already begun than to give the impression of timidity and fear.

So far as the Senate hearings are concerned, it is apparent that the general does not believe the committee was able to get the whole story of what was happening in the Department of State, particularly with reference to the pressure from foreign governments.

Thus, there is more than a suspicion that the British government was the prime mover in bringing about the cleavage between the Department of State and the former Far East commander. The issues were not so much what was happening in the Korean war, but the refusal of General MacArthur to permit exploitation of Japan by British commercial interests. The true story of the kind of treaty with Japan that the British have sought—and particularly their opposition to a Japanese merchant marine—has never been revealed, and there are rumors about some interesting pressures from the British in Tokyo in which General MacArthur's friendly attitude toward the Japanese was the basis of deep-seated opposition by the British.

It is also known that General MacArthur felt up to the very time he was relieved that he had the wholehearted support of both the joint chiefs of staff and the President. He is represented as unwilling to accept the theory built up at the Senate hearings that there was some serious friction between him and Washington over policy matters. There are naturally differences always with a field commander on the complex subjects with which he has to deal, but the support which Washington gave General MacArthur, both through the officers who visited him and in writing, was always a source of satisfaction to him. For this reason, the general is inclined to credit as the basic cause for his removal the pressure of the British on the State Department—which weakened in the face of it—and also the Communist pressure inside other governments because they looked upon General MacArthur as a symbol of anti-communism in the Far East. These pressures would not have succeeded except for the build-up among the President's friends of the absurd idea that General MacArthur, by his letter to Representative Martin, was engaged in some kind of political conspiracy against the President. The general had received in Tokyo both Democratic and Republican members of Congress on their numerous visits there and had always expressed his views freely to them. He never dreamed that his casually written letter to Mr. Martin would cause the furor that it did.

The general is looking forward to his trips to various states in the near future. Contrary to some incomplete press dispatches on which several eastern radio commentators built their stories last week about small crowds in Texas, the newspapers in the cities in which the general visited show pictures of record-breaking street crowds. While only 25,000 persons attended the ceremonies at the large stadium in Houston, instead of the 75,000 for which there were seats available, one newspaper took a telephone poll that same evening and estimated, on the basis of its sampling, that the general was being seen on television by the largest number of persons in that area ever to witness a public event. One local newsman wrote that "it seemed that all of Harris county turned out for the general's parade" in Houston the previous day, and many of them didn't want to face the traffic on a sweltering night, with a storm threatening, to get to the stadium to hear a 14-minute speech that was being broadcast and televised.

The Dallas Morning News headlined on its front page an estimate of the crowd there at 400,000 and said that General MacArthur "rode in triumph to the most tumultuous reception this city has ever given a human being." The police chief in one Texas city said that no president, not even FDR, ever drew such crowds on the streets. It certainly doesn't seem as if the old soldier were "fading away."

Weekly Food Review

(By The Associated Press)

Retail beef supplies were well below normal in most sections of the country this week. But so was consumer demand.

Several major meat retailers said that even with their beef stocks down to as little as 40 per cent of normal, they had enough because their customers were concentrating on other foods to avoid paying present high beef prices.

"A lot of us thought a couple of weeks ago that our counters would be bare of beef by now," said a spokesman for a New York store chain. "If demand had stayed up to par that might have happened. As it is, we expect to get through the week all right, and expect a pick-up in beef supplies next week because more livestock is going to market."

At Detroit, a major chain trimmed the price of sirloin five cents a pound, and in several cities the higher-priced cuts of beef were still selling below the legal ceilings.

Chickens Are Higher

Meantime, the switch in demand to cheaper foods was reflected in a price boost of two to four cents a pound for frying and broiling chickens in several large marketing areas. A spokesman for the A & P food chain said its sales of poultry had climbed sharply in the past two weeks. Pork, lamb and veal prices held about unchanged at the highs permitted under the general price freeze.

Top grade eggs were up one to two cents a dozen in most cities. This partly reflected brisk demand for eggs as a meat substitute, but also followed a seasonal pattern. Hot weather makes eggs harder to keep and reduces the number of top grade quality. Other grades advanced less.

Lower Prices for Vegetables

The abundance of fresh fruits and vegetables from nearby gardens, competing with shipments from distant commercial growing areas, showed up in lower prices for a long list of produce items this week. Cabbage, snap beans, golden heart celery, lettuce, squash and raspberries were in this category.

Also lower than last week-end: Beets, cantaloupes, honeyball and honeydew melons, cauliflower, cucumbers, peaches, new potatoes, tomatoes and watermelons.

Only carrots and better quality strawberries appeared to be generally a little higher.

Scattered price cuts on coffee, ranging as much as 10 cents a pound in retail stores, were reported this week. Warm weather has reduced consumer buying somewhat, imports have been heavy in recent months, and stocks in the hands of coffee roasters are reported large.

Wholesale food prices, as measured by the Dun & Bradstreet food index, held unchanged this week at an average level 18.6 per cent above the year-ago week—which was the one just preceding the outbreak of the Korean war. After easing for four weeks in a row, the index held at $7.07 compared with $5.97 a year ago. It represents the total wholesale cost of a pound each of 31 foods in general use.

The Crucial Question

Rotary Welcomes Two New Members

Edward K. Lefren of the Hercules Powder Company and John R. Barton of the Universal Road Machine Company were formally inducted into the Kingston Rotary Club Wednesday. Joseph J. Morgan in welcoming the new members outlined the objects of Rotary.

The two new Rotarians gave brief accounts of the highlights in their lives and described the operations and scope of their respective businesses.

Members of the Colonial baseball team were present at the luncheon and were introduced by Frederick J. K. Ertel, baseball club president.

Following the luncheon-meeting movies were taken of the members leaving the Stuyvesant Hotel. Documentary films of the historic places in the city, the service clubs and the schools are being taken as part of the film, "Your Home Town," which will be presented at the Sunset Park Theatre in the near future.

JACOBY ON BRIDGE

Slick Bridge Is Not A Guessing Game

BY OSWALD JACOBY
Written for NEA Service

"You're a crook and a lowlife," said West sadly as South caught his singleton king of trumps. South grinned cheerfully, for West was just expressing his disappointment that South had not tried the trump finesse.

Actually, declarer had not peeked and he had not made a miraculous guess. He had merely made the right play. Let's start from the beginning and see why his play was right.

West opened the nine of clubs, and East continued the suit until South ruffed the third round. South then laid down the ace of spades, dropping West's singleton king.

The contract was now home, of course. South drew one more round of trumps and eventually gave up a diamond trick, making his game with ease.

South did not know that the king of spades was going to drop. He was, however, quite safe even if East had started the hand with king-small of spades.

For example, if the ace of spades caught only low trumps, South would try the ace and king of hearts. If the jack dropped, South could cash the ten of hearts and could later discard a diamond on dummy's queen of hearts.

If the jack of hearts failed to drop, South could lead to the queen of hearts, trying for a 3-3 break in that suit. If that didn't turn up, South could ruff dummy's last heart and lead a trump to the enemy's king.

If East had the king of spades, he would then be forced to lead a diamond, giving dummy a free finesse. (Any other return would allow dummy to ruff while South discarded his losing diamond.) In short, the contract was unbeatable if East had the king and one other spade.

What if West had the king of spades? If it happened to be singleton, South's play would catch it. If it were doubleton, a spade finesse would lose anyway.

South would have been set if he had tried the spade finesse. He would have lost a trump trick, and then sooner or later he would have to give up a diamond trick.

Weekly Food Review

(By The Associated Press)

Retail beef supplies were well below normal in most sections of the country this week. But so was consumer demand.

Several major meat retailers said that even with their beef stocks down to as little as 40 per cent of normal, they had enough because their customers were concentrating on other foods to avoid paying present high beef prices.

"A lot of us thought a couple of weeks ago that our counters would be bare of beef by now," said a spokesman for a New York store chain. "If demand had stayed up to par that might have happened. As it is, we expect to get through the week all right, and expect a pick-up in beef supplies next week because more livestock is going to market."

At Detroit, a major chain trimmed the price of sirloin five cents a pound, and in several cities the higher-priced cuts of beef were still selling below the legal ceilings.

Chickens Are Higher

Meantime, the switch in demand to cheaper foods was reflected in a price boost of two to four cents a pound for frying and broiling chickens in several large marketing areas. A spokesman for the A & P food chain said its sales of poultry had climbed sharply in the past two weeks. Pork, lamb and veal prices held about unchanged at the highs permitted under the general price freeze.

Top grade eggs were up one to two cents a dozen in most cities. This partly reflected brisk demand for eggs as a meat substitute, but also followed a seasonal pattern. Hot weather makes eggs harder to keep and reduces the number of top grade quality. Other grades advanced less.

Lower Prices for Vegetables

The abundance of fresh fruits and vegetables from nearby gardens, competing with shipments from distant commercial growing areas, showed up in lower prices for a long list of produce items this week. Cabbage, snap beans, golden heart celery, lettuce, squash and raspberries were in this category.

Also lower than last week-end: Beets, cantaloupes, honeyball and honeydew melons, cauliflower, cucumbers, peaches, new potatoes, tomatoes and watermelons.

Only carrots and better quality strawberries appeared to be generally a little higher.

Scattered price cuts on coffee, ranging as much as 10 cents a pound in retail stores, were reported this week. Warm weather has reduced consumer buying somewhat, imports have been heavy in recent months, and stocks in the hands of coffee roasters are reported large.

Wholesale food prices, as measured by the Dun & Bradstreet food index, held unchanged this week at an average level 18.6 per cent above the year-ago week—which was the one just preceding the outbreak of the Korean war. After easing for four weeks in a row, the index held at $7.07 compared with $5.97 a year ago. It represents the total wholesale cost of a pound each of 31 foods in general use.

The Crucial Question

Carlsbad, N. M. (AP)—Thousands of people pour into this southern New Mexico city every year to see the wonders of the famed Carlsbad Caverns. They keep guides hopping to answer their questions. The other day, someone decided to find out what question was asked most. It was: "Where are the rest rooms?"

JACOBY ON BRIDGE

Slick Bridge Is Not A Guessing Game

BY OSWALD JACOBY
Written for NEA Service

"You're a crook and a lowlife," said West sadly as South caught his singleton king of trumps. South grinned cheerfully, for West was just expressing his disappointment that South had not tried the trump finesse.

Actually, declarer had not peeked and he had not made a miraculous guess. He had merely made the right play. Let's start from the beginning and see why his play was right.

West opened the nine of clubs, and East continued the suit until South ruffed the third round. South then laid down the ace of spades, dropping West's singleton king.

The contract was now home, of course. South drew one more round of trumps and eventually gave up a diamond trick, making his game with ease.

South did not know that the king of spades was going to drop. He was, however, quite safe even if East had started the hand with king-small of spades.

For example, if the ace of spades caught only low trumps, South would try the ace and king of hearts. If the jack dropped, South could cash the ten of hearts and could later discard a diamond on dummy's queen of hearts.

If the jack of hearts failed to drop, South could lead to the queen of hearts, trying for a 3-3 break in that suit. If that didn't turn up, South could ruff dummy's last heart and lead a trump to the enemy's king.

If East had the king of spades, he would then be forced to lead a diamond, giving dummy a free finesse. (Any other return would allow dummy to ruff while South discarded his losing diamond.) In short, the contract was unbeatable if East had the king and one other spade.

What if West had the king of spades? If it happened to be singleton, South's play would catch it. If it were doubleton, a spade finesse would lose anyway.

South would have been set if he had tried the spade finesse. He would have lost a trump trick, and then sooner or later he would have to give up a diamond trick.

Geological Walk

Madison, Wis. (AP)—Twenty-six college students under the direction of Prof. L. R. Laudon of the University of Wisconsin are tramping over the Rocky Mountains in Montana this summer. Object: geology research. To reach their base at the foot of Pentagon mountain, they will have to walk 35 miles from the nearest road.

Rotary Welcomes Two New Members

Edward K. Lefren of the Hercules Powder Company and John R. Barton of the Universal Road Machine Company were formally inducted into the Kingston Rotary Club Wednesday. Joseph J. Morgan in welcoming the new members outlined the objects of Rotary.

The two new Rotarians gave brief accounts of the highlights in their lives and described the operations and scope of their respective businesses.

Members of the Colonial baseball team were present at the luncheon and were introduced by Frederick J. K. Ertel, baseball club president.

Following the luncheon-meeting movies were taken of the members leaving the Stuyvesant Hotel. Documentary films of the historic places in the city, the service clubs and the schools are being taken as part of the film, "Your Home Town," which will be presented at the Sunset Park Theatre in the near future.

Washington, June 21 (AP)—The Senate yesterday confirmed the nomination of John F. Harrison to be postmaster at Port Jervis, N. Y.

Ducks Show Decrease

Vancouver, B. C. (AP)—Two wildlife experts have finished an aerial nose-count of the ducks and geese population in British Columbia. The final tabulation is expected to show a decrease. The count was made by Bob Smith, Pacific Flyway biologist for the U. S. Fish and Wildlife Service, and Dave Munro, Vancouver game expert with the Canadian Wildlife Service.

Ozone for the Home

New York (AP)—Researchers at General Electric laboratories say they have produced a device that creates ozone as though it were being released from a bottle. The new gadget is said to enable housewives to produce in their homes the same fresh, clean effect noted in the atmosphere after a thunderstorm.

LEIBHARDT

Leibhardt, June 20—Mrs. Crose, teacher and her pupils, enjoyed a trip to the Catskill Game Farm last Friday. A picnic also was held.

Mr. and Mrs. Melvin Gray of Wallkill spent Sunday with their niece and husband, Mr. and Mrs. Ernest B. Markle.

James Moore, caretaker at Shady Rest, is enjoying his vacation.

Mrs. Leslie Quick is reported to be ill.

Mrs. Lina Lounsbury of Cherrytown, who was a patient at the Veteran's Memorial Hospital, Ellenville, returned to her home Saturday.

Fred Dobler of Long Island is spending a few days at the homestead here.

Mr. and Mrs. E. B. Markle were recent callers at the Brown home in Samsonville.

Pvt. Chester Quick, Jr., of Virginia, has been on leave visiting his parents, Mr. and Mrs. Chester Quick.

Mr. and Mrs. Chauncey Vandermark of Beacon called on Sunday on the latter's sister, Mrs. Lina Lounsbury.

Special Area Meeting Planned on Materials

Manufacturers and others affected by the controlled materials plan of the National Production Authority are invited to a special area meeting in Poughkeepsie June 27 to gain first hand operational knowledge of the plan.

The Kingston Chamber of Commerce and the U. S. Department of Commerce, as well as other area Chambers of Commerce are cooperating to bring this information to affected users of strategic and controlled materials.

The meeting will be held in the auditorium of the Governor Clinton public school, 104 Montgomery street, Poughkeepsie, starting at 10 a. m. June 27.

Similar meetings are being held in Buffalo, Rochester and Albany. Lawrence J. MacAvery, president of the Kingston Chamber of Commerce, urges attendance by all users of steel, copper and aluminum as well as other controlled materials. If anyone is interested in obtaining transportation to the meeting it is suggested that the Chamber of Commerce office in the Governor Clinton Hotel be contacted.

Prefer Foreign Broadcasts

Brussels (AP) — Belgians prefer foreign, commercially-sponsored radio programs to their own government-controlled radio. A recent survey by an opinion-testing organization showed that the most popular station with Belgians is Radio Luxembourg. This station broadcasts exclusively commercially sponsored programs in French, Flemish and English.

Plans Discussed By Concert Group

Woodstock, June 21—The Maverick Sunday Concerts committee met Wednesday afternoon at the home of Dr. Hans C. Cohn to discuss plans for the 36th annual series of summer concerts.

It was announced that the first concert of the season will be given on Sunday, July 8, at 4 p. m., at which time works by Brahms and Faure will be played, at the Maverick Concert Hall.

Composed of a series of ten concerts the series will continue through September 9. Various musicians have been invited to participate.

Tickets may be purchased for the series, or in blocks of ten at the same rate, or by the single admission. The tickets in the blocks of ten will not be designated for any one concert and any number may be used concurrently for the convenience of patrons wishing to bring guests.

Programs for the concerts have been planned for the month of July and will be announced in the near future. Miss Barbara Kroll will be in charge of publicity for the committee.

Mrs. Emmet Edwards, who will again serve as chairman for the concerts, will be assisted by the following members of the committee: Mrs. Ethel F. Boggs, Mrs. Helen Buttrick, Mrs. Houston Richards (Inez Carroll), Dr. and Mrs. Hans J. Cohn, Mrs. Adolph Heckeroth, Pierre Henrotte, Miss Priscilla Kennaday, Mrs. Margaret R. Kenyon and Miss Elsa Kimball.

Tickets may be obtained from committee members or at the box office on the day of the concerts.

Meeting Will Be Held

Woodstock, June 21—The annual meeting of stockholders of the Artists' Realty Company, owners of the Woodstock Art Gallery, will be held on Friday, June 22, at 8 p. m. at the gallery. All members of the organization are urged to attend.

Will Hold Festival

Woodstock, June 21—A strawberry festival will be held on the grounds of the Lutheran Church on Saturday, June 23, beginning at 5:30 p. m. A cafeteria supper will be served.

Will Serve Tea

Woodstock, June 21—Tea will be served throughout the summer on the terrace of the Woodstock Guild of Craftsmen beginning June 22, from 3:30 to 5:30 p. m. from Monday through Friday.

Village Notes

Woodstock, June 21 — Sidney Berkowitz will arrive at his home on the Ohayo mountain, this week-end to spend 10 days.

Caleb Bevans, son of the late Hervey White, has arrived to spend a few weeks at the Maverick. Bevans, formerly a professor at the University of Chicago, has been teaching at El Paso, Texas.

Mr. and Mrs. William Pachner and family left today for a trip to Iowa.

Mr. and Mrs. William Pierpoint returned from Cincinnati Tuesday.

Fred Gross will leave on Friday on a 10-day trip to New York and New Jersey.

Madison Cumnock of New York will arrive here at the end of June for a two-weeks stay and will paint while he is in the village.

Body Is Found

Freeport, N. Y., June 21 (AP)—The body of eight-year-old Robert Richartz, sought since Saturday by hundreds of volunteers and soldiers, was found yesterday in a canal. The youngster disappeared from his Merrick home near here. His body was found in the Bay Canal, near the wreckage of an old boat, by a couple cruising in a motor launch. Police said there were no apparent marks of violence on the body, and that death presumably was caused by drowning. But they added that further examination will be made.

The education of boys and girls together in the same classes is a comparatively recent practice.

This is the latest importation—a baby elephant from Siam, named "Bonnie" which now roams happily loose like all the other tame animals at the Catskill Game Farm in Catskill, N. Y. The children have a grand time.

Girl, 14, Has Child: Drops It 15 Feet

New York, June 21 (AP)—A 14-year-old girl gave birth to a son in the bathroom of her apartment early today, then threw the infant out the window to a roof 15 feet below, police reported.

Police found the child after the mother had been taken to a hospital. He was put in an oxygen tent and later was reported doing well.

Police said Ruth Piculich gave birth to the child at 4 a. m. She was found a short time later by her mother, Mrs. June Piculich, and sent to a hospital in an ambulance.

At the hospital she announced she had thrown the baby out the window.

Police said the young mother will be turned over to the Juvenile Aid Bureau.

Bonds to Stop Inflation

Singapore (AP)—The government of this British crown colony is planning to issue $50,000,000 worth of premium bonds in an effort to halt inflation. The acting financial secretary said the bonds would be free of income tax with repayment to be completed in 10 years.

Muscle-Building Pays Off

Santa Ana, Calif. (AP) — That wrestling course James A. Key, 46, took at a local gymnasium paid off. His car was rammed in the rear by another. The other driver didn't stop. Key gave chase, caught the other man at the next intersection and had him pinned to the ground with a "Boston crab hold" when police arrived.

GARDINER

Gardiner, June 21—David Van Strien of Passaic, N. J., was a week-end guest of his parents, the Rev. and Mrs. John Van Strien.

Mrs. William Reynolds of Walden was a Sunday guest of her son-in-law and daughter, Mr. and Mrs. Harold Marks.

Mr. and Mrs. Daniel O'Neil and two daughters of Luzerne were week-end guests of his mother, Mrs. Anna O'Neil.

Mr. and Mrs. John Miller and son of Poughkeepsie, Mr. and Mrs. Charles George and two children of Rosendale and Mrs. Harold Hendrickson and son of New York were Sunday guests of Mr. and Mrs. James George.

Miss Anna Scrivens of Theills spent last week with her sister, Miss Carrie Scrivens.

Mr. and Mrs. William Wood of Washingtonville were Sunday guests of Mr. Wood's mother, Mrs. William Wood.

Mr. and Mrs. Joseph Weiss of Kingston were Sunday guests of their aunts, the Misses Mary and Jennie Elting.

Miss Dorothy DuBois of New York spent the week-end with her uncle, Robert Clinton.

Mrs. Roy Every, Mrs. Lawson Upright, Mrs. Lewis Denton and Mrs. George Bowers spent Thursday in Poughkeepsie.

Mr. and Mrs. Henry Klein and daughter of Plattekill, William Franks and sons, Harley and Minard of Arena, Mr. and Mrs. Fred Franks and daughter and Mr. and Mrs. Ransom Freer, Sr., Gardiner, were Sunday guests of Mr. and Mrs. Ransom Freer, Jr.

James George, who has been the local postmaster for 18 years, has resigned and Philip Donanue has been appointed to replace him. Mr. George has been appointed to replace David Wiese who resigned as rural mail carrier.

The Forest Glen Home Bureau will hold its annual luncheon at the home of Mrs. Sophie Jamiolowski Thursday, June 28, at 1 p. m. Each member is asked to bring a table setting.

The Holy Name Societies of St. Charles and St. Joseph's Churches held their annual communion breakfast at the Ireland Corners Hotel Sunday morning. The Rev. George McKinney of the Wallkill Medium Security Prison was the guest speaker. Seventy men attended.

A food sale will be held on the Jayne's lawn by the Reformed Church school June 30 at 2:30 p.m.

The Ladies' Aid picnic which was to have been held at the home of Mrs. C. D. Whittemore was held at the church hall due to inclement weather. Thirty-one members and friends attended. A covered dish luncheon was enjoyed. In the afternoon, the business meeting was held at which time the following committees were appointed for the annual church fair to be held July 26: Supper—Mrs. F. Agor, Mrs. M. Dittman, Mrs. M. Wells, Mrs. C. Coddington, Mrs. C. Dommeries, Mrs. F. Petersen, Mrs. D. C. Whittemore, Mrs. Ivan Ostrander and Mrs. Raymond DuBois; food booth — Mrs. C. Rhinehart, Mrs. James George, Mrs. May Gibbs and Mrs. John Hoffman; fancy booth — the Dutch Circle; children's booth—the Sunday school.

An interesting program was given at the Children's Day service Sunday. The church was beautifully decorated. At the service, Martha Louise, infant daughter of Mr. and Mrs. Allan Crispell, was baptized. On behalf of the Youth Fellowship, Miss Elizabeth Dittman, president, presented the church with a check to be added to the painting fund. Carl Dommeries, on behalf of the church, accepted the gift.

Man Buys Packages; Greeks to Get Surprises

Buffalo, N. Y., June 21 (AP)—Some of the people in Greece are going to learn about the many odd things Americans leave on buses.

George Marvaganis paid $42 yesterday for several tons of unopened packages at the Niagara Frontier Transit Corporation's auction of unclaimed items left on its buses.

Marvaganis said he's sending the items unopened to Greek relief.

The Greeks are in for some surprises.

Earlier bidders got such items as crutches, eye glasses, a violin, liver pills and cap pistols. And, oh yes, the inevitable umbrellas.

State Ban Fails To Halt Schools Planning Services

Albany, N. Y., June 21 (AP)—Some public schools across the state are going ahead with religious baccalaureate services in school buildings despite a state ban.

Others, however, changed their baccalaureate plans after the state education commissioner, Dr. Lewis A. Wilson, ruled last week that essentially religious baccalaureates in public school buildings violated the state constitutional ban on "teaching of a religious tenet" in public schools.

Most baccalaureates, he added, are essentially religious.

Won't Halt Programs

But, no action will be taken to halt such services, unless formal complaints are received, an education department spokesman said.

The commissioner's ruling came after an appeal by a Roman Catholic priest in the town of Somers, Westchester county. The Rev. Msgr. Edward V. Dargin contended that a proposed service in the school auditorium would be "contrary to the religious teachings and tenets of the Catholic members of the graduating class."

Most schools planning baccalaureates have scheduled them for Sunday. A few, however, have been held already.

Some school officials, in announcing plans to proceed with programs as outlined, said Wilson's ruling had been received too late to permit changes.

Twenty schools in Syracuse have scheduled baccalaureats, David H. Patton, superintendent of schools, said. He added that he supposed most of them would have a "religious tinge."

In Corning, the Rev. Earl Winters, a Methodist pastor, said his address in the school auditorium would have "religious implications," but, he added that it had been approved by Catholic clergymen and other religious groups. A committee of ministers is sponsoring the program.

Theme Is Changed

After Wilson's ruling, the subject of the baccalaureate address to be given in Hornall was changed—but not the title, "Suckers or Fishermen?" Dr. Harold Reed, pastor of the First Baptist Church, said he had planned to use a religious theme but, when informed of the ruling, changed to a general address, with the same title.

The baccalaureate at Liberty, in Sullivan county, was canceled.

However, essentially religious services will be held in school buildings in five other Sullivan county communities—Monticello, Roscoe, Callicoon, Livingston Manor and Jeffersonville.

At Eldred and Narrowsburg, also in Sullivan county, services are scheduled for churches.

In Gorham, an Ontario county community of about 2,300, the service was transferred from the school auditorium to the Methodist Church. It would be inconsistent to teach good citizenship and then violate the state constitution, Principal M. Hyatt said in announcing the change.

At the Rome Free Academy, the Rev. Aubrey R. Seiter, a Catholic priest will give the baccalaureate address. He said his remarks would not be of a religious nature.

The high school baccalaureate service in Lockport will be held in the Methodist Church. It is sponsored by the Lockport Ministerial Association.

In Elmira, a group of Protestant churches on the South Side have invited members of high school graduating classes to attend a union baccalaureate service Sunday in the Southside Baptist Church.

A non-denominational service will be held that day at Elmira Heights. Both Catholic and Protestant clergymen will participate. A Catholic priest will deliver the address at Horseheads Central School.

Albany and Buffalo schools have no problem. They don't hold baccalaureates.

Citrus Junior College is in Azusa, Calif.

Methodists Hold Stewards' Meeting

The 64th annual meeting of the District Stewards of the Kingston District of the Methodist Church was held this week at the Methodist Church, Margaretville, with the Rev. Burton F. Tarr, district superintendent, presiding. The Rev. Eugene L. Crabb was host pastor.

Over 200 ministers and laymen heard Dr. William Lloyd Imes, director of social education for the New York State Council of Churches, say that the major problem facing Christians today was that of helping God to transform our un-Christian civilization. Taking as his text Paul's words to the Romans "Be not conformed to this world, but be ye transformed," Dr. Imes illustrated from contemporary newspaper headlines the need for transformation if our society is to endure. "To conform to the present order of things," he said, "is to choose disaster and death. To transform it in accordance with the will of God is life and salvation. Modern man faces the choice of which it shall be."

Delegates to the conference reviewed plans already under way to strengthen Kingdom causes on the District and throughout the world. The Rev. K. B. Truran of Hobart and Ivan Gossoo of Kingston presented youth work; Dr. R. M. Houston of Kingston spoke on "The Advance For Christ and His Church;" Mrs. E. L. Crabb presented the work of the Woman's Society of Christian Service, and the Rev. H. D. McGrath, executive secretary of the New York Conference Board of Education, reminded the delegates of the opportunities available during the summer for service and training.

A budget of $8,110, an increase of $898 over last year's, was adopted by the District Stewards for carrying on the work of the Kingston District during the coming year.

Words of appreciation were spoken for the able and forward looking leadership given by Dr. Tarr, during his six years on the district. Dr. Tarr will return to the pastorate next spring, having completed the term allotted by the discipline for service as district superintendent.

Brems Is Sentenced

New City, N. Y., June 21 (AP)—James N. Brems, who had served 20 years as police justice in Haverstraw, N. Y., was sentenced yesterday by Rockland County Judge Herbert E. Henion to one year in jail and a fine of $250 after being convicted of 11 out of 12 misdemeanor counts. The jail sentence was suspended, however, and the former judge was placed on probation for a year. The charges were based on the former judge's alleged delinquency in reporting and paying fines to the New York state controller.

Nine Are Booked

New York, June 21 (AP)—Plainclothes patrolmen raided a furnished room at 1358 Stebbins avenue, the Bronx, this morning and booked the nine persons they found there on narcotics charges. Assistant District Attorney Thomas Hughes said Adolphus Giles, 30, and Zelda Jessup, 34, were running a "shooting gallery" in the room in which they lived together. "Shooting gallery" is underworld terminology for a place where hypodermic shots of narcotics are administered. Found in the room with Giles and Mrs. Jessup were seven persons described by police as customers. All nine are Negroes.

New Congo Maps

Leopoldville (Belgian Congo) (AP)—Belgium will spend $14,000,000 mapping its vast colony in Africa, the Congo, during the next 10 years. This will principally be done by aerial photography. Unless new methods are discovered authorities do not expect the task to be completed before the year 2011.

Federation Backs HST

Buffalo, N. Y., June 21 (AP)—The State Federation of Labor is on record in support of President Harry S. Truman and his administration. Delegates to the 88th annual meeting unanimously passed a resolution yesterday pledging the SFL's support to the Truman administration. At Tuesday's meeting the federation voted to name Governor Dewey "an outstanding enemy of labor."

Herman Grell

The funeral services of the late Herman Grell were held from the M. A. Galietta funeral home Tuesday at 2 p. m. with the Rev. David C. Gaise, pastor of the Evangelical Lutheran Church of the Redeemer, officiating. During the time the body reposed at the funeral home many friends and relatives visited the funeral home and extended condolence and sympathy to the bereaved family. Burial was in Rosendale Plains Cemetery.

Miss Anna Brink

Miss Anna Brink, 90, formerly of New York and for the past nine years a resident of Mt. Vernon, died there June 20 after a long illness. She was the daughter of the late Jacob and Jane Brink, formerly of this city. Miss Brink is survived by four cousins, Oliver and Walter Van Steenburgh, Kingston; Mrs. Harry Newman and Mrs. Charles Smith, Mt. Vernon. Services will be held at the parlors of A. Carr & Son, 1 Pearl street, Saturday at 3 p. m. The Rev. Arthur E. Oudemool, pastor of the Old First Reformed Church, will officiate. Burial will be in Wiltwyck Cemetery.

Elkana Ostrander

Elkana Ostrander, 79, of Gardiner, died Wednesday at the Ulster County Infirmary following a short illness. He was born in Gardiner the son of the late James and Elizabeth Sparks Ostrander and had resided in that community his entire life. Mr. Ostrander was a retired farmer. His wife, the former Alice Finn, died in 1948. Mr. Ostrander was a member of the Gardiner Reformed Church. He is survived by three nieces and several cousins. Funeral services will be held Friday at 2 p. m. from the Pine Funeral Home, New Paltz, with the Rev. John Van Strien, of the Gardiner Reformed Church, officiating. Burial will be in the New Paltz Rural Cemetery. Friends may call at the funeral home tonight.

Elting Beesimer

Elting Beesimer, aged 77, died at his home in Kerhonkson yesterday. Surviving him in addition to his wife, the former Alida Traver, are six daughters: Mrs. Wilma Barringer, Samsonville; Mrs. Sylvia Gundberg, Kerhonkson; Mrs. Emma Engel, Greenfield; Mrs. Leona Avery, Kerhonkson; Mrs. May Ford, Ellenville, and Mrs. Jessie Depew, Kerhonkson. Four sons: William Beesimer, Walden; John and Robert Beesimer, Kerhonkson, and Floyd Beesimer, Olive Bridge. He is also survived by 46 grandchildren, 19 great-grandchildren, and several nieces and nephews. Services will be held at the H. B. Humiston Funeral Home, Kerhonkson, Saturday at 2:30 p. m. Burial will be in the Palentown Cemetery. Grandsons of the deceased will serve as bearers, and the Rev. John Savage of Olive Bridge will officiate.

John J. Sottile

John J. Sottile, of 24 Cordts street, died suddenly Wednesday in Kingston. He was employed as a park attendant for the city for 20 years before retiring about three years ago. Mr. Sottile was a member of St. Mary's Church and St. Mary's Benevolent Society. He is survived by his wife, Angeline Spadafora Sottlie; a brother, Dominic Sottile; two sisters, Mrs. Josephine Fragomeni, Italy; and Mrs. John J. Mayone, Kingston. Several nieces and nephews also survive. The funeral will be held from the Henry J. Bruck Funeral Home, 27 Smith avenue, Saturday at 10:45 a. m., thence to St. Mary's Church where a solemn high Mass of requiem will be offered at 11:30 a. m. for the repose of his soul. Burial will be in St. Mary's Cemetery. Friends may call at the funeral home at any time.

Mrs. Otto J. Smith

Mrs. Otto J. Smith, of 150 Broadway, died Wednesday evening after a short illness. She was born in the downtown section of the city, the daughter of the late Patrick and Catherine Burns Ross, and has resided in the one section her entire life, where she endeared herself to a host of friends by her motherly disposition and Christian character. Besides her husband, she is survived by three sons, Edward, Robert, and Gerald, and two daughters, Helen M. and Marion R. Smith, all at home, also four brothers, Patrick, Edward and Michael Ross of Kingston, and Thomas Ross of Union City, N. J. The funeral will be held Saturday morning at 10 a. m. from the James M. Murphy Funeral Home, and at St. Mary's Church 10:30 o'clock where a solemn high Mass will be offered. Burial will be in the family plot in St. Peter's Cemetery.

Memoriam

In memory of our dear brother, William Miller, who we lost June 21, 1941.
We'll never forget you
After our thoughts wander to a grave,
Not far away where lies sweetest
Memories of one we could not save.
SISTERS and BROTHERS.

Memoriam

In loving memory of our brother, John Chick, who passed away 7 years ago today, June 21, 1944.
At night when twilight is creeping,
There's a memory saddened with pain,
Creeps into our hearts with a longing,
If we only could see you again.
Signed,
BETTY and JULIUS CHICK.

DROP ON THE "ROK"—He's carrying a white flag and wearing the uniform of a South Korean soldier, but Sgt. Lonnie Kiefer of Sparta, Ill., keeps his carbine poised as he questions the soldier before sending him to the rear. Allied troops follow a policy of "strictly no trust" of unidentified soldiers, because of the Reds' favorite infiltration trick of masquerading as friendly troops. REDS THROW SECRET WEAPON—Lt. Clinton W. Effinger of West Palm Beach, Fla., pilot of a jet fighter-bomber in Korea, looks over something new in Communist weapons. It's a rock, thrown by a Red soldier, that landed on Effinger's plane during a low-level strafing run. (USAF photo from NEA-Acme.)

Reception Sunday For Father Quilty

There will be a public reception in St. Joseph's School on Sunday afternoon from 2 to 5 o'clock for the Rev. Donald Quilty, C. Ss. R., who was ordained recently to the priesthood.

Sunday morning, Father Quilty will sing his first solemn high Mass at St. Joseph's Church.

Freeze to Continue

Washington, June 21 (AP)—The Federal Communications Commission said today a blanket ban on the processing of TV applications will be continued. As things now stand, there appears to be little prospect for any new video station grants before sometime in 1952. No date was fixed in the announcement for ending the freeze, which started October 1, 1948.

Sagging Arches

Los Angeles (AP)—If your feet are giving out on you under strain of constant daily wear, members of the physical education staff of the University of California advise exercise to get them back in shape. One exercise they say can be done while reading the evening paper. With legs stretched out on a footstool, stretch and separate the toes as if you were grabbing with them.

Salaries Are Raised

Clinton, N. Y., June 21 (AP)—The minimum salary for Presbyterian pastors in New York state has been raised to $2,700 a year—an increase of $300. The salary boost was approved yesterday by delegates to the annual meeting of the Presbyterian Synod of New York.

Contracts Under Probe

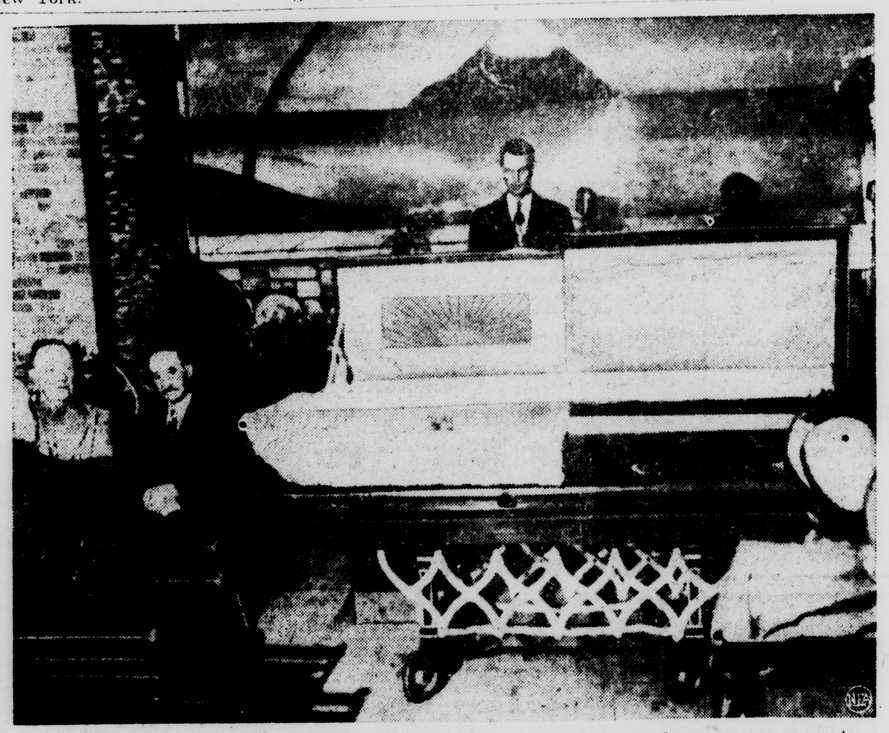
Washington, June 21 (AP)—The army says it is investigating $3,000,000 worth of contracts with a Natchez, Miss., firm which a House Armed Services Subcommittee contends should be canceled. The subcommittee, headed by Rep. Herbert (D-La.), reported to the House yesterday that "none of these contracts have been performed, except for a limited portion of one of them" and it said the company, the Elvair Corp., never had enough cash to carry out its commitments.

Ceiling Posting Delayed

Washington, June 21 (AP)—Public posting of beef ceiling prices was delayed again by the government today from June 25 to August 1. This marks the fifth date set for posting of prices and the fourth delay. The prices originally were due to be put up by retail meat sellers May. 11.

Home Furnishings

New York (AP)—The slowdown in home building under federal restrictions on credit is now expected to have an impact on house furnishings and other retail dealers. Frederick E. Gibson, president of the Long Island Home Builders' Institute, reports that surveys show that new home buyers spend an average of $1,450 for furniture, electrical appliances, hardware, draperies, dishes and other household items.



HE OUTLASTS HIS LAST RITES—While the minister reads his funeral sermon over an empty casket, James W. Gernhardt sits (at left, with hands crossed) and listens quietly. The 75-year-old Burlington, Colo., man arranged for a preview of his own funeral because he was not satisfied with the services given his late sister.

Financial and Commercial

New York, June 21 (AP)—Quietly and cautiously the stock market today declined moderately.

Selling was persistent throughout the list, but there was no concentration of pressure in any one of the major divisions.

The most extensive loss halted before reaching the $2 point in the main group of leaders. There were infrequent gains, mostly brought on by corporate developments.

Oils, rails, motors, steels, rubbers, mining shares and chemicals all lined up on the depressed side of the market.

Utilities held about unchanged and narrowness was the rule in the air lines, motion pictures, and gold shares.

Gulf Oil in sharp contrast to its own group and the rest of the market added more than a point. It has been a recent favorite among oils. Some analysts contended Gulf had been lagging behind the rest of the market and other oils, despite its big gains.

United Air Lines added a fraction after declaration of a dividend of 75 cents. Last year it paid a lone 75-cent dividend in December.

Curb stocks were mostly lower including American Potash & Chemical "B", Arkansas Natural Gas "A", Calgary & Edmonton, Colonial Air Lines, Creole Petroleum, Habeltine, and Royalite Oil.

Railroad and utility loans headed a lower movement in the corporate bond market. U. S. Government securities were steady in the over the counter market.

Takes Second Look

Miami, Fla., June 21 (AP)—The Senate Crime Investigating Committee returns today for a second look at this area's gambling picture. A public hearing was set for 9:30 a. m. (E.S.T.) in a room on the fourth floor of the county courthouse. About 20 witnesses scheduled to be heard today, tomorrow and possibly Saturday. Sen. Herbert O'Conor (D.-Md.), committee chairman, promised an answer by noon to the latest invitation from Gov. Fuller Warren of Florida to hear him in Tallahassee.

The shipworm—a mollusk—did $21 million worth of damage to San Francisco Bay in two years.

Price Is Cut

Washington, June 21 (AP)—The government today sharply cut the price of crude natural rubber to industry from 66 cents to 52 cents a pound—effective July 1. "I trust that now industry will see that the consumer shares in this saving," said General Services Administrator Jess Larson, whose agency became sole U. S. importer of rubber in December.

Notices Are Posted

New York, June 21 (AP)—American Airlines pilots posted notices at LaGuardia Field today saying they will refuse to fly DC-6B airliners after midnight Sunday, June 24.

Interment in St. Mary's Cemetery. Friends may call at the funeral home any time.

Memoriam

In memory of our dear brother, William Miller, who we lost June 21, 1941.

We'll never forget you
After our thoughts wander to a grave,
Not far away where lies sweetest
Memories of one we could not save.
SISTERS and BROTHERS.

Memoriam

In loving memory of our brother, John Chick, who passed away 7 years ago today, June 21, 1944.

At night when twilight is creeping,
There's a memory saddened with pain,
Creeps into our hearts with a longing,
If we only could see you again.
Signed,
BETTY and JULIUS CHICK.

Elting Beesimer

Elting Beesimer, aged 77, died at his home in Kerhonkson yesterday. Surviving him in addition to his wife, the former Alida Traver, are six daughters: Mrs. Wilma Barringer, Samsonville; Mrs. Sylvia Gundberg, Kerhonkson; Mrs. Emma Engel, Greenfield; Mrs. Leona Avery, Kerhonkson; Mrs. May Ford, Ellenville, and Mrs. Jessie Depew, Kerhonkson. Four sons: William Beesimer, Walden; John and Robert Beesimer, Kerhonkson, and Floyd Beesimer, Olive Bridge. He is also survived by 46 grandchildren, 19 great-grandchildren, and several nieces and nephews. Services will be held at the H. B. Humiston Funeral Home, Kerhonkson, Saturday at 2:30 p. m. Burial will be in the Palentown Cemetery. Grandsons of the deceased will serve as bearers, and the Rev. John Savage of Olive Bridge will officiate.

John J. Sottile

John J. Sottile, of 24 Cordts street, died suddenly Wednesday in Kingston. He was employed as a park attendant for the city for 20 years before retiring about three years ago. Mr. Sottile was a member of St. Mary's Church and St. Mary's Benevolent Society. He is survived by his wife, Angeline Spadafora Sottile; a brother, Dominic Sottile; two sisters, Mrs. Josephine Fragomeni, Italy; and Mrs. John J. Mayone, Kingston. Several nieces and nephews also survive. The funeral will be held from the Henry J. Bruck Funeral Home, 27 Smith avenue, Saturday at 10:45 a. m., thence to St. Mary's Church where a solemn high Mass of requiem will be offered at 11:30 a. m. for the repose of his soul. Burial will be in St. Mary's Cemetery. Friends may call at the funeral home at any time.

Mrs. Otto J. Smith

Mrs. Otto J. Smith, of 150 Broadway, died Wednesday evening after a short illness. She was born in the downtown section of the city, the daughter of the late Patrick and Catherine Burns Ross, and has resided in the one section her entire life, where she endeared herself to a host of friends by her motherly disposition and Christian character. Besides her husband, she is survived by three sons, Edward, Robert, and Gerald, and two daughters, Helen M. and Marion R. Smith, all at home, also four brothers, Patrick, Edward and Michael Ross of Kingston, and Thomas Ross of Union City, N. J. The funeral will be held Saturday morning at 10 a. m. from the James M. Murphy Funeral Home, and at St. Mary's Church 10:30 o'clock where a solemn high Mass will be offered. Burial will be in the family plot in St. Peter's Cemetery.

Salaries Are Raised

Clinton, N. Y., June 21 (AP)—The minimum salary for Presbyterian pastors in New York state has been raised to $2,700 a year—an increase of $300. The salary boost was approved yesterday by delegates to the annual meeting of the Presbyterian Synod of New York.

Reception Sunday For Father Quilty

There will be a public reception in St. Joseph's School on Sunday afternoon from 2 to 5 o'clock for the Rev. Donald Quilty, C. Ss. R., who was ordained recently to the priesthood.

Sunday morning, Father Quilty will sing his first solemn high Mass at St. Joseph's Church.

Freeze to Continue

Washington, June 21 (AP)—The Federal Communications Commission said today a blanket ban on the processing of TV applications will be continued. As things now stand, there appears to be little prospect for any new video station grants before sometime in 1952. No date was fixed in the announcement for ending the freeze, which started October 1, 1948.

Sagging Arches

Los Angeles (AP)—If your feet are giving out on you under strain of constant daily wear, members of the physical education staff of the University of California advise exercise to get them back in shape. One exercise they say can be done while reading the evening paper. With legs stretched out on a footstool, stretch and separate the toes as if you were grabbing with them.

Contracts Under Probe

Washington, June 21 (AP)—The army says it is investigating $3,000,000 worth of contracts with a Natchez, Miss., firm which a House Armed Services Subcommittee contends should be canceled. The subcommittee, headed by Rep. Herbert (D-La.), reported to the House yesterday that "none of these contracts have been performed, except for a limited portion of one of them" and it said the company, the Elvair Corp., never had enough cash to carry out its commitments.

Ceiling Posting Delayed

Washington, June 21 (AP)—Public posting of beef ceiling prices was delayed again by the government today from June 25 to August 1. This marks the fifth date set for posting of prices and the fourth delay. The prices originally were due to be put up by retail meat sellers May 14.

Home Furnishings

New York (AP)—The slowdown in home building under federal restrictions on credit is now expected to have an impact on house furnishings and other retail dealers. Frederick E. Gibson, president of the Long Island Home Builders' Institute, reports that surveys show that new home buyers spend an average of $1,450 for furniture, electrical appliances, hardware, draperies, dishes and other household items.

HE OUTLASTS HIS LAST RITES—While the minister reads his funeral sermon over an empty casket, James W. Gernhardt sits (at left, with hands crossed) and listens quietly. The 75-year-old Burlington, Colo., man arranged for a preview of his own funeral because he was not satisfied with the services given his late sister.

Financial and Commercial

New York, June 21 (AP)—Quietly and cautiously the stock market today declined moderately.

Selling was persistent throughout the list, but there was no concentration of pressure in any one of the major divisions.

The most extensive loss halted before reaching the $2 point in the main group of leaders. There were infrequent gains, mostly brought on by corporate developments.

Oils, rails, motors, steels, rubbers, mining shares and chemicals all lined up on the depressed side of the market.

Utilities held about unchanged and narrowness was the rule in the air lines, motion pictures, and gold shares.

Gulf Oil in sharp contrast to its own group and the rest of the market added more than a point. It has been a recent favorite among oils. Some analysts contended Gulf had been lagging behind the rest of the market and other oils, despite its big gains.

United Air Lines added a fraction after declaration of a dividend of 75 cents. Last year it paid a lone 75-cent dividend in December.

Curb stocks were mostly lower including American Potash & Chemical "B", Arkansas Natural Gas "A", Calgary & Edmonton, Colonial Air Lines, Creole Petroleum, Habeltine, and Royalite Oil.

Railroad and utility loans headed a lower movement in the corporate bond market. U. S. Government securities were steady in the over the counter market.

Iran Demonstrates

Mohammed Mossadegh went to Parliament for a vote of confidence in his "no compromise" fight to drive the British company out of Iran.

Mossadegh looked fit after nearly a month in a sickbed, as he made his appeal. Lack of a quorum in the Parliament blocked debate however and the premier demanded another session this afternoon.

"If the Majlis (Lower House) refuses to meet at 4 p. m. (8 a. m. EST) my government will not be responsible for any incidents which may occur," he said.

The premier's indirect warning of Nationalist disturbances was made while his supporters were traveling around Tehran smashing company signs and shouting slogans such as "death to the oil company," "down with the British" and "long live Mossadegh."

The deepening Iranian oil crisis bubbled toward a climax last night after Iran spurned British mediation offers and issued orders tightening Iranian control over the billion-dollar company.

Britain summoned her peace mission back to London, warning she would protect the lives and property of Britons in Iran, with force, if necessary. Mossadegh broadcast an appeal for unity to the Iranian people last night, vowing he would not waver in his drive to enforce the nationalization law he pushed through Parliament 12 weeks ago.

Can't Distribute Literature

As crowds roamed the streets with hammers, smashing down British signs and stamping them to bits in the gutters, police posted outside the company's information office refused to let company workers distribute its literature of news releases or carry anything outside.

A British embassy spokesman said the demonstrators invaded the main AIOC headquarters and the information office but caused no serious damage. He said an official diplomatic protest will be made to the Iran government over the incidents.

Iranian flags and a photograph of the Shah were displayed by the crowd from the information building's balcony.

The police took a small briefcase from N. R. Seddon, resident manager of the company, at headquarters but gave it back shortly afterwards. Seddon said the incident was not serious.

Company employes and visitors were at first permitted to come and go freely, but at 10:30 a. m. police padlocked the place for "the protection of the Englishmen."

Sign Knocked Down

They acted after some 40 youths, crowded into a truck decorated with Iranian flags, drove up, knocked down the company's sign with long sticks and kicked it to pieces in the gutter. A crowd of several hundred blocked the street for a few minutes, shouting and cheering, but dispersed peaceably a few minutes later.

The truckload of youths proceeded on a tour of the city knocking down signs at AIOC gas stations.

A short time before, a crowd of several hundred gathered at the main AIOC office and smashed a ten-foot high electric sign.

"Now at last our oil belongs to us," shouted one young Iranian to the cheering crowd.

A truckload of police was stationed across the street from the British Embassy to protect it from demonstrators.

Mossadegh spoke to Parliament for only two minutes saying he had intended to obtain a vote of confidence to strengthen his hand for pushing through his oil nationalization program.

Opposition to Position

The fact that there was not a quorum in the Majlis indicated there was some opposition—not openly expressed—to the government's uncompromising position which led to the breakdown of British-Iranian talks Tuesday night.

When the premier gave his indirect warning of disturbances if Parliament refused to give him a vote of confidence there were cries from the deputies of "no, no!" and "we are with you!"

The cabinet held an emergency session last night at Mossadegh's house. Later it was announced the government would introduce in Parliament an anti-sabotage bill aimed at curbing on the oil fields and refinery at Abadan.

Some believed the bill was an answer to Britain's statement she would protect the lives of her Nationals in Iran.

As tension increased, word was sent to the entire British staff of Aioc at Abadan to get their passports in order in case they decided to leave.

'Purely Precautionary'

Aioc's General Manager A. E. C. Drake described this as a "purely precautionary measure."

For the last week the company has been evacuating the wives and children of British employes in the Abadan area.

Hussein Maki — Mossadegh's right hand man in the nationalization drive—told correspondents he regarded British inquiries about exit visas as "pure bluff."

"As far as we are concerned," Maki said, "they can go, or they can stay on and work."

Maki still dangled his threat to "Turn off the oil valves" of the giant Abadan refinery, if the British did not hand over the receipts for all oil pumped into Aioc tankers.

Informed of the ultimatum, Drake indignantly declared if they turn off the crude oil without warning in the oil fields, the pipes would burst.

Willoughby Is Called

Washington, June 21 (AP)—Maj. Gen. Charles A. Willoughby, chief intelligence officer for Gen. Douglas MacArthur in Japan, was ordered today to apear before the House Un-American Activities Committee next Thursday. Willoughby has been called to testify on Soviet espionage in the Far East, and on the spy ring once headed by Richard Sorge, master Russian agent caught by the Japanese in 1941.

"Now at last our oil belongs to us," shouted one young Iranian to the cheering crowd.

A truckload of police was stationed across the street from the British Embassy to protect it from demonstrators.

Mossadegh spoke to Parliament for only two minutes saying he had intended to obtain a vote of confidence to strengthen his hand for pushing through his oil nationalization program.

Opposition to Position

The fact that there was not a quorum in the Majlis indicated there was some opposition—not openly expressed—to the government's uncompromising position which led to the breakdown of British-Iranian talks Tuesday night.

When the premier gave his indirect warning of disturbances if Parliament refused to give him a vote of confidence there were cries from the deputies of "no, no!" and "we are with you!"

The cabinet held an emergency session last night at Mossadegh's house. Later it was announced the government would introduce in Parliament an anti-sabotage bill aimed at curbing on the oil fields and refinery at Abadan.

Some believed the bill was an answer to Britain's statement she would protect the lives of her Nationals in Iran.

As tension increased, word was sent to the entire British staff of Aioc at Abadan to get their passports in order in case they decided to leave.

'Purely Precautionary'

Aioc's General Manager A. E. C. Drake described this as a "purely precautionary measure."

For the last week the company has been evacuating the wives and children of British employes in the Abadan area.

Hussein Maki — Mossadegh's right hand man in the nationalization drive—told correspondents he regarded British inquiries about exit visas as "pure bluff."

"As far as we are concerned," Maki said, "they can go, or they can stay on and work."

Maki still dangled his threat to "Turn off the oil valves" of the giant Abadan refinery, if the British did not hand over the receipts for all oil pumped into Aioc tankers.

Informed of the ultimatum, Drake indignantly declared if they turn off the crude oil without warning in the oil fields, the pipes would burst.

Willoughby Is Called

Washington, June 21 (AP)—Maj. Gen. Charles A. Willoughby, chief intelligence officer for Gen. Douglas MacArthur in Japan, was ordered today to apear before the House Un-American Activities Committee next Thursday. Willoughby has been called to testify on Soviet espionage in the Far East, and on the spy ring once headed by Richard Sorge, master Russian agent caught by the Japanese in 1941.

Hurley Says . . .

get Mr. Hiss to tell you the facts about Yalta."

Hiss attended the 1945 Yalta conference in his capacity as a State Department official.

Hurley complained to the senators that some news accounts of his testimony yesterday "reported that I said the Yalta surrender was due to the cowardice of President Roosevelt." Hurley added:

"I remember distinctly that I said that President Roosevelt was already a sick man at Yalta, and I did not attribute to him what transpired at Yalta."

KRIPPLEBUSH

Kripplebush, June 21—A July 4 picnic will be held at Mechanics' Hall. Supper will be served starting at 5 p. m. Refreshments and fancy articles will be available. Proceeds will be for the Methodist Church.

The second annual musicale will be given by the church choir Sunday, June 24, at 8 p. m. The public is invited.

The school children, their teacher, Mrs. William Larsen and several mothers, enjoyed a picnic at Forsyth Park Monday.

Charcoal is obtained from wood and coke from coal by the same type of process.

Pepys Letters Auctioned

London, (AP) — Unpublished letters by the English diarist Samuel Pepys, throwing light on why he disinherited his nephew, brought $546 in a London sale room recently. London bookseller E. U. Maggs, who bid that top price, carried off the old manuscript letter-book, containing 86 letters, all written between 1690 and 1702.

NEW HURLEY

New Hurley, June 21—Several from here attended the auction of the Lewis Bowen Estate near Shawangunk Saturday.

Mr. and Mrs. Leland Hotaling of Pennsylvania are visiting their brother and sisters in this community.

Lynn Beatty, little daughter of Dr. and Mrs. Charles Beatty, Wallkill, is a guest at the home of Mr. and Mrs. Gerow Wilkin.

Mr. and Mrs. William Grill and daughter, Jacqueline of Tuckahoe spent the week-end with Mrs. Grill's father, Nicholas T. Cocks.

Mr. and Mrs. Pierce Maassen and Elder Albert Cronk attended a special meeting of the Classis of Orange at Port Jervis Sunday afternoon.

Mrs. William Tears of Walden was a supper guest of Miss Bertha Sutton Friday.

Mr. and Mrs. Stanley Beatty and daughter, Irva, of New Paltz were callers of Mrs. Edna DuBois Sunday afternoon.

Mrs. Carrie J. Thurston of Newark arrived in this place Monday for the summer. She was accompanied here by Mrs. Robert Bennett of Union, N. J., who will spend a few days with her.

There will be regular preaching services in the church next Sunday at 11 a. m. in charge of Mr. Maassen, who will take for his topic "Your Christianity—What Does It Cost You?" Sunday school at 10 a. m.

The annual church fair under the auspices of the Young Women's Club will be held at the church hall at Sherwood Corners Wednesday night, July 18. Ortone's orchestra of Newburgh will play during the evening.

Mrs. Arthur Fox of Wallkill presided at the organ in the New Hurley Church Sunday morning.

The annual June tea under the auspices of the Missionary Society was held last Friday in the church with about 75 ladies from Newburgh, Walden, Wallkill, Shawangunk and New Hurley attending. The guests were welcomed by Mrs. John W. Tysse and the devotions were led by Mrs. Wilson Edmonds. Prayer was led by Mr. Maassen. A solo was rendered by Mrs. James Wilkin, accompanied by Mrs. Burton Van Aken at the piano. Mrs. Wilbur J. VanWyck introduced the speaker for the afternoon who was Mrs. Mabel Gillam, formerly of New Hurley, who returned from Allahabad, India, recently where she had been for a number of years. She told about her work there. After the singing of the closing hymn and the benediction by Mr. Maassen refreshments were served by a committee from the Missionary Society.

A young adult class will be formed in the New Hurley Sunday school next Sunday. This group will include newly married couples, young people out of high school, college students and high school graduates. Mrs. Pierce Maassen will teach the class. Other Sunday school classes will be: Adult, Mrs. Tysse, Mr. Spencer, Mr. Schoonmaker, Mr. Cocks and Mrs. Hotaling; young people, Mr. Maassen, Mrs. Hedges and Mr. Edmonds; intermediate boys, Albert Cronk; intermediate girls, Frances Countryman; juniors, Laurence Dolan; primary, fourth grade, Mrs. Roscoe Pickins; third grade, Mrs. Albert Cronk; beginners, second grade, Mrs. Elmer Fries; first grade, Anne Beatty; pre-school, Mrs. Francis Garrison.

At the New Paltz Reformed Church Sunday, June 24, at 3 p. m. Mr. and Mrs. Paul Arnold will be commissioned as missionaries to Africa. The members of the New Hurley congregation are invited to attend.

For Company Dessert

Fresh pears, peeled, halved and cooled, make a company dessert when they are filed with vanilla ice cream and served with a strawberry or raspberry sauce. Use quick-frozen strawberries or raspberries for the sauce.

ESOPUS

Esopus, June 20—During Sunday's church service, the Sunday school hour was taken over by the children who gave a review of their mid-week work supplemented by songs appropriate to Children's Day. The mid-week training class has been in charge of Mrs. William Cole and Mrs. Charles Palen. Also during the service, five daughters of Mr. and Mrs. William Simpson were baptized by the pastor, the Rev. R. D. Watson, pastor. The message was given by Paul Newkirk, of Saugerties. Services next Sunday will be held as usual with Sunday school at 9 a. m. and preaching at 9:45 a. m. A cordial invitation is extended to all residents of the village to attend.

Miss Louise L. Young spent Monday with her sister, Mrs. Anna Norton of Marlborough. Miss Young's nephew, Richard Norton, will sail from San Francisco, Calif., July 15 for Japan. There he will attend the general conference of missionaries and then will be assigned to one of the smaller Japanese islands.

Mr. and Mrs. Otto Gugger of Union City, N. J., spent the week-end with Mr. and Mrs. George Mowell.

Mr. and Mrs. Woodrow Thompson and Woodrow, Jr., of Poughkeepsie, called on Mr. and Mrs. P. Scheid Sunday night.

Mr. and Mrs. L. Pokorny's children of Astoria, L. I., spent the week-end here.

Mr. and Mrs. Robert Grimm of Kingston called on Mr. and Mrs. H. Markle and Mrs. Mary S. Smith Saturday night. Sunday callers at the Markle home were Mr. and Mrs. Harry Krom of Ellenville and Mr. and Mrs. Frank Schoonmaker of Kingston.

Mr. and Mrs. Anthony Smith of New York were overnight guests of Mrs. Alice Jones Monday.

Mrs. Frank Kurtz and children of West Esopus spent the week-end visiting here parents in New Jersey.

Miss Marjorie Mott, R.N., of New York, visited her parents, Mr. and Mrs. P. M. Mott last week-end.

AS PEGLER SEES IT

By WESTBROOK PEGLER

By means of the New Deal smear, Miss Vivien Kellems has been widely discredited, always by ridicule, but never by refutation of her specific statements. Miss Kellems manufactures a device called a cable grip which is used to draw wires through conduits. In this business she has kept herself informed on the size, quantity, and destination of cable manufactured in the United States. Thus, during the war, she discovered evidence that by means of lend-lease, certain persons in our government in Washington were building up a great industrial power in post-war Russia. Last year, Miss Kellems was a candidate for the Republican nomination for senator from Connecticut, her home state. She was incomparably the most Republican Republican in Connecticut politics. She was, in fact, too Republican for the me-too Republicans who ran the machine and was ditched in favor of a business associate of Averell Harriman, who was, by coincidence, our commissar who lavished lend-lease on Soviet Russia. The net results of all this monkey business in Connecticut was that the Republicans failed to win a seat which they might have won while the Democrats won a seat that they might have lost, an advantage of two seats for the Democrats.

That is what Miss Kellems said in one of her war-time speeches:

"Today I hold in my hands a list of the round figures for electrical cables purchased for Russia to be delivered under lend-lease, on contracts expiring June 30, 1944. I copied these figures from one of the original requisitions put out for purchase from the office of J. W. Flatley, chief of the contract and purchase branch, Treasury Department. This requisition comes under the President's direct supervision and is a must. These orders are all for long-range planning.

"First is 9,842,000 feet of long distance telephone cable. This is not a signal telephone cable used by the army but is for permanent installation. It is paper-insulated, lead-covered cable, pulled in conduit or buried directly in the ground. Almost 2,000 miles of permanent, long distance telephone cable for Russia when our own telephone companies could not get a foot for maintenance or repair.

"Then we have power cable, also paper and lead, pulled in conduit or for direct burial, 4,264,000 feet for Soviet Russia.

Miss Kellems told her audience that the Potomac Electric Power Company in Washington "by pulling every string, was able, after months of delay and red tape, to wangle 372 feet of such cable for urgent repairs."

"Potomac Electric paid for their cable," she said. "Russia gets hers free. Tomorrow, any number of Russian cities will boast a better underground electrical system than Chicago's put there at our expense.

"We come to 26,000 tons of bare copper overhead transmission and trolley wire. Our preatest production of this cable in any previous year had been 13 million pounds. But now we gave Russia 26 million pounds, to electrify her railways. It is impossible to see how this cable has anything to do with the winning of the war. We are picking up Russian industry, transferring it east of the Urals. We are building long distance telephone systems and electrifying Russian railways. We have heard many times that Russia will emerge from this war the strongest nation in the world. I believe it implicitly. We are making her so."

For making this and similar revelations and protests, Miss Kellems was illegally subjected to deep humiliation by the New Deal gestapo. Personal letters, which she had written to a dear friend in South America, who was a German subject, were rifled and the most sensitive portions were broadcast by Drew Pearson. Miss Kellems insisted that there was no information in her letters of any value to the enemy. The censors never claimed otherwise. Miss Kellems received neither explanation nor apology.

THE RUMINATOR

By HUMPHREY B. NEILL

A Column of Contrary Opinion

Contrary to the feeling that has been growing in some quarters, that we are swinging back toward the "right," in our socio-economic trends, the Ruminator thinks we should be forwarned that another leftward veering appears highly probable.

We are in for another heavy dose of liberalism, or left-wingism, in my contrary opinion.

The government is going to be the "boss" in just about everything, as the mobilization wheels get rumbling down the tracks in high speed.

The men who spend the money are the men who will boss the show.

And they are the men who will set the "social" pattern also.

The left-wingers have the sympathy of the man at the top—Harry S. Truman—and he can be counted upon to aid and abet their liberal ideas with enthusiasm as the months roll around and the 1952 elections move in closer.

While many of us have been pleased over the doctrines of free-enterprise and courage that General MacArthur has been preaching, let us not lose sight of the fact that every speech he makes riles up the President and his left-wing advisers all the more.

And so long as the rank and file of the population work at high pay and think their government is trying to protect their purchasing power, you may rest assured they will not bite the hand that they think is pulling for them.

When a monumental industrial job is planned and developed the government goes after the big men of industry to get the job started and under way. Roosevelt did it in 1941 and Truman is doing it in 1951. And as soon as the program is laid out and the business world has its orders and knows what's coming, then the "liberals" are worked into key spots throughout the numerous bureaus that exist in Washington.

On the economic front, today, for example, Keyserling, the head of the President's Council of Economic Advisers—and an undoubted economic liberal and follower of Keynesian principles—is growing closer to the President every day and is now said to be advising both Wilson and Johnston of the mobilization agency. One would think from some of the remarks of Johnston of late about wage boosts that he is "listening" to Mr. Keyserling quite regularly.

As you note the names that are percolating into the news—of men who are getting spots as "advisers" to this and that bureau head—you sense the coming leftward shift.

Take the President's speech on inflation and controls. It was his appeal over the heads of conservatives and Congressmen for more power over our economic life. Now it happens that the Ruminator believes that "controls" are necessary in war time, but what I am getting at here is the fact that the President's public radio address points the way—sets the attempted trend—toward the philosophy of a "planned society" or a planned economy.

Obviously, the labor unions will play along with this philosophy and they are very powerful and control millions of votes. Walter Reuther, a powerful labor leader, is a rampant advocate for economic dictatorship, and keeps in a strategic position because of his equally strong opposition to communism.

You will see greater and greater efforts made "to take the profits out of war production and to control all segments of business.

In the meantime, the Korean war goes on without any suggestion of how it may be ended. There are all sorts of rumors about a cease-fire in the offing, but certainly nothing official to pin your hopes on. The "great debate" goes on without conclusions being reached, except that the "stalemate policies" appear to remain as the government's decision. It is possible of course, that the investigating committee may have recommendations to make but at the moment it is difficult to see how the complexion of the war can change very rapidly.

We are in for a long period of "socialized unrest" and might as well prepare to make the best of it.

Cock fighting was practiced in ancient times in Asia and was introduced to Greece after it was observed in Persia.

Spotters to Join In State Tests

The Kingston ground observers' corps will join the state-wide air defense tests this week-end.

Mrs. George D. Logan, post supervisor, has been notified by General Clement H. Wright, NYNG, chief of aircraft warning section, that the exercises will begin 9 a. m. (EDT) Saturday, June 23, and will continue night and day until 6 p. m., Sunday, June 24.

Spotters will serve in two-hour shifts under a schedule arranged by Mrs. George Flemings, chief observer, and Mrs. Barbara Matthews, assistant chief. Those spotters scheduled for duty have been notified and have already received special training in accordance with new instructions received from headquarters.

No Visitors Allowed

Spotters going on duty at the observation post must present their USAF Continental Air Command identification cards. Only those persons assigned will be admitted to the tower, and no visitors will be allowed, Mrs. Logan announced today.

The post will be inspected sometime during the week-end test by John H. McDermott, representative of the state Civil Defense Commission, Mrs. Logan was informed by Sherwood Davis, city defense director.

Mrs. Flemmings and Mrs. Matthews will be in charge of the day shift of spotters, under Mrs. Logan. Assistant chief observers in charge of the night shift will be Morris Cooper and Raymond McAndrew.

Mrs. Logan has stressed the importance of spotters reporting for duty promptly at the scheduled time.

She also today lauded the entire local personnel of the observers corps for the cooperation received, and she revealed that those spotters who are not participating in this week-end's test will be given the same special training and will be on duty at the next test.

Sold Mother's Morphine

Oklahoma City, June 21 (AP)—Police and Treasury Department narcotics agents yesterdoay jailed Roland Joe Fitch, 28-year-old former convict, on charges of selling morphine a doctor prescribed to his suffering, cancer-stricken mother. Capt. Walt Acord, police narcotics officer, said Fitch made six sales of morphine to informers in the past 10 days. All the narcotics, Acord said, came from the morphine supply that was meant to ease the suffering of Fitch's mother, Mrs. Faye Fitch.

Plot Is Reported

Buenos Aires, Argentina, June 21 (AP)—Pro-government newspapers today reported under scare headlines that administration opponents, with foreign help, are plotting to assassinate President Juan D. Peron and his wife. It is the eighth day in which the semi-official press here has carried charges that international capitalism, with the help of radicals, Socialists, Communists, retired army officers, foreign news agencies and exiled political leaders are plotting to overthrow the government. Some observers believe the repeated reports of such a plot are designed to set the stage for Peron to announce that he will seek reelection in the February, 1952, general election.

Attitude Is Attacked

Washington, June 21 (AP)—The armed services have been accused by a Senate Committee of adopting an attitude of "royalism" which gives favored bidders a lion's share of defense contracts, leaving little for small business. A report made public yesterday by the Senate Committee on Small Business called for more action and fewer promises to spread contracts among smaller companies.

First Polio Case Reported in Ulster

Dr. Robert H. Broad, Ulster county health commissioner, today reported the first case of polio discovered this year in Ulster county.

The victim, a boy, 11 years old, was brought to the Horton Memorial Hospital, Middletown, which forwarded the information here, but it has not been established whether the boy is a permanent or temporary resident of a section of the county which is apparently near the Orange county line.

Arizona Man Gets Back His Dog, Calico

The former mayor of Globe, Ariz., and his five-year-old dog, Calico, are thankful today to local police and David Mendel, 69 Green street, because they are back together again.

David Campbell, the former mayor, and currently an Arizona state highway patrolman, lost track of Calico yesterday and notified local police at 2 p. m.

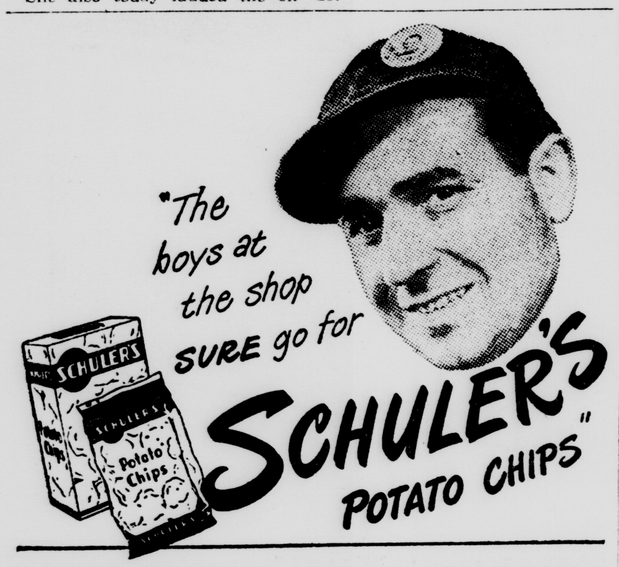
Mr. and Mrs. Campbell have been visiting Mr. and Mrs. Henry Page at 105 Pearl street. The Arizona patrolman, who had served a term as mayor of Globe which ended last year, is Mrs. Page's cousin.

Calico, in her wanderings yesterday entered the store of the Hudson Valley Tire Co., at 37 St. James street at about 3:30 p. m., and Mendel, an employe, telephoned the city clerk's office from where he was advised to contact the police department.

The police, meanwhile, had obtained full information on Calico including the fact that she carried a tag issued at Globe. They also had the Pages' telephone number and in a short time Calico was back with the Campbells again.

Patrolman Campbell, who has previously visited Kingston, formerly ran two weekly newspapers at Globe, a community of about 8,000 population. The highway patrol which he now serves has a force of 120 men and works in conjunction with the governor's office.

Franklin Roosevelt's first "Fireside Chat" was on March 12, 1933.



Dear Mrs. Filbert,
I want to stop a minute and write and tell you that I have yet to get the same soft tender taste from any margarine but yours.
Recently I was forced to use another brand and today I am back to Mrs. Filbert's. Once again our bread and margarine and food have the same delicious flavor.

Spotters to Join In State Tests

The Kingston ground observers' corps will join the state-wide air defense tests this week-end.

Mrs. George D. Logan, post supervisor, has been notified by General Clement H. Wright, NYNG, chief of aircraft warning section, that the exercises will begin 9 a. m. (EDT) Saturday, June 23, and will continue night and day until 6 p. m., Sunday, June 24.

Spotters will serve in two-hour shifts under a schedule arranged by Mrs. George Flemings, chief observer, and Mrs. Barbara Matthews, assistant chief. Those spotters scheduled for duty have been notified and have already received special training in accordance with new instructions received from headquarters.

No Visitors Allowed

Spotters going on duty at the observation post must present their USAF Continental Air Command identification cards. Only those persons assigned will be admitted to the tower, and no visitors will be allowed, Mrs. Logan announced today.

The post will be inspected sometime during the week-end test by John H. McDermott, representative of the state Civil Defense Commission, Mrs. Logan was informed by Sherwood Davis, city defense director.

Mrs. Flemmings and Mrs. Matthews will be in charge of the day shift of spotters, under Mrs. Logan. Assistant chief observers in charge of the night shift will be Morris Cooper and Raymond McAndrew.

Mrs. Logan has stressed the importance of spotters reporting for duty promptly at the scheduled time.

She also today lauded the entire local personnel of the observers corps for the cooperation received, and she revealed that those spotters who are not participating in this week-end's test will be given the same special training and will be on duty at the next test.

Chandler Resigns

Cincinnati, June 21 (AP)—A. B. Chandler resigned today as baseball commissioner effective July 15.

Sold Mother's Morphine

Oklahoma City, June 21 (AP)—Police and Treasury Department narcotics agents yesterdoay jailed Roland Joe Fitch, 28-year-old former convict, on charges of selling morphine a doctor prescribed to his suffering, cancer-stricken mother. Capt. Walt Acord, police narcotics officer, said Fitch made six sales of morphine to informers in the past 10 days. All the narnarcotics, Acord said, came from the morphine supply that was meant to ease the suffering of Fitch's mother, Mrs. Faye Fitch.

Plot Is Reported

Buenos Aires, Argentina, June 21 (AP)—Pro-government newspapers today reported under scare headlines that administration opponents, with foreign help, are plotting to assassinate President Juan D. Peron and his wife. It is the eighth day in which the semi-official press here has carried charges that international capitalism, with the help of radicals, Socialists, Communists, retired army officers, foreign news agencies and exiled political leaders are plotting to overthrow the government. Some observers believe the repeated reports of such a plot are designed to set the stage for Peron to announce that he will seek reelection in the February, 1952, general election.

Attitude Is Attacked

Washington, June 21 (AP)—The armed services have been accused by a Senate Committee of adopting an attitude of "royalism" which gives favored bidders a lion's share of defense contracts, leaving little for small business. A report made public yesterday by the Senate Committee on Small Business called for more action and fewer promises to spread contracts among smaller companies.

ABC's in Pittsburgh

Pittsburgh (AP)—Yee Choa Ark, a Chinese-American boy who knows how to prepare meals well enough to rate one of the city's coveted "A" stickers for his restaurant, passed out some advice when he found the certificate missing. He said: "He who steal 'A' sticker going to B-stick from C-stick." The C-stick Yee referred to is a big meat choper he is keeping handy for the next person who reaches for the now replaced 'A' sticker. Pittsburgh has a sanitation code that rates restaurants A, B and C.

WE REMEMBER GRANDMA

ONE of the outstanding recollections of my early childhood is the old General Store in Mexico, N. Y.

Every week Grandma would send me over to pay our bill, and without fail my reward would be five cents worth of candy as a gift of our storekeeper.

Then, munching contentedly, I'd start my tour of the never ending wonders displayed . . . lamps, dry goods, pickles, hatchets, toys, cheese, kerosene, boots, even a new hat for Grandma came from this wondrous place.

It was here, too, that she bought the beans which our family loved so well. Baked as only Grandma could bake them, a healthy, delicious and filling meal.

They wear the cleanest clothes in town—
At home or at a party.
His bride has learned to wash with Tide—
She's young... but she's a "smarty"!

Tide GETS CLOTHES CLEANER THAN ANY SOAP!

No soap—no other product sold throughout America will wash as clean as TIDE!

CLEANER CLOTHES! When you rinse out a Tide wash, you've got the *cleanest* clothes in town . . . cleaner clothes than any other woman will get with *any* soap of *any* kind. And here's why—Tide not only gets out the ordinary dirt, but *removes dulling soap film*, as well. That's the miracle of Tide!

WHITER, TOO! Tide has been tested time after time against *all* leading washday soaps. And tests—made in *hardest* water—prove Tide gets clothes cleaner and *whiter* than any soap! What's more, after just *one* Tide wash, soap-dulled colors actually come *brighter*!

WASHDAY PROOF! So many of you women here in town have *proved* Tide's miracle. You've seen the proof in the cleaner, whiter shirts your husband wears so proudly . . . in your own bright wash prints. And with all this, Tide is *kind* to your hands. Get Tide today—for the *cleanest* wash in town!

Larry and Walter Gaffney, sons of Mr. and Mrs. Claude Gaffney former residents of New Paltz, have been making quite a name for themselves on the baseball fields of Binghamton. Walter was shortstop on the high school championship team and led the team batting with an average of .450. He was selected to play in the Class A All-Star game at Cooperstown this week. His younger brother, Larry, tossed a no-hitter in the championship game in the elementary school game. He was captain of the team as well as the standout hurler. Another brother, Roger, while not so successful on the diamond has won his share of laurels on the golf course and in the school band. All three brothers attended New Paltz Campus School about eight years ago before moving to Binghamton.

Mrs. John Auchmoody and son, Jack, of Lloyd, and Mrs. Harold Dingee and son, Harold, spent Saturday in White plains.

ABC's in Pittsburgh

Pittsburgh (AP)—Yee Choa Ark, a Chinese-American boy who knows how to prepare meals well enough to rate one of the city's coveted "A" stickers for his restaurant, passed out some advice when he found the certificate missing. He said: "He who steal 'A' sticker going to B-stick from C-stick." The C-stick Yee referred to is a big meat choper he is keeping handy for the next person who reaches for the now replaced 'A' sticker. Pittsburgh has a sanitation code that rates restaurants A, B and C.

WE REMEMBER GRANDMA

ONE of the outstanding recollections of my early childhood is the old General Store in Mexico, N. Y.

Every week Grandma would send me over to pay our bill, and without fail my reward would be five cents worth of candy as a gift of our storekeeper.

Then, munching contentedly, I'd start my tour of the never ending wonders displayed . . . lamps, dry goods, pickles, hatchets, toys, cheese, kerosene, boots, even a new hat for Grandma came from this wondrous place.

It was here, too, that she bought the beans which our family loved so well. Baked as only Grandma could bake them, a healthy, delicious and filling meal.

They wear the cleanest clothes in town

They wear the cleanest clothes in town—
At home or at a party.
His bride has learned to wash with Tide—
She's young... but she's a "smarty"!

Tide GETS CLOTHES CLEANER THAN ANY SOAP!

No soap—no other product sold throughout America will wash as clean as TIDE!

CLEANER CLOTHES! When you rinse out a Tide wash, you've got the *cleanest* clothes in town . . . cleaner clothes than any other woman will get with *any* soap of *any* kind. And here's why—Tide not only gets out the ordinary dirt, but *removes dulling soap film*, as well. That's the miracle of Tide!

WHITER, TOO! Tide has been tested time after time against *all* leading washday soaps. And tests—made in *hardest* water—prove Tide gets clothes cleaner and *whiter* than any soap! What's more, after just *one* Tide wash, soap-dulled colors actually come *brighter*!

WASHDAY PROOF! So many of you women here in town have *proved* Tide's miracle. You've seen the proof in the cleaner, whiter shirts your husband wears so proudly . . . in your own bright wash prints. And with all this, Tide is *kind* to your hands. Get Tide today—for the *cleanest* wash in town!

Guaranteed by Good Housekeeping

P.S. PREFER TO SKIP RINSING?

With Tide you can skip the rinsing, and save all that time and work. Just wash, wring out, hang up. Tide will give you the cleanest possible no-rinse wash!

48 HOUR SPARKLE TEST
Prove to yourself
"HOFFMAN is the finest!"

Open a chilled bottle of Hoffman Ginger Ale or Club Soda. Pour a glassful and notice the steady sparkle.

Throw away the cap and put the bottle back in your refrigerator. Deliberately leave the bottle uncapped.

Pour from same uncapped bottle two days later. The drink is still lively due to Hoffman "Captive Carbonation."

Notice the steady sparkle! Even after 48 hours—uncapped—Hoffman still holds its sparkle and fine taste.

CAPTIVE CARBONATION—An exclusive Hoffman process in which natural deep well water is rendered absolutely pure and sterile and united perfectly with carbonation. Hoffman "captive carbonation" in Hoffman Pale Dry Ginger Ale keeps it *alive and sparkling in the open bottle 48 hours or longer*—brings out the delicate natural flavor of its fine Jamaica Ginger.

Kaplan Asks All Return to Religion To Remedy Defects

Kiamesha Lake, N. Y., June 21 (AP)—Dr. Mordecai M. Kaplan says moral, social and political lapses in "high places" can only be remedied by a return to religion in its truest sense.

Dr. Kaplan, theologian, author and philosopher, yesterday addressed the 51st annual convention of the Rabbinical Assembly of America on "Religion and the Crisis in Moral and Intellectual Leadership."

The title of his speech, he said, is "timely because of the recent epidemic of social and political malpractice on the part of men and women of unusual intellectual attainments."

But by reason of those attainments, he added:

"They were entrusted with tasks that involved tremendous moral and social responsibilities. They have betrayed their responsibilities without any qualms. They have committed forgery, perjury and treason and have contributed greatly to the insecurity of their country."

"Utter lack of any moral restraints on the part of highly cultured people," he continued, is a "frightening condition."

"To prevent the spread of this moral disease," he said, "no amount of police or military precaution can be of any avail, particularly when the guardians of the state and its lawmakers are amenable to bribery and corruption—as the Kefauver (crime) investigation has demonstrated."

The remedy, "if there is any," he said, "must be achieved through the inner workings of men's nature, individual and collective. That is why we tend to turn to religion to provide the remedy."

Rabbi Max O. Davidson of Perth Amboy, N. J., was reelected president of the assembly for a one-year term.

Eleven Medals Are Awarded by U. S.

Washington, June 21 (AP)—Eleven army men who fought with "conspicuous gallantry and intrepidity" in Korea but who are now dead or missing, receive today the Medal of Honor.

Relatives—The widows, wives, parents or children—of the men were invited to come to the Pentagon to receive (10 a. m. EST) in their behalf the highest military decoration conferred by the United States. For presentation of the medals to them, the government chose Gen. Omar Bradley, chairman of the joint chiefs of staff.

With the awards today, the list of army Medal of Honor winners in the Korean war has grown to 23—of whom only three are alive and not missing. All those awarded today were to men either dead or missing.

In Greek mythology a chimaera was a creature which was a lion in front, a goat in the middle and a dragon behind.

Bulletin Describes High School Program

"Bulletin to the Schools," publication of the State of New York, carries an article entitled, "Kingston Pupils Work and Learn" in a recent issue.

Reviewing the accomplishments of the work-experience program in the business department of Kingston High School, the article stresses the fact that such a program, started in the local school in 1943, is important in inducing boys and girls to continue in high school. The program is in charge of Loryne Connick, head of the business department.

Since its establishment eight years ago, the program has given pupils, the article explains, 471,161 hours of employment in Kingston stores and businesses with earnings totaling $267,807.69. During the past year 63 business firms cooperated with the high school in providing job opportunities in the retail distribution and office clerical fields for 107 pupils. In addition 105 pupils were placed for the Christmas season trade and 60 held jobs during the 1950 summer period.

"It is believed," the article continues, "that the work experience obtained by these pupils will enable them to fit more effectively into future employment situations and will enlarge their knowledge of actual practices and procedures and of the type of situations open to workers. They will also gain a more realistic understanding of the types of training needed and an appreciation of the need of a healthy personality and of the personal characteristics contributing toward success. Moreover, the training fosters an ability to handle earnings wisely and to budget expenditures."

Posts Highest Mark

Newark, N. J., June 21 (AP)—Ellen Kemper, a pretty blonde who likes swimming and sailing, was "awfully surprised" today to find out how smart she was. She posted the highest mark among the 1,654 high school seniors who have been awarded university scholarships by the state. The winners are from every county in New York. Actually, about 150,000 boys and girls with an eye on college took the comprehensive, two-day competitive examination upon which award of the scholarships was based. They are worth $350 a year for four years at any college in New York approved by the Board of Regents.

16 Areas Cleared

New York, June 21 (AP)—In the drive to eradicate marijuana weeds from vacant lots in the city, Sanitation Commissioner Andrew W. Mulrain said yesterday 16 Queens areas have been cleared since last Saturday. Growths in six Long Island City lots were uprooted yesterday by the department's special squad organized for the purpose under the direction of Chief Inspector John E. Gleason. Approximately six pickup truckloads of the harvested weeds have been gathered since Saturday, Mulrain said.

Logging Work Begins

Salem Center, N. Y., June 21 (AP)—Lumberjacks have begun logging operations on New York's watershed in Westchester and Putnam counties, clearing up the blown down timber from last November's big storm. The big blow uprooted thousands of pine, spruce and hardwood trees on marginal lands of the big reservoirs. The fallen timber is a fire hazard, unsightly and may infect live trees.

Artesian wells are so called from Artesium, ancient name of the old Artois province in France.

Boy Has Left Home

Scarsdale, N. Y., June 21 (AP)—Earl Fordrung, 16, adopted son of Dr. William J. Fordrung, suspended Hunter College professor, ran away from home June 11 and has not returned, police reported. They said the boy, adopted when six years old, had told schoolmates he intended to leave home. Dr. Fordrung was suspended in a controversy over his sex teachings in a hygiene class. His critics charged him with sensationalism. He contends his teachings have been conservative, opposed to birth control and "free love" and has asked a public hearing to win reinstatement.

Bulletin Describes High School Program

"Bulletin to the Schools," publication of the State of New York, carries an article entitled, "Kingston Pupils Work and Learn" in a recent issue.

Reviewing the accomplishments of the work-experience program in the business department of Kingston High School, the article stresses the fact that such a program, started in the local school in 1943, is important in inducing boys and girls to continue in high school. The program is in charge of Loryne Connick, head of the business department.

Since its establishment eight years ago, the program has given pupils, the article explains, 471,161 hours of employment in Kingston stores and businesses with earnings totaling $267,807.69. During the past year 63 business firms cooperated with the high school in providing job opportunities in the retail distribution and office clerical fields for 107 pupils. In addition 105 pupils were placed for the Christmas season trade and 60 held jobs during the 1950 summer period.

"It is believed," the article continues, "that the work experience obtained by these pupils will enable them to fit more effectively into future employment situations and will enlarge their knowledge of actual practices and procedures and of the type of situations open to workers. They will also gain a more realistic understanding of the types of training needed and an appreciation of the need of a healthy personality and of the personal characteristics contributing toward success. Moreover, the training fosters an ability to handle earnings wisely and to budget expenditures."

Posts Highest Mark

Newark, N. J., June 21 (AP)—Ellen Kemper, a pretty blonde who likes swimming and sailing, was "awfully surprised" today to find out how smart she was. She posted the highest mark among the 1,654 high school seniors who have been awarded university scholarships by the state. The winners are from every county in New York. Actually, about 150,000 boys and girls with an eye on college took the comprehensive, two-day competitive examination upon which award of the scholarships was based. They are worth $350 a year for four years at any college in New York approved by the Board of Regents.

16 Areas Cleared

New York, June 21 (AP)—In the drive to eradicate marijuana weeds from vacant lots in the city, Sanitation Commissioner Andrew W. Mulrain said yesterday 16 Queens areas have been cleared since last Saturday. Growths in six Long Island City lots were uprooted yesterday by the department's special squad organized for the purpose under the direction of Chief Inspector John E. Gleason. Approximately six pickup truckloads of the harvested weeds have been gathered since Saturday, Mulrain said.

Logging Work Begins

Salem Center, N. Y., June 21 (AP)—Lumberjacks have begun logging operations on New York's watershed in Westchester and Putnam counties, clearing up the blown down timber from last November's big storm. The big blow uprooted thousands of pine, spruce and hardwood trees on marginal lands of the big reservoirs. The fallen timber is a fire hazard, unsightly and may infect live trees.

Artesian wells are so called from Artesium, ancient name of the old Artois province in France.

Boy Has Left Home

Scarsdale, N. Y., June 21 (AP)—Earl Fordrung, 16, adopted son of Dr. William J. Fordrung, suspended Hunter College professor, ran away from home June 11 and has not returned, police reported. They said the boy, adopted when six years old, had told schoolmates he intended to leave home. Dr. Fordrung was suspended in a controversy over his sex teachings in a hygiene class. His critics charged him with sensationalism. He contends his teachings have been conservative, opposed to birth control and "free love" and has asked a public hearing to win reinstatement.

The ox is believed to have been one of the earliest animals to be domesticated.

The largest asteroid, Ceres, is believed to be about 480 miles in diameter.

He May Get Address

New York, June 21 (AP)—Police records list Courtney Townsend Taylor as having no permanent address—but the day may come. He faces a possible sentence of 2,250 years in prison and a $2,250,000 fine on bad check charges—when he gets out of jail in Massachusetts. That is the maximum possible penalty under a criminal information returned against him today by a federal grand jury. The information—longest ever returned in New York—contains 225 counts accusing Taylor of passing 743 worthless checks with a face value of $49,625.

Wagner Studies Law

Winter Park, Fla., June 21 (AP)—Dr. Paul A. Wagner, ousted president of Rollins College, has become a law student at Stetson University in nearby Deland. The 33-year-old educator said he was interested in a particular problem and was taking the course in order to do research on it. He did not give details.

"EASY" DOES IT—Capt. Lewis L. Millett—known as "Captain Easy" to his men—will receive the Congressional Medal of Honor for leading a three-man attack on a Communist-held Korean hill and killing 18 Reds with bayonets. The 30-year-old New Bedford, Mass., officer is pictured relaxing shortly after his heroic action.

PHI BETA "KAPPLE"—A family affair was the initiation of Mr. and Mrs. Edward Lee Davis, Jr., into Phi Beta Kappa, national scholastic honorary society, at the University of Missouri, Columbia. It was the first time a husband and wife had won the honor. Both majored in social work, and both will do graduate study in the subject at the university.

Late Bulletin

St. Louis, June 21 (AP)—The St. Louis Browns were sold today to Bill Veeck, baseball's idea man, with reservations — reservations hinging on stock other than that held by the controlling interest in the hands of the Dewitt brothers.

Veeck, former owner of the Cleveland Indians, agreed to buy the Browns if enough other stockholders besides Bill and Charles Dewitt will sell their stock to him and his partner, Sidney Salomon, Jr., St. Louis insurance man.

Veeck, who flew here from Chicago early this morning, told the Associated Press that it is more than an option.

Loan Is Announced

Washington, June 21 (AP)—The World Bank announced yesterday a loan to the Republic of Iceland, in an amount equivalent to $2,450,000, to finance the importing of equipment from Europe to expand Iceland's electric power capacity. The funds will be dispersed in British sterling, French francs, and Danish and Norwegian kroner and used for purchases in Sweden, Britain, western Germany, Denmark and Norway, bank President Eugene R. Black said.

Says Reds Use Pressure

Washington, June 21 (AP)—U. S. Supreme Court Justice Robert H. Jackson told a Senate Subcommittee today that Communist groups frequently try to put pressure on the nation's highest court. "I don't know whether it's lack of respect or just plain ignorance," he said. "They are the only organized group that tries to make a campaign against the judiciary that I know of." Jackson appeared before a labor subcommittee conducting a hearing on ethics in government.

Crack-Down Plans Made

New York, June 21 (AP)—A group of state liquor administrators has made plans to crack down on non-tax paid alcohol and bootleg liquor in the east. A national conference of the officials discussed the plans behind closed doors yesterday. Delaware's liquor control commissioner, Col. Edgar S. Stayer, told the conference: "We must at all costs prevent the return of the anti-social forces which undermined law enforcement and disgraced government during the days of Prohibition."

Deer Is Reported

Police headquarters received several calls shortly before 8 a. m. today that a deer was rampaging about town in the Liberty street area. Officers Elbert Soper and Gurnsey Burger were dispatched on a tour of the neighborhood but found no trace of the animal. It was unofficially reported that windows had been broken in the Liberty street area, but police said no such damage was found in the neighborhood.

Balked by Terrorists

Singapore (AP)—Supplier of wild animals for Hollywood motion pictures, 36-year-old Dick Hatchcock of Los Angeles, has reached Singapore to find he cannot enter Malaya's jungles because of Communist terrorists. Hatchcock, part owner of a private zoo in Los Angeles, said he had planned to hire hunters in Malaya to collect tigers, leopards, crocodiles, snakes and lizards. But all he has at present are several small crocodiles and a six-foot python purchased from Singapore dealers.

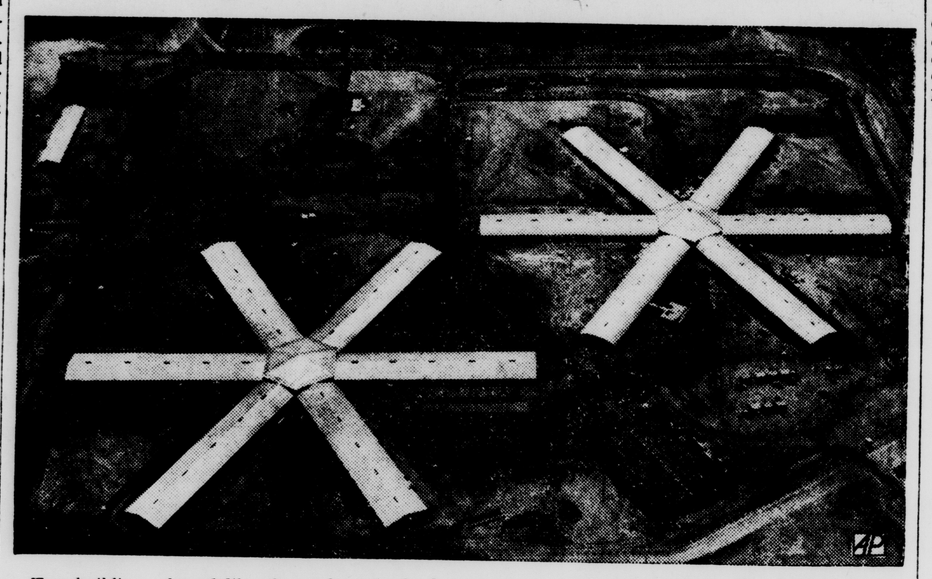
Use Biblical Methods

Port Rowan, Ont. (AP)—Fishing methods of Biblical times are repeated on the shores of Lake Erie's Long Point Bay near here by fishermen who cast their nets into the shallow water and draw them into shore. One end of their long nets is anchored close to shore, and the other pulled through a long semicircle by men wading or in boats. The fishermen begin their season when the ice leaves the bay, and end only when it freezes over.

Suburbs Taken In

Chicago (AP)—The 1951 Municipal Yearbook reports that 382 cities of 5,000 or more population annexed suburban property last year. That's a record. The city that took in most territory, nearly 23 square miles of it, was Albuquerque, N. M.

Buildings Rise at New Hydrogen Bomb Plant



Two buildings shaped like the spokes of wheels appear on a cleared tract at the Atomic Energy Commission's new Savannah river hydrogen bomb project at Ellenton, S. C. This air view was made by a Washington Times-Herald staff photographer on May 24 with approval of AEC officials. The AEC gave final clearance to the picture June 19. The spoke-shaped buildings shown are steel office buildings which house officials of the AEC, the construction firm building the plant and representatives of the duPont Company which will operate the project when it is completed. (AP Wirephoto).

Teacher Is Cleared

New York, June 21 (AP)—A Queens school teacher has been cleared in connection with an accusation that she pulled a handful of hair from the head of a girl pupil. The third-grade teacher, Mrs. Edith Fowler, 30, was accused of pulling out the hair of six-year-old Joan Barry. Testimony disclosed that the child has a condition which causes her hair to fall out easily. In refusing to issue a third degree assault complaint against Mrs. Fowler, Magistrate Charles F. Murphy ruled yesterday that the instructor was within her rights. He quoted the penal code as stating the "use of force by parents, authorized agent or teacher is not unlawful if reasonable in manner and moderate in degree."

Sees India Turning Red

Rangoon (AP)—A three months' tour of principal Indian cities has convinced H. Kunz of Nurnberg, West Germany, there is growing sympathy in Nehru's India for the Communist system.

Letter From Soldier Tells Something But Wife Has Hope

Newark, N. J., June 21 (AP)—You're the wife of a soldier fighting in Korea.

As far as you know he's all right.

Then you get a letter that starts:

"I've asked one of the boys to mail this for me in case my time should come."

It happened yesterday to Mrs. Dorothy Long, 22.

But she still is hopeful. The army has sent no official word on her husband, Pfc. Jacob Long, 22.

Worn and creased as if handled over and over again, the letter in the familiar hand was the first word she had that anything had happened to him.

"Just a few lines tonight and I hope I never have to mail this letter, but how would you know how I felt if I didn't," it said.

"You know everyone has to go sooner or later and although I don't want to go yet, the good Lord has called me and He is boss."

It closed with endearments to his wife and month-and-a-half-old son, Alfred, he has never seen.

Long's name has not appeared on any casualty lists. There has been no notification from Washington or from his outfit, the 8th Cavalry Regiment.

Just the crinkled letter written in a familar hand and a clean envelope addressed in a stranger's writing.

And He Was Burned Up

Albuquerque (AP)—Four men jumped Julian R. Hoffman in an alley the other night, beating him so badly he had to be treated for cuts and bruises in a hospital. His wallet was empty, but the thugs got their loot: a cigarette lighter.

Hammer Reports Details of Work On Building Deal

Bolton Landing, N. Y., June 21 (AP)—A New York city real estate executive told today how his work as an appraiser had given him an inside track to negotiate the $50,000,000 sale of the Empire State Building.

George A. Hammer described the behind-the-scenes deal at the 47th annual convention of the New York State Real Estate Boards.

In a prepared speech, Hammer said that his work as an appraiser had provided him with "all the information necessary for a sale before an offering was made." He added that he was the only one outside of the former owners who knew these facts.

Hammer also said he knew that the late financier, John Raskob, controlled about 95 per cent of the Empire State Building stock and that he had advised his executors to dispose of the structure as soon as an offer of $50,000,000 was made.

Finding Buyer Easy

Raskob directed that this money be used to help settle his estate, and to aid various charities, Hammer said.

He added:

"All I had to do was find a buyer willing to pay $50,000,000 and accomplish that before the 'cat was out of the bag.' This was easier than perhaps you would imagine.

"I knew through my appraisal work of a western syndicate interested in acquiring New York real estate . . . I contacted the head of this mid-western syndicate. He flew to New York and in a matter of weeks we had obtained an exclusive option and within two months had executed a contract."

T-V Rights Agreed

Another of the little-known facts he possessed, Hammer said, was that six major television companies had agreed to pay a total rental of $600,000 annually to telecast from a new mast atop the Empire State Building. He said that two more T-V companies might use the mast.

A potential income of $1,000,000 a year for rights to telecast from the building "seems readily attainable," Hammer added.

Hammer, vice-president of Charles F. Noyes Company, Inc., New York real estate firm, said that as of May 1, 1951, the Empire State Building produced an annual income of $10,250,000 and net earnings of $5,500,000.

C. Fred Ritter of Middletown, president of the state association, said last night that housing construction should be left to private industry, backed by "proper" governmental support.

"It is entirely right and proper," he added, "that people should take pride in what they do themselves to better their existence and living accommodations."

"Government housing," Ritter contended, "certainly doesn't tend in that direction."

About 500 are attending the four-day convention, which opened yesterday.

School No. 1 Closing

Editor, The Freeman:

Would you please print the following letter in The "Freeman"?

Dear Sir:

The people of "Wilbur" would like to know why their children are being penalized by the closing of School No. 1?

Due to the contour of the valley, the majority of the homes are clustered within a short distance of the school, and children do not have far to travel to and fro, and can go home to lunch with a saving to the parents. We would like to know why you do not close School No. 4, which is also situated in an isolated section of the city, or why you do not close School No. 7 which is located so near the business section of the city, that cars are parked on the street near the school and traffic is so heavy that it is dangerous to the life and limb of the pupil.

Investigation will show that School No. 1 has an enviable safety record and has adequate play space for the children.

Sincerely,
MRS. KENNETH RIGGINS
Parent of three school children.

Principle Affirmed

London, June 21 (AP)—Britain's Labor government has affirmed the principle that men and women should get equal pay for equal work—but says right now the country can't afford it. Turning down requests of women in government service for pay equal to the men's, Chancellor of the Exchequer Hugh Gaitskell told the House of Commons last night such a move would cause inflation.

Lethbridge, Alta., June 21 (AP)—The Alberta command of the Canadian Legion today passed a resolution calling for conscription for service anywhere in the world under the United Nations' flag.

Casualties Reach 73,604

Washington, June 21 (AP)—Announced U. S. battle casualties in Korea have reached 73,604, including 10,833 killed in action. The Defense Department yesterday announced these figures, based on notifications to next of kin through June 15. The total represented an increase of 3,287 in a week. That was the sixth largest weekly increase since the start of hostilities. The figures do not include non-battle casualties—men out of action for such reasons as illness.

Fat Folks! Your Dream has come True!

How to Lose UGLY FAT Without Dieting-Hunger

If you are a non-glandular, overweight man or woman by all means read about this amazing, new, clinically tested medical discovery, that is already creating a sensation all over the country.

Forget all about diets, hunger, calorie counting, massage, drugs, exercise and all other unpleasant, unnecessary things usually associated with reducing.

For a great medical discovery now makes it possible for you to lose pounds of excess fat safely—*without dieting, without having a single hungry moment.*

Doctors Discover Wafex

Most doctors agree that the best way to lose excess fat is to eat less—to go on a restricted diet. A group of New York doctors, making a special study of obesity, realized however, that while dieting was desirable it wasn't as easy or as simple as it sounds for most overweight people.

Hunger — The Fat Person's Enemy!

Dieting for most folks means hunger. And few people can resist hunger. So they appease it by eating between meals, by going off their diets. And back comes the unwanted pounds and inches.

So these New York doctors worked for years searching for a formula that would lick hunger and make people lose fat safely, *without dieting.* They finally announced success in a food adjunct called WAFEX.

Clinical Tests Proved Their Discovery

The doctors clinically tested WAFEX on a large group of non-glandular overweight men and women.

The group undergoing the tests were instructed by the doctors to chew or suck a tasty WAFEX half an hour before each meal but not to go on any special diet, not to cut out any special foods—just sit down at the table and eat until satisfied.

Results Amazing

Every member of the group lost 8 to 20 pounds in a short period of time; in fact satisfactory weight losses were noticed the very first week. And not a single person said she had a hungry moment.

Wafex as Harmless as a Glass of Water

A food adjunct not a drug

During the tests the doctors carefully checked the physical condition of each member of the group, took electro-cardiograms, and did not find a single case of ill effect. Everyone said she never felt better. So at last, the fat person's dream has come true—a way to lose excess fat without dieting, without hunger, without giving up the foods she likes.

Start slimming down your figure. Get WAFEX today. $3 for a month's supply. GUARANTEE: if you aren't pleased with the weight you lost after using one bottle of WAFEX you get your money back.

Fat Folks! Your Dream has come True!

How to Lose UGLY FAT Without Dieting-Hunger

If you are a non-glandular, overweight man or woman by all means read about this amazing, new, clinically tested medical discovery, that is already creating a sensation all over the country.

Forget all about diets, hunger, calorie counting, massage, drugs, exercise and all other unpleasant, unnecessary things usually associated with reducing.

For a great medical discovery now makes it possible for you to lose pounds of excess fat safely — *without dieting, without having a single hungry moment.*

Doctors Discover Wafex

Most doctors agree that the best way to lose excess fat is to eat less — to go on a restricted diet. A group of New York doctors, making a special study of obesity, realized however, that while dieting was desirable it wasn't as easy or as simple as it sounds for most overweight people.

Hunger — The Fat Person's Enemy!

Dieting for most folks means hunger. And few people can resist hunger. So they appease it by eating between meals, by going off their diets. And back comes the unwanted pounds and inches.

WAFEX STOPS HUNGER
One Wafex Wafer has the hunger-satisfying capacity of 2 ham sandwiches, 4 eggs or 5 slices of white bread. Yet contains only 5 calories.

So these New York doctors worked for years searching for a formula that would lick hunger and make people lose fat safely, *without dieting.* They finally announced success in a food adjunct called WAFEX.

Clinical Tests Proved Their Discovery

The doctors clinically tested WAFEX on a large group of non-glandular overweight men and women.

The group undergoing the tests were instructed by the doctors to chew or suck a tasty WAFEX half an hour before each meal but not to go on any special diet, not to cut out any special foods — just sit down at the table and eat until satisfied.

Results Amazing

Every member of the group lost 8 to 20 pounds in a short period of time; in fact satisfactory weight losses were noticed the very first week. And not a single person said she had a hungry moment.

Wafex as Harmless as a Glass of Water

A food adjunct not a drug

During the tests the doctors carefully checked the physical condition of each member of the group, took electro-cardiograms, and did not find a single case of ill effect. Everyone said she never felt better. So at last, the fat person's dream has come true — a way to lose excess fat without dieting, without hunger, without giving up the foods she likes.

Start slimming down your figure. Get WAFEX today. $3 for a month's supply. GUARANTEE: if you aren't pleased with the weight you lost after using one bottle of WAFEX you get your money back.

SHOKAN

Shokan, June 20—Mrs. William Lutz of Yonkers is spending a few days with her daughter, Mrs. John Leacock, Sr., and grandsons, John and David Leacock. Mrs. Lutz and her husband before locating in Westchester county 30 years ago, were residents of Kripplebush where they had a farm.

Tommy Carpenter of Richmond Hill, a summer resident of Shokan for many years, enlisted in the air force several weeks ago and is scheduled shortly to take an electronics course in Philadelphia. Tommy's elder brother, James, specialized in radar work with the navy air corps for several years previous to entering RPI at Troy.

Howard Ives of Connelly was numbered among the town of Esopus residents calling in the hub of the reservoir country Tuesday. Howard, who now travels for the Curtiss Candy Company, also has lived in Port Ewen and Albany.

The West Hurley and Ashokan Methodist Churches will hold Children's Day exercises next Sunday at the time of the usual preaching services. It has been announced that two events of last week in local Methodist circles—the Glenford Men's Club turkey supper and the Ashokan WSCS auction, turned out satisfactorily for the sponsors.

Friday, June 22, will mark the 92nd birthday of Mrs. John Rainey of the village center. The former Margaret McMillan was brought up near Brodhead and has lived in the town of Olive with the exception of a few years at Woodstock where she and her husband were farmers.

A visiting fisherman reports having seen a 10-pound pike taken from the Ashokan recently. This piscatorial monster was about the same weight as the 32-inch pike reportedly caught in the Gilboa reservoir by Leo Mestyanek of Halcott Center, some time ago. Fishing also has been good in the Schoharie Creek, below Gilboa, where two native trout were caught on worms and a brown on a night crawler, all approximately 16 inches in length.

Roland G. Will of New Paltz will address the graduating class of the Onteora Central School at the commencement exercises Thursday evening, June 21, in the Phoenicia Theatre. Caps and Gowns will be distributed at the class rehearsal Thursday morning. The new Onteora supervising principal appointed to succeed John H. Moehle is Lawrence H. Gallagher, who has been serving in a similar capacity at the Berlin Central School. Principal Gallagher, 34, is married and has three sons. He will assume his new duties July 1.

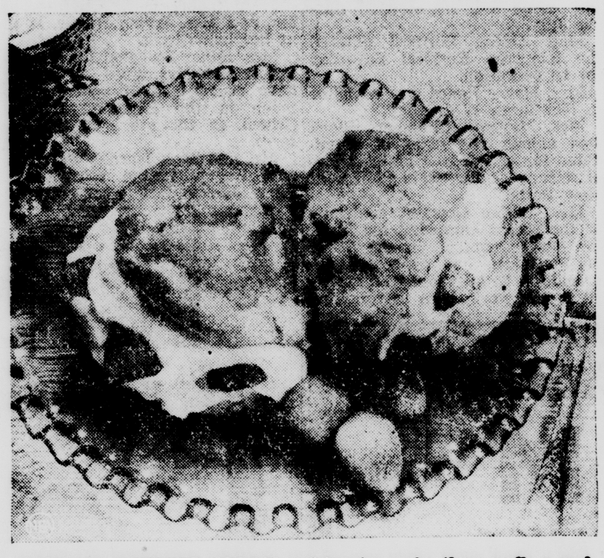
HERE'S FOURTH OF JULY TREAT



GOBS OF WHIPPED CREAM and berries make these puffs a real 4th of July treat.

By GAYNOR MADDOX
NEA Staff Writer

For a Fourth of July dessert to make you puff with pride, go to the berry patch and the American dairy farm.

Strawberry Cream Puffs
(Serves 6)

One-half cup butter, ½ teaspoon salt, 1 cup boiling water, 1 cup cake flour, 4 eggs, 1 pint fresh strawberries, 1 cup heavy cream, whipped and sweetened.

Heat butter, salt and water until butter melts. Add flour all at once, beat well and cook, stirring constantly until mixture forms a ball and leaves side of pan. Cool slightly; add eggs, one at a time, beating after each addition.

Drop batter by tablespoons onto well greased cookie sheet, allowing 2 tablespoons for each puff. Bake in hot oven (450 degrees F.) for 20 minutes. Reduce temperature to 350 degrees F. and continue baking for 30 minutes. Cool.

To assemble: choose 18 strawberries for garnish. Crush remaining and sweeten, if desired. Cut puffs in half, horizontally. Fill bottom half of puff with fruit. Top with sweetened whipped cream. Replace top half and garnish by placing halved berries in whipped cream on side of puff.

Cream-Crowned Solo Shortcakes
(Serves 6)

Two cups flour, sifted, ¼ cup butter, ¼ teaspoon salt, 1 tablespoon baking powder, 2/3-3/4 cup milk, 2 cups crushed strawberries, 1 cup heavy cream, whipped and sweetened to taste.

Sift dry ingredients together. Cut in butter until mixture resembles small peas. Add 2/3 cup milk (¾ may be needed to make dough easy to handle). Mix just enough to blend ingredients (overmixing should be avoided).

Drop from a spoon into greased, 8-inch pie pan, dividing dough into six equal parts. Bake in hot oven (450 degrees F.) 15-20 minutes, or until browned. Individual biscuits are easily separated after baking.

To serve: Split biscuits; spread with softened butter. Put together with berries. Top with more berries and whipped cream. (Note: 1 quart fresh berries, sweetened, or one 16-ounce package frozen berries.)

TOMORROW'S MENU

BREAKFAST: Blueberries, ready-to-eat cereal, toasted split muffins, butter or fortified margarine, coffee, milk.

LUNCHEON: Cottage cheese, tomato and green pepper salad, dressing, chopped tongue sandwiches, fresh plums, tea, milk.

DINNER: Frozen or fresh fish fillets, poached in sour cream with grated cheese, parsley new potatoes, broiled tomato halves, buttered broccoli, buttered and heated crisp rolls, strawberry cream puffs, coffee, milk.

Ulster Shrine Club Ladies' Night June 30

The entertainment committee of the Ulster County Shrine Club has announced that the annual Ladies' Night will be held at the Chalet Indien, Boiceville, Saturday night, June 30. A full course prime rib roast beef dinner will be served. An evening of dancing, fun and prizes has been planned. The committee requests that all reservations be mailed in by June 26.

Brothels Due for Axe

Singapore (AP)—Police announced they're going to make an all-out drive against "red light" districts in Singapore. They said they would have done it sooner to wipe out brothels and prostitution, but the anti-vice squad had its hands full the last several months investigating the Singapore riots of last Dec. 11.

Grange News

Hurley Unit

The regular meeting of Hurley Grange was held Tuesday night with Walter Stauble, master, presiding.

It was reported that on June 11 several Grange members motored to Asbury Grange at which time the third and fourth degrees were conferred on Mr. and Mrs. Benson Krom and Mrs. Dolph Campbell.

On Thursday night several members again journeyed to Asbury Grange for the county-wide visitation meeting. Over 125 members were in attendance. Each of the 14 Granges in the county participated.

A report was made at Tuesday's meeting that the repainting and re-lettering of the Hurley Honor Roll had been completed. The stone work has been laid and the honor roll is completed. The Couples Club and the Hurley Community Service Club assisted. Persons knowing of names of servicemen or servicewomen whose names should be included on the roll are asked to contact Mrs. Claude Palen.

Also reported at the meeting was that more blood donors are requested for the Hurley blood bank. Those interested are asked to call Mrs. Walter Stauble, 823-J-2.

Movies and refreshments highlighted the closing portions of the meeting.

Hurley Juvenile

The regular meeting of the Hurley Juvenile Grange was held Tuesday with Jay Stauble, master, presiding.

It was announced that girls who wish to make aprons are asked to buy one yard of cotton and then contact Mrs. Goetchius or Mrs. Stauble for further information.

An interesting pogram was given in charge of Jo-Ann Maxwell, lecturer, with the topic on "Father's Day and Flag Day." A reading was given by Nancy Hutton on "Our Flag." A quiz was held on the flag with all members taking part. Elizabeth Harder offered a reading, "My Dad." Songs were sung and refreshments served by Joan Kolodziejski and Robert Messinger.

HERE'S FOURTH OF JULY TREAT

GOBS OF WHIPPED CREAM and berries make these puffs a real 4th of July treat.

By GAYNOR MADDOX
NEA Staff Writer

For a Fourth of July dessert to make you puff with pride, go to the berry patch and the American dairy farm.

Strawberry Cream Puffs
(Serves 6)

One-half cup butter, ½ teaspoon salt, 1 cup boiling water, 1 cup cake flour, 4 eggs, 1 pint fresh strawberries, 1 cup heavy cream, whipped and sweetened.

Heat butter, salt and water until butter melts. Add flour all at once, beat well and cook, stirring constantly until mixture forms a ball and leaves side of pan. Cool slightly; add eggs, one at a time, beating after each addition.

Drop batter by tablespoons onto well greased cookie sheet, allowing 2 tablespoons for each puff. Bake in hot oven (450 degrees F.) for 20 minutes. Reduce temperature to 350 degrees F. and continue baking for 30 minutes. Cool.

To assemble: choose 18 strawberries for garnish. Crush remaining and sweeten, if desired. Cut puffs in half, horizontally. Fill bottom half of puff with fruit. Top with sweetened whipped cream. Replace top half and garnish by placing halved berries in whipped cream on side of puff.

Cream-Crowned Solo Shortcakes
(Serves 6)

Two cups flour, sifted, ¼ cup butter, ¼ teaspoon salt, 1 tablespoon baking powder, 2/3-3/4 cup milk, 2 cups crushed strawberries, 1 cup heavy cream, whipped and sweetened to taste.

Sift dry ingredients together. Cut in butter until mixture resembles small peas. Add 2/3 cup milk (¾ may be needed to make dough easy to handle). Mix just enough to blend ingredients (overmixing should be avoided).

Drop from a spoon into greased, 8-inch pie pan, dividing dough into six equal parts. Bake in hot oven (450 degrees F.) 15-20 minutes, or until browned. Individual biscuits are easily separated after baking.

To serve: Split biscuits; spread with softened butter. Put together with berries. Top with more berries and whipped cream. (Note: 1 quart fresh berries, sweetened, or one 16-ounce package frozen berries.)

TOMORROW'S MENU

BREAKFAST: Blueberries, ready-to-eat cereal, toasted split muffins, butter or fortified margarine, coffee, milk.

LUNCHEON: Cottage cheese, tomato and green pepper salad, dressing, chopped tongue sandwiches, fresh plums, tea, milk.

DINNER: Frozen or fresh fish fillets, poached in sour cream with grated cheese, parsley new potatoes, broiled tomato halves, buttered broccoli, buttered and heated crisp rolls, strawberry cream puffs, coffee, milk.

Ulster Shrine Club Ladies' Night June 30

The entertainment committee of the Ulster County Shrine Club has announced that the annual Ladies' Night will be held at the Chalet Indien, Boiceville, Saturday night, June 30. A full course prime rib roast beef dinner will be served. An evening of dancing, fun and prizes has been planned. The committee requests that all reservations be mailed in by June 26.

Brothels Due for Axe

Singapore (AP)—Police announced they're going to make an all-out drive against "red light" districts in Singapore. They said they would have done it sooner to wipe out brothels and prostitution, but the anti-vice squad had its hands full the last several months investigating the Singapore riots of last Dec. 11.

Grange News

Hurley Unit

The regular meeting of Hurley Grange was held Tuesday night with Walter Stauble, master, presiding.

It was reported that on June 11 several Grange members motored to Asbury Grange at which time the third and fourth degrees were conferred on Mr. and Mrs. Benson Krom and Mrs. Dolph Campbell.

On Thursday night several members again journeyed to Asbury Grange for the county-wide visitation meeting. Over 125 members were in attendance. Each of the 14 Granges in the county participated.

A report was made at Tuesday's meeting that the repainting and re-lettering of the Hurley Honor Roll had been completed. The stone work has been laid and the honor roll is completed. The Couples Club and the Hurley Community Service Club assisted. Persons knowing of names of servicemen or servicewomen whose names should be included on the roll are asked to contact Mrs. Claude Palen.

Also reported at the meeting was that more blood donors are requested for the Hurley blood bank. Those interested are asked to call Mrs. Walter Stauble, 823-J-2.

Movies and refreshments highlighted the closing portions of the meeting.

Hurley Juvenile

The regular meeting of the Hurley Juvenile Grange was held Tuesday with Jay Stauble, master, presiding.

It was announced that girls who wish to make aprons are asked to buy one yard of cotton and then contact Mrs. Goetchius or Mrs. Stauble for further information.

An interesting pogram was given in charge of Jo-Ann Maxwell, lecturer, with the topic on "Father's Day and Flag Day." A reading was given by Nancy Hutton on "Our Flag." A quiz was held on the flag with all members taking part. Elizabeth Harder offered a reading, "My Dad." Songs were sung and refreshments served by Joan Kolodziejski and Robert Messinger.

Marine Recruiter

RUTH M. PALLONE

Staff Sergeant Awkerman of the Kingston Marine Corps Recruiting Office announced today, Staff Sergeant Ruth M. Pallone of the U. S. Marine Corps Women Reserve will visit the Poughkeepsie Marine Corps Recruiting Office June 25 and 26 from 8 a. m. to 4:30 p. m. for the purpose of interviewing young women interested in enlisting in the Women Marines.

Sergeant Pallone is at present working out of District Headquarters, Albany. She attended and graduated from Castleton High School, Castleton, in June, 1939.

The sergeant enlisted in the Marine Women Reserves in December, 1943, receiving her recruit training at Camp Lejeune, N. C. Following this, she was transferred to Cherry Point, N. C., for classification and sent to Quantico, Va., for duty as a stock control clerk with the Navy Supply Department at that base. She remained at Quantico until November, 1944, when she was transferred to Headquarters, Marine Corps, Washington, D. C., for duty as a statistical clerk. At present, Sgt. Pallone is serving as Enlistment Recruiter for Women in Albany.

With the sergeant's military experience she has acquired in the past seven and a half years in the Marine Corps, she can speak with authority on the interesting occupational fields of aviation, administration, personnel, and many others that are open to all young women meeting the enlistment standards.

'Calfacade'

Des Moines (AP)—It was a busy 24-hours on the Babe Sheridan Farm at Gambril one day recently. In those 24 hours, 18 cows gave birth to calves. The cows were purchased as range animals by Sheridan last winter. The 18 calves will be fed for market while the cows will be kept on the farm, Sheridan said.

$20,980 Landscape Bid Is Received For Thruway Work

Albany, June 20—A low bid of $20,980 was received today by New York State Superintendent of Public Works Bertram D. Tallamy, from Johnstone Landscaping Service, of Buffalo, for the landscaping of 7.64 miles of the completed section of the Catskill Thruway from Route 212 northward to Brick School House Road in Ulster and Greene counties, including access drives and service roads.

Six bids were submitted at today's letting. The work, which will be under the direction of J. S. Bixby, district engineer, whose headquarters are in Poughkeepsie, is scheduled for completion by September 15, 1951.

Particular attention will be paid toward blending the grade separation structures at the Saugerties interchange, Canoe Hill Road, Malden Road, Asbury Road, Katsbaan Road, and School House Road, with native surroundings.

Plantings will include trees, shrubs, and ground cover plants familiar to all motorists: Maple, oak, ash, cedar, dogwood, hawthorn, sumac, witchhazel, nannyberry, bittersweet, honeysuckle, pussywillow, blueberry, and border privet.

Traffic will be maintained during the planting operations. Motorists are requested, however, to observe all warning signs and regulations until planting is completed.

KRUMVILLE

Krumville, June 21—Mrs. Carl Andersen spent the week-end attending a wedding in New York.

Peder Jacobsen, George Kruger, Laura Hummel and Muriel Stanton are attending Regents' examinations in Ashokan this week.

Mrs. Juan Botella and Mrs. Ernest Botella visited in Oneonta Saturday. They were accompanied by Miss Mary Botella who returned to her college studies.

Bruno Borchardt has returned to his work in New York. He has been spending some time at his home here as Mrs. Borchardt has been a patient in a hospital for a few days.

Mrs. Muriel Stanton was given a surprise party in honor of her birthday last week by the Crusaders of the Olive Bridge Church. Games were played and refreshments enjoyed. The group was chaperoned by the Rev. Jack Savage, pastor of the Olive Bridge Church.

Jailed for Neglect

Though his explorations opened much of the American southwest, Coronado, on his return to Mexico, was jailed for "general neglect of duty," according to the Encyclopedia Britannica.

Marine Recruiter

RUTH M. PALLONE

Staff Sergeant Awkerman of the Kingston Marine Corps Recruiting Office announced today, Staff Sergeant Ruth M. Pallone of the U. S. Marine Corps Women Reserve will visit the Poughkeepsie Marine Corps Recruiting Office June 25 and 26 from 8 a. m. to 4:30 p. m. for the purpose of interviewing young women interested in enlisting in the Women Marines.

Sergeant Pallone is at present working out of District Headquarters, Albany. She attended and graduated from Castleton High School, Castleton, in June, 1939.

The sergeant enlisted in the Marine Women Reserves in December, 1943, receiving her recruit training at Camp Lejeune, N. C. Following this, she was transferred to Cherry Point, N. C., for classification and sent to Quantico, Va., for duty as a stock control clerk with the Navy Supply Department at that base. She remained at Quantico until November, 1944, when she was transferred to Headquarters, Marine Corps, Washington, D. C., for duty as a statistical clerk. At present, Sgt. Pallone is serving as Enlistment Recruiter for Women in Albany.

With the sergeant's military experience she has acquired in the past seven and a half years in the Marine Corps, she can speak with authority on the interesting occupational fields of aviation, administration, personnel, and many others that are open to all young women meeting the enlistment standards.

'Calfacade'

Des Moines (AP)—It was a busy 24-hours on the Babe Sheridan Farm at Gambril one day recently. In those 24 hours, 18 cows gave birth to calves. The cows were purchased as range animals by Sheridan last winter. The 18 calves will be fed for market while the cows will be kept on the farm, Sheridan said.

$20,980 Landscape Bid Is Received For Thruway Work

Albany, June 20—A low bid of $20,980 was received today by New York State Superintendent of Public Works Bertram D. Tallamy, from Johnstone Landscaping Service, of Buffalo, for the landscaping of 7.64 miles of the completed section of the Catskill Thruway from Route 212 northward to Brick School House Road in Ulster and Greene counties, including access drives and service roads.

Six bids were submitted at today's letting. The work, which will be under the direction of J. S. Bixby, district engineer, whose headquarters are in Poughkeepsie, is scheduled for completion by September 15, 1951.

Particular attention will be paid toward blending the grade separation structures at the Saugerties interchange, Canoe Hill Road, Malden Road, Asbury Road, Katsbaan Road, and School House Road, with native surroundings.

Plantings will include trees, shrubs, and ground cover plants familiar to all motorists: Maple, oak, ash, cedar, dogwood, hawthorn, sumac, witchhazel, nannyberry, bittersweet, honeysuckle, pussywillow, blueberry, and border privet.

Traffic will be maintained during the planting operations. Motorists are requested, however, to observe all warning signs and regulations until planting is completed.

KRUMVILLE

Krumville, June 21—Mrs. Carl Andersen spent the week-end attending a wedding in New York.

Peder Jacobsen, George Kruger, Laura Hummel and Muriel Stanton are attending Regents' examinations in Ashokan this week.

Mrs. Juan Botella and Mrs. Ernest Botella visited in Oneonta Saturday. They were accompanied by Miss Mary Botella who returned to her college studies.

Bruno Borchardt has returned to his work in New York. He has been spending some time at his home here as Mrs. Borchardt has been a patient in a hospital for a few days.

Mrs. Muriel Stanton was given a surprise party in honor of her birthday last week by the Crusaders of the Olive Bridge Church. Games were played and refreshments enjoyed. The group was chaperoned by the Rev. Jack Savage, pastor of the Olive Bridge Church.

Marriage Annulled By Court Order

Marriage of Josephine Marabelle of Kingston to Charles J. Marabelle has been annulled by order of Justice Roscoe V. Elsworth. On March 2, last, at a regular special term of Supreme Court held here the annulment action was heard by the court and an order was entered on March 16 which provided that the annulment become final 90 days following filing of the order, or on June 20, 1951.

Cashin and Ewig, by Arthur B. Ewig, appeared for plaintiff and Thomas F. Saccoman appeared for the defendant.

Annulment of the marriage of Josephine Marabelle was granted on the grounds that at the time of that marriage in New Jersey in 1946, defendant was then married although at the time he believed his prior marriage had been dissolved by a decree of divorce granted him in Florida in 1946. That Florida decree has been attacked and set aside by the court. The present action for annulment was commenced in Supreme Court here.

In Local Air Force Display

Young and old alike find this cutaway version of the J-35 jet engine an unusual and complicated power plant. All the internal functioning parts will be revealed during the air force display in Kingston, Wednesday, July 11. The local display will be included in the 3,000-mile tour scheduled through nine northeastern states. *(U. S. Air Force Photo)*

Plane Display Is Slated for City Wednesday, July 11

Kingston has been selected as one of the display sites on a 3,000 mile air force display tour through nine northeastern states. This extensive motorcade will visit 29 cities from June 4 to July 26. Four major exhibits will be displayed here, Kenneth Pratt, of the Civic Air Patrol Squadron, which will sponsor the local display in cooperation with the Kingston Chamber of Commerce, announced today.

Highlight of the exhibits that will be open to free public inspection July 11 will be the 99-foot fuselage of the "Lucky Lady II" the Air Force B-50 Superfortress bomber that made the first and only non-stop flight around the world in 1949. In addition to the bomber display the fuselage of an F-84 Thunderjet fighter and two modern cutaway aircraft engines will also be brought here.

The exhibit tour is being conducted to further the air force's program to keep the public more fully informed on its meaning, scope and role in the future security of the nation by presenting air force planes and equipment on the "Main Streets" of America. Two similar tours were conducted through north and southwestern states last year and were visited by over 1,700,000 spectators. This is the first display tour of the globe-circling B-50 however.

Arrangements are being made by the Civic Air Patrol Squadron to locate a suitable display site for the exhibits so they will be readily accessable to the local citizenry. Final arrangements for the display are being made with officials of the Air Force's Exhibit Unit at Wright-Patterson AF Base, Dayton, O., origin of the circuit tour.

This organization has taken similar air force exhibits over 317,000 miles across the nation's highways during the past four years and made its displays to more than 24 million air-minded Americans. Trained technicians from this group will accompany the exhibits to be shown here to describe plane and equipment features and answer questions of spectators.

Visitors Need Deposit Before Borrowing Books

Persons visiting in Kingston this summer may draw books from the Kingston Public Library by making a deposit of $2, which will be returned to them when the books are brought back to the library.

This library rule is not new, but was stressed today by the Board of Trustees so that local rsidents may inform visitors of this privilege, of which they might not be aware.

Use of the library, including borrowing privileges, is free to all persons who live or work in Kingston and to those who have a Kingston RFD address. Out-of-city addresses, other than Kingston RFD, entitle residents to the full use of the library upon payment of $2 per year.

Students who attend Kingston schools, regardless of their home address, may use the library and may draw books without charge upon presentation of a card obtainable from their school authorities.

Deanna's Baby Born

Paris, June 21 (AP)—Deanna Durbin has given birth to a nine-and-a-half pound boy, named Peter "because it's a nice name," her husband said today. The child is Deanna's second. Her five-year-old daughter, Jessica was born of her second marriage, to Hollywood Producer Felix Jackson.

One reason why oven-resistant glassware is so satisfactory for casserole dishes is that the glass holds the heat well.

Democrats to Hold Convention July 3

The Democratic county convention will be held at the court house on Tuesday evening, July 3, at 8 o'clock for the purpose of recommending candidates for county clerk and coroner. The city convention will be held immediately following the county convention for the purpose of recommending candidates for mayor, alderman-at-large. There will also be elected this fall members of the board of supervisors and aldermen in the city of Kingston.

Democratic caucuses will be held on June 27 at 8 o'clock to name delegates to the county and city conventions.

In addition to naming candidates for local office delegates to the Democratic judicial convention and alternate delegates will be named at the convention.

Paris, June 21 (AP)—Deanna Durbin has given birth to a nine-and-a-half pound boy, named Peter "because it's a nice name," her husband said today. The child is Deanna's second. Her five-year-old daughter, Jessica was born of her second marriage, to Hollywood Producer Felix Jackson.

One reason why oven-resistant glassware is so satisfactory for casserole dishes is that the glass holds the heat well.

Democrats to Hold Convention July 3

The Democratic county convention will be held at the court house on Tuesday evening, July 3, at 8 o'clock for the purpose of recommending candidates for county clerk and coroner. The city convention will be held immediately following the county convention for the purpose of recommending candidates for mayor, alderman-at-large. There will also be elected this fall members of the board of supervisors and aldermen in the city of Kingston.

Democratic caucuses will be held on June 27 at 8 o'clock to name delegates to the county and city conventions.

In addition to naming candidates for local office delegates to the Democratic judicial convention and alternate delegates will be named at the convention.

Rabbis Protest Services in Schools

New London, Conn., June 21 (AP)—Some 600 American rabbis yesterday called for a fight against what they described as efforts to introduce religious "denominational observances" in the public schools.

Unless such a stand is taken, the Central Conference of American Rabbis said, "we will be the pathetic witnesses of the eventual complete destruction" by the principle of church-state separation.

The conference said there are many indications of "strong and increasing sentiment for more religion in public schools," and added:

"In many communities, far too many to catalogue, religious observances in the public schools have created heated passions and violent recriminations.

"Non-Jewish groups have been aroused and Jewish groups have been agitated."

The report, approved unanimously at the conference's 62nd annual convention, opposed school observances of religious holidays, hymn singing or reading of the Bible in schools, and programs of released-time religious instruction.

Rabbi Jacob Shakman, of New Rochelle N. Y., head of the committee which prepared the report, said most states now authorize released-time religious instruction.

Such instruction is received during school hours by pupils, whose parents request it, but must be given outside school buildings under a recent Supreme Court ruling.

Shakman said 12 states require Bible reading in the school.

$506,000 Suit Filed

New York, June 21 (AP)—Suit for $506,000 against Northwest Airlines, Inc., has been filed in Federal Court by executors of the late William H. Freng, vice president of the International Telephone and Telegraph Co. Freng, who was general solicitor for I. T. & T; his wife, Rosa, and their daughter, Barbara Jane, 19, were killed in a plane accident over Lake Michigan last year. The suit was filed by William Ramsay and May Ramsay, co-executors of Freng's will, on behalf of Mary Ann Freng White, a married daughter. Their will was admitted to probate in Westchester County's Surrogate's Court last Aug. 1.

which was forwarded to the board.

Resolutions by Third Ward Alderman Edwin Radel asking for a light on Florence street extension and one on Stephan street were referred to the lighting committee. Another by the alderman asking for a fence at the entrance of Hutton Park at Grant and Sylvester streets was filed. A request for a light on Valentine avenue and one on Gage street signed by 26 petitioners, were referred to the lighting committee.

Aides Are Okayed

The board approved the temporary appointment of the following as engineer's aides, grade 1: Jay T. Rider, 40 Sherman street; Walter R. May, 6 Washington avenue; John Netter, 111 Andrew street, and James F. Cooney, 45 Abbey street.

The following playground supervisors listed by Andrew J. Murphy, 3rd, of the Recreation Department, were approved: Libby Warshaw, Jacquelyn Steuding, Lorraine McGinnis, Barbara Millens, Pat Sanford, Kathleen Netter, Sandra Silk, Shirley Piester, Peter Boolukos, Maureen Davis, Barbara Schultz, Jeanne Anderson, Sally Ann Sherman, Barbara Schwartz, Bernard Redmond, Andrew Juhl, Eileen Byrne, Marilyn Jacobson, George Carpousis and Natelie Ann Murray.

Will Be Speaker

the state federation, Mrs. Strayer was appointed by Governor Dewey a member of the Women's Council of the State Department of Commerce; a member of the Citizen's Committee on the Courts; a member of the Housing Commission. She has also served as a member of the New York State Home and Safety Advisory Committee of the National Educational Association and as a member of the President's Highway Safety Committee.

Mrs. C. J. Heiselman, chairman of the luncheon committee, in a statement has urged all members of the Ulster County Republican Club and their neighbors and friends not to miss this opportunity to hear such an outstanding personality as Mrs. Strayer, the luncheon speaker. "She has a charming personality and is a forceful and interesting speaker," Mrs. Heiselman said, "and will have a message of importance that all of our women should hear and I hope as many women as possible will take advantage of this opportunity and make their reservations at once."

Bank Celebrates Centennial

This is the Ulster County Savings Institution at 280 Wall street as it appears today. The exterior of the building is almost exactly as it appeared at the completion of its construction in 1870. A dinner celebrating the 100th birthday of the uptown bank was held Tuesday night at the Governor Clinton Hotel.

Newly-elected officers in April of the Ulster County Savings Institution included, from left, Pratt Boice, president; John H. Saxe, first vice-president; Arthur G. Carr, second vice-president; Roger H. Loughran, attorney; Victor H. Roth, treasurer; and Joseph A. Fassbender, assistant treasurer.

The present staff of the uptown institution, shown in the lower photo, includes, seated, from left, Roberta A. Rici, Joseph A. Fassbender, Victor H. Roth and Colleen R. Crespino. Standing in the usual order are S. Maxwell Taylor, John T. R. Hall, Francis M. Cronk, Jr., George L. Berry and John L. Hughes.

HOME BUREAU

Plank Road Unit

Thirty-three members of the Plank Road Home Bureau unit attended a covered dish supper at Boice's Hall Tuesday. Mrs. William Powers, unit sponsor on the executive board, was a guest.

Following the supper, a short business meeting was conducted by Mrs. Raymond Trumpait, chairman. Mrs. Powers, on behalf of the unit, presented pins to the following retiring officers: Mrs. Trumpait, chairman; Mrs. Adelaide Gilbert, vice-chairman; Mrs. Michael Maxson, secretary; and Miss Freida Walker, treasurer. Mrs. Maxson and Miss Walker had perfect attendance records during their two consecutive years as officers.

Mrs. Emil Wieland presented a corsage to Mrs. Powers and to each of the retiring officers on behalf of the unit. Members voted to donate $25 to the cerebral palsy campaign. Mrs. Powers was unanimously voted as an honorary member of the unit.

The unit will resume its activities September 11, at Boice's Hall on the Plank road.

Will Stay at Waldorf

New York, June 21 (AP)—Gen. Douglas MacArthur reportedly has decided to continue renting the Waldorf-Astoria's 10-room presidential suite for the next year. A hotel spokesman said yesterday the five-star general will stay on in the same suite "on a yearly rental basis." The general, Mrs. MacArthur and their son, Arthur, have occupied the quarters since they returned from Japan last April. The hotel spokesman would not disclose the yearly rental. When the MacArthur's first moved in, a spokesman for the hotel said the general was paying $130 a day for the suite.

St. Ursula Alumnae Welcome Members At Reception Sunday

New members from this June's graduating class were welcomed into the Alumnae Association of the Academy of St. Ursula during a reception and business meeting at 2:30 p. m. Sunday in the garden at Marygrove. Many of the association members were accompanied by their children.

The meeting was opened with a prayer by Mother Mary Eleanora, followed by a word of welcome from the president, Miss Betty Ann Flynn. During the business meeting members voted unanimously in favor of a semi-annual news letter which will be sent to all members, with Miss Rosemary Conway as editor. Various members were also appointed to gather news of their respective classes.

It was also decided that the association return to its original practice of three business meetings a year, in addition to a tea and reception for new members, and it was announced that the yearly Mass for deceased members will, in all probability, precede the fall meeting. The custom of group recitation of the Rosary for a deceased member of the family of an alumna be revived.

Election of officers followed with nominations made from the floor. Officers for the '51-'52 academic year are Miss Betty Ann Flynn, president; Miss Elizabeth Dwyer, vice president; Miss Madeline M. Berg, secretary, and Miss Catherine Cater, treasurer.

Following officer installation new members were welcomed, with Miss Marilyn Gadd, president of the graduating class, pledging the class support.

Members of the activities committee who will plan the coming year's social program include Miss Mary Ashdown, Miss Margaret Feye, Miss Ann Berenice Keating, and Miss Berg. The first activity proposed was a picnic to be held in July.

Refreshments were served on the convent porch following the business meeting.

Junior Marrieds Select Committees

Officers and committee chairman of the Junior Married Women's Club of the YWCA met Monday night at the home of the president, Mrs. Fred Port, to plan the '51-'52 season's activities.

The club will open next fall with a social hour and business meeting September 20 at the YWCA. Meanwhile, members are requested to call 4393 to submit the names of those who might be interested in joining the group. Married women who are interested in membership are urged to phone the same number.

During Monday night's program chairmen chose the following committees: Program, the Mmes. Peter Corsones, William Gaffken, Louis Salzman, and John Cline; membership, the Mmes. Harold Baltz, Henry Eighmey, G. Robert Anderson, Clifford Every; publicity, Mrs. Henry Eighmey; hospitality, Mrs. Morgan Ryan; entertainment, the Mmes. Peter Matthews, Raymond Garraghan, Robert DeFeis, Merrill Yaple; service, the Mmes. Howard Fox, John Ceccarelli, LeRoy Van Bramer; finance, Mrs. Harold Reis.

Christine Straub Honored at Shower

A bridal shower in honor of Miss Christine Straub was held at the home of Mrs. Gilbert Straub, 90 Henry street, Tuesday night, June 12.

Decorations were based on a rainbow color scheme, and featured a traditional sprinkling can.

Attending the shower were the Mmes. John Mower, Arthur Dumond, Mary Mowell, Edna Davis, Harold Pine, Ferris Williams, Robert Carpenter, Flossie Propper, Wara Straub, Lulu Castor, Gus Konen, Elmer King and Gilbert Straub.

Safety Council Visitors

Representatives of the Eastern New York Mineral Aggregates Safety Council during a luncheon yesterday at the Embassy Room. The group travelled here to inspect the Callanan Road Improvement Co. Seated in the usual order at the table are Clarence Gustafson, secretary, superintendent of the South Bethlehem quarry; John Kawaske, president, general superintendent of the Callanan Road Improvement Co.; Clarence Stetser, treasurer, superintendent of the Clinton Point quarry. Standing, left to right, are Frank Pouliott, safety service, State Insurance Fund; Orville Van Alstyne, superintendent, Callanan Road Improvement Co., and John Hopkins, president of the Albany Gravel Co. *(Freeman Photo)*

OBLIGATIONS TO MARRIED ATTENDANTS

A pre-wedding argument continues about the following: "My fiancee is not from this city and he therefore feels that it is my family's duty to put up all the wedding attendants, including his own, if not in our own house then to find places for them in the houses of neighbors and friends. Also, in cases where their wives come too, he feels this applies. I disagree. Please decide this question for us."

His own attendants are his responsibility. In cases where they are married and the bridegroom is a stranger in town, the bride's family would try to come to his aid in whatever way they can. Unless they can help him, the hotel bill would certainly be very heavy for him. Actually, however, the bride's family's responsibility goes no further than finding places for the bridesmaids.

Cocktail Party

Dear Mrs. Post: Our daughter is invited to a cocktail party in a hotel, invitation reading from 4:30 to 7. How long does she stay?

Answer: The invitation means the party begins at the first hour mentioned and is over at the second, and that guests are expected for however long they wish to stay within the limits of this time.

Family Letter Paper

Dear Mrs. Post: What kind of letter paper could I order which would be suitable for the whole family to use for all general purposes?

Answer: Paper stamped with the address only, of conventional size and color suitable for men as well as women members of the family, would be the most correct house paper.

Salad Bowl

Dear Mrs. Post: When served an individual salad bowl (chef's salad, for example) as the main course at lunch, does one eat out of the bowl or take small portions over on to one's plate?

Answer: As a rule, you mix the salad with the dressing in the bowl, and then take it little by little on your plate.

St. Ursula Alumnae Welcome Members At Reception Sunday

New members from this June's graduating class were welcomed into the Alumnae Association of the Academy of St. Ursula during a reception and business meeting at 2:30 p. m. Sunday in the garden at Marygrove. Many of the association members were accompanied by their children.

The meeting was opened with a prayer by Mother Mary Eleanora, followed by a word of welcome from the president, Miss Betty Ann Flynn. During the business meeting members voted unanimously in favor of a semi-annual news letter which will be sent to all members, with Miss Rosemary Conway as editor. Various members were also appointed to gather news of their respective classes.

It was also decided that the association return to its original practice of three business meetings a year, in addition to a tea and reception for new members, and it was announced that the yearly Mass for deceased members will, in all probability, precede the fall meeting. The custom of group recitation of the Rosary for a deceased member of the family of an alumna be revived.

Election of officers followed with nominations made from the floor. Officers for the '51-'52 academic year are Miss Betty Ann Flynn, president; Miss Elizabeth Dwyer, vice president; Miss Madeline M. Berg, secretary, and Miss Catherine Cater, treasurer.

Following officer installation new members were welcomed, with Miss Marilyn Gadd, president of the graduating class, pledging the class support.

Members of the activities committee who will plan the coming year's social program include Miss Mary Ashdown, Miss Margaret Feye, Miss Ann Berenice Keating, and Miss Berg. The first activity proposed was a picnic to be held in July.

Refreshments were served on the convent porch following the business meeting.

Junior Marrieds Select Committees

Officers and committee chairman of the Junior Married Women's Club of the YWCA met Monday night at the home of the president, Mrs. Fred Port, to plan the '51-'52 season's activities.

The club will open next fall with a social hour and business meeting September 20 at the YWCA. Meanwhile, members are requested to call 4393 to submit the names of those who might be interested in joining the group. Married women who are interested in membership are urged to phone the same number.

During Monday night's program chairmen chose the following committees: Program, the Mmes. Peter Corsones, William Gaffken, Louis Salzman, and John Cline; membership, the Mmes. Harold Baltz, Henry Eighmey, G. Robert Anderson, Clifford Every; publicity, Mrs. Henry Eighmey; hospitality, Mrs. Morgan Ryan; entertainment, the Mmes. Peter Matthews, Raymond Garraghan, Robert DeFeis, Merrill Yaple; service, the Mmes. Howard Fox, John Ceccarelli, LeRoy Van Bramer; finance, Mrs. Harold Reis.

Christine Straub Honored at Shower

A bridal shower in honor of Miss Christine Straub was held at the home of Mrs. Gilbert Straub, 90 Henry street, Tuesday night, June 12.

Decorations were based on a rainbow color scheme, and featured a traditional sprinkling can.

Attending the shower were the Mmes. John Mower, Arthur Dumond, Mary Mowell, Edna Davis, Harold Pine, Ferris Williams, Robert Carpenter, Flossie Propper, Wara Straub, Lulu Castor, Gus Konen, Elmer King and Gilbert Straub.

OBLIGATIONS TO MARRIED ATTENDANTS

A pre-wedding argument continues about the following: "My fiancee is not from this city and he therefore feels that it is my family's duty to put up all the wedding attendants, including his own, if not in our own house then to find places for them in the houses of neighbors and friends. Also, in cases where their wives come too, he feels this applies. I disagree. Please decide this question for us."

His own attendants are his responsibility. In cases where they are married and the bridegroom is a stranger in town, the bride's family would try to come to his aid in whatever way they can. Unless they can help him, the hotel bill would certainly be very heavy for him. Actually, however, the bride's family's responsibility goes no further than finding places for the bridesmaids.

Cocktail Party

Dear Mrs. Post: Our daughter is invited to a cocktail party in a hotel, invitation reading from 4:30 to 7. How long does she stay?

Answer: The invitation means the party begins at the first hour mentioned and is over at the second, and that guests are expected for however long they wish to stay within the limits of this time.

Family Letter Paper

Dear Mrs. Post: What kind of letter paper could I order which would be suitable for the whole family to use for all general purposes?

Answer: Paper stamped with the address only, of conventional size and color suitable for men as well as women members of the family, would be the most correct house paper.

Salad Bowl

Dear Mrs. Post: When served an individual salad bowl (chef's salad, for example) as the main course at lunch, does one eat out of the bowl or take small portions over on to one's plate?

Answer: As a rule, you mix the salad with the dressing in the bowl, and then take it little by little on your plate.

Colonials Drop Twin-Bill to Pittsfield; Canepa Loses in 13th

Double Win Sends Visitors Into 1st; 473 Watch Games

Electrics Score 4-3, 11-2 Victories

The Pittsfield Electrics went about the business of sweeping a doubleheader from the Colonials in the fashion of a pennant winning club last night before 473 fans at municipal stadium.

They stole a 4-3 victory in a thrilling 13-inning opener and flattened their hosts, 11 to 2, in the nightcap.

The double victory sent the Electrics into first place a half a game ahead of the Oneonta Red Sox who divided a twinbill with Rome last night.

The twinbill consumed nearly six hours and the "Orchid Night" feature attracted 148 of the fair sex.

In both instances, tight pitching and stout fielding held up for the Bay Staters, but Vince Canepa lost the opener in a manner that would make the angels weep.

Canapa locked in a torrid duel with George McPhail, the Electrics ace, through six scoreless innings before the break occurred. Bill Pope, who was "5 for 0" up to the 13th, led off with a single to right. Dick Zack whacked a grounder to Manager Joel Kern, who first fumbled the ball in his eagerness to start a DP rolling, then fired past Red Klinger at first, sending Pope to third and Zack to second. Jack Fitzgibbon lashed a single to center scoring Pope with the winning run.

McPhail Wins 12th

It was McPhail's 12th win of the year against two losses.

Canapa got a ragged start, yielding two runs and five hits in the first two frames but was a magnificent moundsman thereafter. Dick Zack nicked him for a homer over the left field fence in the fifth and he had yielded only three hits in ten frames when the Electrics came to bat in the 13th.

The nightcap exploded in the third when Fitzgibbon powered a grand slam homer over the left field wall to highlight a five-run inning off Jack Ormiston, who gave high promise of a good night in the first two innings.

McPhail permitted only seven hits in the opener, walked six and struck out 12. He got the side on strikes in the fourth. Katulka was even more impressive with a four-hit job embellished by five strikeouts and four walks.

A couple of scratch singles by Jack Fitzgibbon and Bob Winters preceded Jack Moore's legitimate one-baser in the second inning of the opener and Jack Seltenreich drove in two with a single to center.

Zack's fifth inning homer just cleared the barrier in left field and was the only damage against Canepa until the fateful 13th.

Duke Groce, Kingston's new third sacker, singled behind walks to Sam Piacentino and Tony Gomez to make it 2-1 in the third inning. The Colonials squared the count at 3-3 in the sixth on Lou Kramberg's double to right center, a wild peg by Charlie Ruddock trying to head Lou off at third on Piacentino's grounder, scoring Kramberg and sending Sam to second from whence he rode home on Tony Gomez's shot to right. Mr. McPhail was the complete master until the tenth.

Joel Kern's single and walks to Piacentino and Jack Allen loaded the sacks in that inning but Tony Gomez's best effort was a soft liner to short.

Wildness Is Costly

Jack Ormiston and Dan Katulka made passes like another tight pitching duel in the nightcap but the roof fell in on the Colonial righthander in the third, principally because of his own wildness.

With one out, Ormiston walked Seltenreich, fanned Palmisiano. He hit Ruddock with a pitched ball, walked Bill Pope to load the sacks and issued another pass to Dick Zack forcing in a run. Fitzgibbon stepped up and cleared the bases with a shot over the left field wall and it was 5-0 just as quick as that. Dick Connors relieved Ormiston and held the Electrics at bay until the seventh when they scored six more.

In Pittsfield's hectic seventh, 11 batted with Winters and Palmisiano getting singles; Zack a double, there were two walks and Seltenreich unloaded a base-clearing double.

Katulka lost his shutout in the Kingston fifth when Dick Connors led off with a walk and was safe at second when Ruddock threw Dennis Healey's grounder past second trying for a DP. Kern forced Healey and Lou Kramberg rifled a single to right center scoring Connors and Kern trotted home on a wild pitch by Katulka.

Dennis Healey, with a pair of singles, was the only Colonial batter with more than one hit in the marathon opener. Seltenreich had a good night for the visitors with four hits and five RBIs. Frank Seeley probable Colonial starter tonight. Pitching staff is down thin and a heavy schedule looms. Lou 'Chic" Provenzano had $75 in cash prizes up for the Colonials but there were no takers. Pittsfield series closes out tonight. Rome Colonels come in for Friday and Saturday engagements, followed by a return engagement with the Pittsfield nine on Sunday, a twi-night affair starting at 6:30 p. m. Last night's twinbill ended at 12:25 a. m.

Patsy Haley Dies

New York, June 21 (AP)—Patsy Haley, 73, well known featherweight fighter at the turn of the century, died yesterday. He had been a patient at Creedmor State Hospital for several years and two months ago was stricken with paralysis.

Colonials Are Reported Dickering for Manager

Although no definite decisions have been made, Addison Jones, general manager of the Kingston Baseball Club, announced this morning that the Colonials are in present negotiations for a new manager.

Joel Kern, young shortstop, has been serving as acting manager since Hank Camelli, former pilot, resigned about a month ago.

Jones, in confirming reports that the Colonials are seeking a new pilot, said that at least two men are under consideration.

He named one as Bob Murray, former scout of the Boston Braves, who also played in the Piedmont League and Georgia State League.

Joe Farrell, former scout of the Cincinnati Reds, also is working on a possible manager for the club in addition to player help.

The Colonials will meet the Pittsfield Electrics in a single game tonight at the Stadium, at 8 o'clock.

Ceremonies Slated On Saturday

Elaborate plans were formulated Wednesday night by the Kingston Athletic Association for the formal opening of the Little League in Kingston Saturday.

Ceremonies will start at 1:30 p. m., with a parade leaving from the Academy Green for the ballpark on St. Mary's Field, off Foxhall avenue.

The route of march will be from the Academy Green down Broadway to O'Neil street, O'Neil to Foxhall avenue and then to the park.

Participating in the parade with an escort by the police department will be the American Legion color guard, the young Lions Drum Corps, members of the Kingston Paid Fire Department, Lions Club and other service organizations. Members of the four teams and an engine from the Kingston Fire Department will be included in the parade.

During last night's session, the four league clubs were designated as the Yankees, Giants, Red Sox and Dodgers.

An appropriate opening game on Saturday will bring together the Dodgers and Giants with Bud Culloton, former Pittsburgh Pirate hurler coaching the Dodgers and Joe Hoffman at the helm of the Giants.

The Red Sox, coached by Charlie Higgins, will meet the Yankees, tutored by Walter Black, in the other contest.

Starting Monday, June 25, the Little League will schedule games every Monday, Tuesday, Thursday and Friday nights.

Midget Drivers In Airport Races

Two Poughkeepsie midgets—Tom Hall, driver, and Jack Davis, pitman—will be featured in the Friday night stock car races at the Arlington Airport Speedway near Poughkeepsie.

They are actual contestants and not an act and will race with their specially built cars.

Other contestants in the field will be Freddie Sheppard; Duke Washburn and Buck Eastwood of Poughkeepsie and Ben Davis, of Napanoch.

A large does of human interest surrounds Walt Black's role as coach in the Little League baseball program that starts Saturday. Here is a gallant man who was struck down by a tragic accident in the prime of his pitching career. He survived several operations and lay flat on his back for months after the accident.

Black's interest in baseball never diminished and it is an inspiring sight to watch him work out with candidates for the Little League.

When Black was injured, he was heading toward all-time stardom among local hurlers. A slick, speedy southpaw with great control, he had everything to become a great pitcher. He had all the equipment including a fine disposition and temperament.

Black shut out Lou Murphy's greatest House of David squad at the old Fair Grounds. This was the club that featured the renowned Jumbo Barrett behind the plate; Jimmy Woods on first; Admiral Pepper Martin at third; Howie Shadowen in center; Ramsey, old Mike Janesko and Moose Swaney. These same Davids battled the Bushwicks 14 times that same year, averaging 10,000 fans per doubleheader and whipping Max Rosner's greats something like 10 out of 14.

• Flotsam and Jetsam:

Bill Johnston, the New York wrestling promoter, heading for Kingston for a "spot of golf" in July. His most recent effort was an "honest 120," if you know what that means, he quizzed. Meaning, of course, that he used tees in the rough only twice, a couple of hand mashies from traps and conceded himself every putt six feet and under. Johnston and the Lake Katrine Rod and Gun Club are trying to work out terms for a summer wrestling promotion. . . . Warren Smith may restore some order to the chaos of the business manager's office of the Colonials. When you hear both sides of the Claude Middagh vs. Colonials relations, you realize that only Solomon might qualify to make the proper decision. Robert J. Sise, Gloversville pitcher, is a lawyer by day and pitcher by night in the Can-Am League. A 25-year-old resident of Amsterdam, Sise wins his share of scraps in court and on the mound, but he hasn't much of a chance against umpires. The Glovers legal eagle, who considers ball just a sideline, is a right hander. Pitcher Sise carries his uniform in his car all the time, usually next to Attorney Sise's brief case. When the club is on the road he drives his own car.

Twarn't Nuthin' Dept.—A reporter asked Paul Richards, manager of the amazing Chicago White Sox, "How do you work the miracle?" Richards replied: "I just hand in the lineups, each name spelled correctly."

• Of Men and Mice:

The Colonials need a couple hundred rooters like Phil Corrado, the Foxhall avenue barkeep. Now that the Ciants are rolling (but seemingly like on a treadmill the way the Brooks keep winning), Corrado is in high spirits. And who can pep up the municipal stadium like Phil? The West Shokan Wildcats ruined Father's Day for the daddies by trouncing them in a baseball game, 19 to 7. A couple of the Wildcats, Harrison and Burke, delivered four hits apiece. Mercer had four blows for the pappies. . . . Cancellation of the Albany-to-New York outboard marathon was big blow to Harvey Miller, who was set to make his big time debut in that one. Meanwhile, plans are progressing for the KPBA's July 8 Regatta on the Rondout. Poughkeepsie and Newburgh semi-pro addicts arguing about which city has the better team. We think Poughkeepsie, but they're spending more money, too. The home run derby appears to have slowed down in the City League. Maybe the pitching is catching up with the hitters.

There are so many empty pews in baseball grandstands these days that you expect to hear the announcer give a sermon instead of the lineups.

Ford Hanover Not Eligible for Goshen

Westbury, N. Y., June 21 (AP)—Bill Strang, one of harness racing's foremost experts and twice winner of the Hambletonian, is feeling a little downcast today.

The reason is that Ford Hanover is not eligible for the $100,000 three-year old trotting stake at Goshen in August. Strang, Brooklyn storage operator who won the rich race with the Ambassador in 1942 and Volo Song in 1943, figures he would have a mighty good chance if Ford Hanover was eligible.

The son of His Excellency stepped the mile of the $10,000 old Westbury trot at Roosevelt Raceway last night in 2:04 3/5—right fair time over a half-mile track. Under John Simpson's guidance Ford Hanover won by seven lengths.

Before the pace Strang said his pick for the Hambletonian was Mahlon Hanover from the Milky Way Stable of Rockville Center, N. Y.

But Mahlon Hanover was among the trailers as second went to Cleo A. Young's Bernie Hanover of Timmonsville, S. C. and third to Ralph H. Kroening's Mainliner of Milwaukee.

Second No-Hitter

Jackie Houghtaling hurled his second no-hitter and struck out 16 batters as the St. Mary's Dodgers scored a 5 to 4 win over St. Joseph's this week. Al Wood rapped a single with the bases loaded in the last inning to win the game. Charlie Diers picked up three hits, two of them doubles, for the winners.

Swim Records Snapped

Honolulu, June 21 (AP)—American records for the 50 and 200-meter free style swims were bettered tonight in the annual Keo Nakama meet at Waikiki Natatorium. Ford Konno, 18-year-old Hawaiian star, swam 200 meters in 2:08.8. The American record of 2:10 was set by Jim McLane of Yale in 1948. Australia's John Marshall set the world mark of 2:04.6 last year. Richard Cleveland of Onio State, National AAU sprint champion, did the 50 meters in 25.3. Paul Wolf's American record of 25.4 was set in 1937. Registered AAU timekeepers and judges were present.

Eyes on Records

Berkeley, Calif., June 21 (AP)—World record holders, national champions and a galaxy of foreign stars, will assault times and distances here tomorrow and Saturday in the 63rd annual American (AAU) track and field championships. They comprise one of the greatest aggregations of athletes ever assembled for this meet. It amounts to a dress rehearsal of the U. S. Olympic team for 1952 and a preview of some of the outstanding foreign competitors.

Colonials Drop Twin-Bill to Pittsfield; Canepa Loses in 13th

Double Win Sends Visitors Into 1st; 473 Watch Games

Electrics Score 4-3, 11-2 Victories

The Pittsfield Electrics went about the business of sweeping a doubleheader from the Colonials in the fashion of a pennant winning club last night before 473 fans at municipal stadium.

They stole a 4-3 victory in a thrilling 13-inning opener and flattened their hosts, 11 to 2, in the nightcap.

The double victory sent the Electrics into first place a half a game ahead of the Oneonta Red Sox who divided a twinbill with Rome last night.

The twinbill consumed nearly six hours and the "Orchid Night" feature attracted 148 of the fair sex.

In both instances, tight pitching and stout fielding held up for the Bay Staters, but Vince Canepa lost the opener in a manner that would make the angels weep.

Canapa locked in a torrid duel with George McPhail, the Electrics ace, through six scoreless innings before the break occurred. Bill Pope, who was "5 for 0" up to the 13th, led off with a single to right. Dick Zack whacked a grounder to Manager Joel Kern, who first fumbled the ball in his eagerness to start a DP rolling, then fired past Red Klinger at first, sending Pope to third and Zack to second. Jack Fitzgibbon lashed a single to center scoring Pope with the winning run.

McPhail Wins 12th

It was McPhail's 12th win of the year against two losses.

Canapa got a ragged start, yielding two runs and five hits in the first two frames but was a magnificent moundsman thereafter. Dick Zack nicked him for a homer over the left field fence in the fifth and he had yielded only three hits in ten frames when the Electrics came to bat in the 13th.

The nightcap exploded in the third when Fitzgibbon powered a grand slam homer over the left field wall to highlight a five-run inning off Jack Ormiston, who gave high promise of a good night in the first two innings.

McPhail permitted only seven hits in the opener, walked six and struck out 12. He got the side on strikes in the fourth. Katulka was even more impressive with a four-hit job embellished by five strikeouts and four walks.

A couple of scratch singles by Jack Fitzgibbon and Bob Winters preceded Jack Moore's legitimate one-baser in the second inning of the opener and Jack Seltenreich drove in two with a single to center.

Zack's fifth inning homer just cleared the barrier in left field and was the only damage against Canepa until the fateful 13th.

Duke Groce, Kingston's new third sacker, singled behind walks to Sam Piacentino and Tony Gomez to make it 2-1 in the third inning. The Colonials squared the count at 3-3 in the sixth on Lou Kramberg's double to right center, a wild peg by Charlie Ruddock trying to head Lou off at third on Piacentino's grounder, scoring Kramberg and sending Sam to second from whence he rode home on Tony Gomez's shot to right. Mr. McPhail was the complete master until the tenth.

Joel Kern's single and walks to Piacentino and Jack Allen loaded the sacks in that inning but Tony Gomez's best effort was a soft liner to short.

Wildness Is Costly

Jack Ormiston and Dan Katulka made passes like another tight pitching duel in the nightcap but the roof fell in on the Colonial righthander in the third, principally because of his own wildness.

With one out, Ormiston walked Seltenreich, fanned Palmisiano. He hit Ruddock with a pitched ball, walked Bill Pope to load the sacks and issued another pass to Dick Zack forcing in a run. Fitzgibbon stepped up and cleared the bases with a shot over the left field wall and it was 5-0 just as quick as that. Dick Connors relieved Ormiston and held the Electrics at bay until the seventh when they scored six more.

In Pittsfield's hectic seventh, 11 batted with Winters and Palmisiano getting singles; Zack a double, there were two walks and Seltenreich unloaded a base-clearing double.

Katulka lost his shutout in the Kingston fifth when Dick Connors led off with a walk and was safe at second when Ruddock threw Dennis Healey's grounder past second trying for a DP. Kern forced Healey and Lou Kramberg rifled a single to right center scoring Connors and Kern trotted home on a wild pitch by Katulka.

Dennis Healey, with a pair of singles, was the only Colonial batter with more than one hit in the marathon opener. Seltenreich had a good night for the visitors with four hits and five RBIs. Frank Seeley probable Colonial starter tonight. Pitching staff is down thin and a heavy schedule looms. Lou 'Chic" Provenzano had $75 in cash prizes up for the Colonials but there were no takers. Pittsfield series closes out tonight. Rome Colonels come in for Friday and Saturday engagements, followed by a return engagement with the Pittsfield nine on Sunday, a twi-night affair starting at 6:30 p. m. Last night's twinbill ended at 12:25 a. m.

Patsy Haley Dies

New York, June 21 (AP)—Patsy Haley, 73, well known featherweight fighter at the turn of the century, died yesterday. He had been a patient at Creedmor State Hospital for several years and two months ago was stricken with paralysis.

Colonials Are Reported Dickering for Manager

Although no definite decisions have been made, Addison Jones, general manager of the Kingston Baseball Club, announced this morning that the Colonials are in present negotiations for a new manager.

Joel Kern, young shortstop, has been serving as acting manager since Hank Camelli, former pilot, resigned about a month ago.

Jones, in confirming reports that the Colonials are seeking a new pilot, said that at least two men are under consideration.

He named one as Bob Murray, former scout of the Boston Braves, who also played in the Piedmont League and Georgia State League.

Joe Farrell, former scout of the Cincinnati Reds, also is working on a possible manager for the club in addition to player help.

The Colonials will meet the Pittsfield Electrics in a single game tonight at the Stadium, at 8 o'clock.

Parade Will Launch Little League Season

Honolulu, June 21 (AP)—American records for the 50 and 200-meter free style swims were bettered tonight in the annual Keo Nakama meet at Waikiki Natatorium. Ford Konno, 18-year-old Hawaiian star, swam 200 meters in 2:08.8. The American record of 2:10 was set by Jim McLane of Yale in 1948. Australia's John Marshall set the world mark of 2:04.6 last year. Richard Cleveland of Onio State, National AAU sprint champion, did the 50 meters in 25.3. Paul Wolf's American record of 25.4 was set in 1937. Registered AAU timekeepers and judges were present.

Eyes on Records

Berkeley, Calif., June 21 (AP)—World record holders, national champions and a galaxy of foreign stars, will assault times and distances here tomorrow and Saturday in the 63rd annual American (AAU) track and field championships. They comprise one of the greatest aggregations of athletes ever assembled for this meet. It amounts to a dress rehearsal of the U. S. Olympic team for 1952 and a preview of some of the outstanding foreign competitors.

Strive for accuracy rather than distance with the five iron, or mashie.

For this reason, the club is not taken as far back as are longer irons and woods.

The mashie is most effective for shots in the neighborhood of 150 yards. It is a medium iron. Other clubs coming under this classification are the four and six irons.

The grip for the normal five-iron shot is the same as the one employed on any other shot. I use the overlapping grip, with the little finger of my right hand entwined between the first and second fingers of my left.

Assuming the proper grip, you should see not more than half of the back of the left hand.

This center of control should not be altered throughout the swing.

As I wrote in the P. G. A. Teachers' Guide, the feet should be slightly closer together than for a long-iron or wood shot.

The ball is centered.

The shaft of the club and your left arm form an almost straight line to your left shoulder.

My weight distribution is such that there is more weight on my left leg than on the right.

At the three-fourths point of the backswing, my wrists have begun to cock, but my left arm still is straight.

The weight has been transferred almost completely to my right leg.

In the follow through, my weight distribution has changed back to my left and, for the first time, my left arm is bent at the elbow.

My eyes have remained on the spot where the ball originally rested, emphasizing the old adage, "Keep your head down!"

Finish the shot as you would any other, making sure you have completed an arc and are perfectly balanced.

STRAIGHT STUFF—The shaft of the club and Claude Harmon's left arm form an almost straight line to his left shoulder. (NEA)

NEXT: Sam Snead on wood shots.

Amsterdam pitcher Don Sundlov tossed a one-hitter last night, but the lone bingle cost him the game.

Sundlov lost the heart-breaker to Gloversville in the first game of a Canadian-American League doubleheader. Rightfielder Bill McMillan of the Glovers singled in the sixth to drive in centerfielder Walt Slovenski, with the game's only run. Slovenski got on base on an error.

Bob Sise, who tossed a three-hitter, took the 1-0 victory.

The third-place Rugmakers came back, however, in the second game to win, 16-12.

In other twin bills last night, the Pittsfield Electrics regained first place as they dumped the last-spot Kingston Colonials twice, 4-3 and 11-2. The first game went 13 innings.

The Oneonta Red Sox, who had led the league, share a pair of shutouts with the Rome Colonels. The Sox took the seven-inning opener, 3-0, but dropped the finale, 1-0.

In the nightcap at Gloversville, each club used six pitchers. Sise, the fourth Gloversville hurler, took the loss, making it 1-1 for him in a single night. Tom Mollica, the fourth Rugmaker, took the win. Amsterdam centerfielder Frank Wehner banged a homer in the first with one on.

At Oneonta, righthander Charlie Gersten tossed a five-hit shutout at Oneonta. The Sox got their three tallies in the sixth on a walk, a sacrifice, an intentional walk and a single.

Rome's Paul McLaughlin hurled a two-hitter in the nightcap. Joe Ross was the loser. The Colonels' run came in the third on two singles, the decisive one by Ron Esrang.

Will Trim Field

South Bend, Ind., June 21 (AP)—A double round of match play today trims the field of 64 to 16 by nightfall in the jammed Western Amateur golf tournament. Defending Champion Charlie Coe of Oklahoma City led the way over the Dewey South Bend Country Club course against Walter Cisco of Louisville, 1949 Western runnerup.

(By The Associated Press)

The Chicago White Sox's chances of holding first place on the traditional July 4th dividing line hinge on the next five games with New York and Boston.

If Paul Richards' White Sox can safely skirt the Yanks and Red Sox series on the road they'll go home with a comfortable lead.

How to beat the Yanks was one lesson the White Sox failed to learn from Maestro Richards. Losing seven of 10 to New York cost them a chance to pile up a safe margin. Their lead, once measuring five games, has been whittled to 2½.

Fresh out of pitchers, both the White Sox and Yanks fall back on unreliable workmen for today's finale of the current series at Yankee Stadium. Either Howie Judson or sore-armed Saul Rogovin will work for the Sox against Spec Shea, who was treated roughly on relief in the series opener.

Base Running Backfires

Richards got a well-pitched game by Billy Pierce yesterday but lost, 2-1, when the Sox threw away countless chances. Over-ambitious base running, one of their prime assets, backfired on the fleet Sox.

Eddie Lopat seemed on the verge of collapse several times but managed to last the route for his 10th victory. He allowed 10 hits to five off Pierce.

Hank Bauer came up with two big hits when they counted most while Chicago left 10 men stranded. Bauer led off the seventh with a single and scored the tying run. In the eighth his soft looper over Chico Carrasquel's head for a single drove home Mickey Mantle with the winning run.

Cleveland, which follows Chicago into Yankee Stadium, cut loose with an 18-hit attack at Boston to whomp the Red Sox, 14-8.

Avila Hits Three Homers

Bobby Avila unloaded three home runs and a single—a total of 15 bases, only two short of the league record held jointly by Ty Cobb and Lou Gehrig.

While the upper crust of the league wrestled for the important positions, the second division small-fry did some jousting on their own.

Detroit split a twi-night double with the Philadelphia A's, winning 7-2 and losing 5-4. The even break let the A's out of the cellar because St. Louis lost to Washington, 5-1. That combination left the Brownies in exclusive control of the dungeon.

Tommy Holmes found the secret of managing his very first day on the job. Just start Warren Spahn. The capable Boston Braves lefty gave his new boss a comfortable afternoon with a five-hit 9-0 romp over Chicago. Just to make it sure, Spahn hit a three-run homer, double and single. He fanned eight to boost his league-leading total to 65.

Dodgers, Giants Stopped

The pennant race remained unchanged with both Brooklyn and runnerup New York losing. The Dodgers' first place margin still is 5½ games.

Crafty Kenny Raffensberger hogtied the Dodgers with four hits, 2-1. Even so, the Dodgers outhit the Reds who managed only three off Johnny Schmitz and Clyde King.

Red Munger worked in and out of trouble, striking out nine, in St. Louis' 4-2 edge over the Giants.

Bubba Church blanked Pittsburgh, 1-0, on nine hits although his Phillies mates got only four off Bob Friend.

Pros Open Action

Forest Hills, N. Y., June 21 (AP)—Twenty-four professionals start action today in a $10,000 half elimination, half round-robin tennis tournament. Promoter Bobby Riggs is underwriting the tourney for $30,000. The affair will be an elimination until six remain. Then the final sextet will fight it out on a round-robin basis. The seeded players are Pancho Segura, Jack Kramer, Pancho Gonzales, Riggs, Welby Van Horn, Frank Parker, Carl Earn and Jim Everett. Frank Kovacs withdrew yesterday because of a strained stomach muscle.

A species of ribbonfish reaches a length of 35 feet and sometimes is believed to be a "sea serpent."

Philadelphia—Patty Berg eliminated Babe Didrikson Zaharias, 1 up, in the second round of the Women's Western Open championship.

South Bend, Ind.—Frank Stranahan took medalist honors in the Western Amateur championship with a 36-hole total of 139.

London—Herbie Flam and Hal Burrows led the way into the fourth round of the London Grass Courts championships.

New York—An informed source said that both J. Edgar Hoover and James Farley have turned down offers to take over as commissioner of baseball.

New York—Busanda ($12.90) won the $15,000-added Top Flight Handicap at Belmont Park.

Villanova, Pa.—Jim Leonard resigned as head football coach at Villanova.

Yesterday's Stars

(By The Associated Press)

Batting, Bobby Avila, Indians—hit three home runs and a single for total of 15 bases in Cleveland's 14-8 win over Boston.

Pitching, Warren Spahn, Braves—made Tommy Holmes' first day as Boston manager a happy occasion with five-hit shutout of Cubs, 9-0, in addition to rapping out a single, double and three-run homer.

Pros Are Favored In Annual Women's Open Golf Action

Philadelphia, June 21 (AP)—It's the lady pros against the lady amateurs today for semi-final berths in the 22nd annual Western Open golf championship at Whitemarsh Valley Country Club.

The field of eight is split up so that the simon pures left in the competition each tee off against a play-for-pay opponent. And in each instance the pros are favored to prevail.

Based on the golf displayed over Whitemarsh's 6,670 yard layout during the first three days, Louise Suggs, medalist from Carrollton, Ga., and Patty Berg, Minneapolis, pro, are favored to succeed Mrs. Babe Didrikson Zaharias as western champion. Both Miss Suggs and Miss Berg are looking for their fourth western titles.

Miss Suggs gained the quarter-final round yesterday with an impressive 3 and 1 victory over Carol Diringer of Tiffin, O., she meets current national amateur champion, Beverly Hanson of Pasadena, Calif.

Miss Berg meets Philadelphia's Mrs. Mark Porter, the former Dorothy Germain.

She won the U. S. amateur crown in 1949, and also has taken the western amateur. She battled into the quarter-final by beating pretty 17-year-old Marlene Bauer of Midland, Tex., 3 and 2.

Another very impressive figure in the tournament so far has been Helen Dettweiler, the pro from Indio, Calif. She never lost a hole in ousting Pat Devany of Grosse Isle, Mich., 7 and 6.

Pat O'Sullivan, the judge's daughter from Orange, Conn., and eastern amateur and North and South champion, looks like the play for fun girl's best bet.

Her game, so far, has been good enough to give pro Betsy Rawls a real contest today.

13 Errors Mark Sloppy Contest In City Circuit

Playoff Is Scheduled During Next Week

The two bottom clubs of the City League squared off at each other last night and were still battling when darkness halted festivities in the sixth inning with the score deadlocked at 3-all.

Jones Dairy, winner of only one game in four starts, pushed over its three runs in the second while the win-less Morgan's Merchants, knotted the count in the bottom half of the fourth.

According to Secretary Joe Messinger, the suspended game will be played off sometime next week.

Errors Hurt Pitchers

Thirteen errors, five by the Dairymen and eight by the Merchants, hurt both starting and finishing hurlers, Tommy Fisher for the Milkmen and Jerry Bechtold.

The Dairymen prodded their cluster of three markers in the second with the help of four errors.

Solid singles by Neff and Bob Graves, plus two stolen bases and those four boots helped along the rally.

Morgans came back to knot the count in the fourth with errors playing a major role in the uprising.

Davis reached on Carlino's boot followed by singles by Jack Klosterman and Bechtold. After Fisher retired Slover on strikes, Eric Goercke picked up his third single of the night to knock across the tying runs.

Big Rally Fizzles

Manager George Zadany's club staged a big threat in the fifth when they loaded the sacks with no outs but failed to hit the pay-off dirt. Bechtold, apparently thinking the best way to get out of the jam was to take things in his own hands, did just that. He started a bang-bang double-play on Brinkman's tap to the box and then got Graves on a fly to center.

Messinger's Memos: Charlie Neff, with one hit in three trips, has reached the necessary times at bat for recognition in the batting race and moves to the head of the league with a nifty .545 batting. Charlie has rammed out six hits in 11 trips...Eric Goercke made a great running catch on Bob Graves in the fifth to close the door on the Jones' threat... Bechtold fanned five Dairymen with Fisher becoming the victim three times... Tom Carlino committed three of the five errors by his team for an exceptionally poor night for the hustling little shortstop...Old Capital Motors and Wiltwyck Motors battle tonight, weather permitting. A win for Wiltwycks will send them into a two-way tie for first place with Chez Emile.

Fourteenth of a series by Members of the P.G.A. By JOHNNY PALMER Former Western Open Champion

Strive for accuracy rather than distance with the five iron, or mashie.

For this reason, the club is not taken as far back as are longer irons and woods.

The mashie is most effective for shots in the neighborhood of 150 yards. It is a medium iron. Other clubs coming under this classification are the four and six irons.

The grip for the normal five-iron shot is the same as the one employed on any other shot. I use the overlapping grip, with the little finger of my right hand entwined between the first and second fingers of my left.

Assuming the proper grip, you should see not more than half of the back of the left hand.

This center of control should not be altered throughout the swing.

As I wrote in the P. G. A. Teachers' Guide, the feet should be slightly closer together than for a long-iron or wood shot.

The ball is centered.

The shaft of the club and your left arm form an almost straight line to your left shoulder.

My weight distribution is such that there is more weight on my left leg than on the right.

At the three-fourths point of the backswing, my wrists have begun to cock, but my left arm still is straight.

The weight has been transferred almost completely to my right leg.

In the follow through, my weight distribution has changed back to my left and, for the first time, my left arm is bent at the elbow.

My eyes have remained on the spot where the ball originally rested, emphasizing the old adage, "Keep your head down!"

Finish the shot as you would any other, making sure you have completed an arc and are perfectly balanced.

STRAIGHT STUFF — The shaft of the club and Claude Harmon's left arm form an almost straight line to his left shoulder. (NEA)

NEXT: Sam Snead on wood shots.

(By The Associated Press)

The Chicago White Sox's chances of holding first place on the traditional July 4th dividing line hinge on the next five games with New York and Boston.

If Paul Richards' White Sox can safely skirt the Yanks and Red Sox series on the road they'll go home with a comfortable lead.

How to beat the Yanks was one lesson the White Sox failed to learn from Maestro Richards. Losing seven of 10 to New York cost them a chance to pile up a safe margin. Their lead, once measuring five games, has been whittled to 2½.

Fresh out of pitchers, both the White Sox and Yanks fall back on unreliable workmen for today's finale of the current series at Yankee Stadium. Either Howie Judson or sore-armed Saul Rogovin will work for the Sox against Spec Shea, who was treated roughly on relief in the series opener.

Base Running Backfires

Richards got a well-pitched game by Billy Pierce yesterday but lost, 2-1, when the Sox threw away countless chances. Over-ambitious base running, one of their prime assets, backfired on the fleet Sox.

Eddie Lopat seemed on the verge of collapse several times but managed to last the route for his 10th victory. He allowed 10 hits to five off Pierce.

Hank Bauer came up with two big hits when they counted most while Chicago left 10 men stranded. Bauer led off the seventh with a single and scored the tying run. In the eighth his soft looper over Chico Carrasquel's head for a single drove home Mickey Mantle with the winning run.

Cleveland, which follows Chicago into Yankee Stadium, cut loose with an 18-hit attack at Boston to whomp the Red Sox, 14-8.

Avila Hits Three Homers

Bobby Avila unloaded three home runs and a single—a total of 15 bases, only two short of the league record held jointly by Ty Cobb and Lou Gehrig.

While the upper crust of the league wrestled for the important positions, the second division small-fry did some jousting on their own.

Detroit split a twi-night double with the Philadelphia A's, winning 7-2 and losing 5-4. The even break let the A's out of the cellar because St. Louis lost to Washington, 5-1. That combination left the Brownies in exclusive control of the dungeon.

Tommy Holmes found the secret of managing his very first day on the job. Just start Warren Spahn. The capable Boston Braves lefty gave his new boss a comfortable afternoon with a five-hit 9-0 romp over Chicago. Just to make it sure, Spahn hit a three-run homer, double and single. He fanned eight to boost his league-leading total to 65.

Dodgers, Giants Stopped

The pennant race remained unchanged with both Brooklyn and runnerup New York losing. The Dodgers' first place margin still is 5½ games.

Crafty Kenny Raffensberger hogtied the Dodgers with four hits, 2-1. Even so, the Dodgers outhit the Reds who managed only three off Johnny Schmitz and Clyde King.

Red Munger worked in and out of trouble, striking out nine, in St. Louis' 4-2 edge over the Giants.

Bubba Church blanked Pittsburgh, 1-0, on nine hits although his Phillies mates got only four off Bob Friend.

Pros Open Action

Forest Hills, N. Y., June 21 (AP)—Twenty-four professionals start action today in a $10,000 half elimination, half round-robin tennis tournament. Promoter Bobby Riggs is underwriting the tourney for $30,000. The affair will be an elimination until six remain. Then the final sextet will fight it out on a round-robin basis. The seeded players are Pancho Segura, Jack Kramer, Pancho Gonzales, Riggs, Welby Van Horn, Frank Parker, Carl Earn and Jim Everett. Frank Kovacs withdrew yesterday because of a strained stomach muscle.

Sports of the Day

(IN BRIEF)
(By The Associated Press)

Philadelphia—Patty Berg eliminated Babe Didrikson Zaharias, 1 up, in the second round of the Women's Western Open championship.

South Bend, Ind.—Frank Stranahan took medalist honors in the Western Amateur championship with a 36-hole total of 139.

London—Herbie Flam and Hal Burrows led the way into the fourth round of the London Grass Courts championships.

New York—An informed source said that both J. Edgar Hoover and James Farley have turned down offers to take over as commissioner of baseball.

New York—Busanda ($12.90) won the $15,000-added Top Flight Handicap at Belmont Park.

Villanova, Pa.—Jim Leonard resigned as head football coach at Villanova.

Yesterday's Stars

(By The Associated Press)

Batting, Bobby Avila, Indians—hit three home runs and a single for total of 15 bases in Cleveland's 14-8 win over Boston.

Pitching, Warren Spahn, Braves—made Tommy Holmes' first day as Boston manager a happy occasion with five-hit shutout of Cubs, 9-0, in addition to rapping out a single, double and three-run homer.

Pros Are Favored In Annual Women's Open Golf Action

Philadelphia, June 21 (AP)—It's the lady pros against the lady amateurs today for semi-final berths in the 22nd annual Western Open golf championship at Whitemarsh Valley Country Club.

The field of eight is split up so that the simon pures left in the competition each tee off against a play-for-pay opponent. And in each instance the pros are favored to prevail.

Based on the golf displayed over Whitemarsh's 6,670 yard layout during the first three days, Louise Suggs, medalist from Carrollton, Ga., and Patty Berg, Minneapolis, pro, are favored to succeed Mrs. Babe Didrikson Zaharias as western champion. Both Miss Suggs and Miss Berg are looking for their fourth western titles.

Miss Suggs gained the quarter-final round yesterday with an impressive 3 and 1 victory over Carol Diringer of Tiffin, O., she meets current national amateur champion, Beverly Hanson of Pasadena, Calif.

Miss Berg meets Philadelphia's Mrs. Mark Porter, the former Dorothy Germain.

She won the U. S. amateur crown in 1949, and also has taken the western amateur. She battled into the quarter-final by beating pretty 17-year-old Marlene Bauer of Midland, Tex., 3 and 2.

Another very impressive figure in the tournament so far has been Helen Dettweiler, the pro from Indio, Calif. She never lost a hole in ousting Pat Devany of Grosse Isle, Mich., 7 and 6.

Pat O'Sullivan, the judge's daughter from Orange, Conn., and eastern amateur and North and South champion, looks like the play for fun girl's best bet.

Her game, so far, has been good enough to give pro Betsy Rawls a real contest today.

13 Errors Mark Sloppy Contest In City Circuit

Playoff Is Scheduled During Next Week

The two bottom clubs of the City League squared off at each other last night and were still battling when darkness halted festivities in the sixth inning with the score deadlocked at 3-all.

Jones Dairy, winner of only one game in four starts, pushed over its three runs in the second while the win-less Morgan's Merchants, knotted the count in the bottom half of the fourth.

According to Secretary Joe Messinger, the suspended game will be played off sometime next week.

Errors Hurt Pitchers

Thirteen errors, five by the Dairymen and eight by the Merchants, hurt both starting and finishing hurlers, Tommy Fisher for the Milkmen and Jerry Bechtold.

The Dairymen prodded their cluster of three markers in the second with the help of four errors.

Solid singles by Neff and Bob Graves, plus two stolen bases and those four boots helped along the rally.

Morgans came back to knot the count in the fourth with errors playing a major role in the uprising.

Davis reached on Carlino's boot followed by singles by Jack Klosterman and Bechtold. After Fisher retired Slover on strikes, Eric Goercke picked up his third single of the night to knock across the tying runs.

Big Rally Fizzles

Manager George Zadany's club staged a big threat in the fifth when they loaded the sacks with no outs but failed to hit the pay-off dirt. Bechtold, apparently thinking the best way to get out of the jam was to take things in his own hands, did just that. He started a bang-bang double-play on Brinkman's tap to the box and then got Graves on a fly to center.

Messinger's Memos: Charlie Neff, with one hit in three trips, has reached the necessary times at bat for recognition in the batting race and moves to the head of the league with a nifty .545 batting. Charlie has rammed out six hits in 11 trips...Eric Goercke made a great running catch on Bob Graves in the fifth to close the door on the Jones' threat... Bechtold fanned five Dairymen with Fisher becoming the victim three times... Tom Carlino committed three of the five errors by his team for an exceptionally poor night for the hustling little shortstop...Old Capital Motors and Wiltwyck Motors battle tonight, weather permitting. A win for Wiltwycks will send them into a two-way tie for first place with Chez Emile.

Can-Am Roundup

(By The Associated Press)

Amsterdam pitcher Don Sundlov tossed a one-hitter last night, but the lone bingle cost him the game.

Sundlov lost the heart-breaker to Gloversville in the first game of a Canadian-American League doubleheader. Rightfielder Bill McMillan of the Glovers singled in the sixth to drive in centerfielder Walt Slovenski, with the game's only run. Slovenski got on base on an error.

Bob Sise, who tossed a three-hitter, took the 1-0 victory.

The third-place Rugmakers came back, however, in the second game to win, 16-12.

In other twin bills last night, the Pittsfield Electrics regained first place as they dumped the last-spot Kingston Colonials twice, 4-3 and 11-2. The first game went 13 innings.

The Oneonta Red Sox, who had led the league, share a pair of shutouts with the Rome Colonels. The Sox took the seven-inning opener, 3-0, but dropped the finale, 1-0.

In the nightcap at Gloversville, each club used six pitchers. Sise, the fourth Gloversville hurler, took the loss, making it 1-1 for him in a single night. Tom Mollica, the fourth Rugmaker, took the win. Amsterdam centerfielder Frank Wehner banged a homer in the first with one on.

At Oneonta, righthander Charlie Gersten tossed a five-hit shutout at Oneonta. The Sox got their three tallies in the sixth on a walk, a sacrifice, an intentional walk and a single.

Rome's Paul McLaughlin hurled a two-hitter in the nightcap. Joe Ross was the loser. The Colonels' run came in the third on two singles, the decisive one by Ron Esrang.

Sentence Suspended

Alfred Secreto, 44, of 3 Second avenue, who last night was arrested for a second time this month by his wife, Elizabeth, was given a suspended sentence of 30 days in jail when he appeared before City Judge Raymond J. Mino today on a third degree assault charge. The suspended sentence was imposed on the agreement that Secreto would move from the Second avenue premises. Officers Peter Camp and Louis Sapp, Jr., brought Secreto to headquarters last night. He was arrested June 6 on a charge of third degree assault and disposition of that case was pending when he was arrested last night at the Second avenue address.

GREETING:
YOU AND EACH OF YOU ARE HEREBY CITED TO SHOW CAUSE at a Surrogate's Court to be held in and for the County of Ulster at the Surrogate's Office in the City of Kingston, N. Y., on the 2nd day of July 1951, at ten o'clock in the forenoon of that day, why a certain instrument in writing, dated March 23, 1951, relating to both real and personal estate, presented to said Surrogate's Court, should not be proved, admitted to probate and recorded as the last Will and Testament of W. Norman Conner, late of the City of Kingston, Ulster County, deceased, upon the petition of George F. Schroeder and Harry M. Barnhart of the City of Kingston, the Executors named therein.
IN TESTIMONY WHEREOF, We have caused the seal of said Surrogate's Court to be hereunto affixed. WITNESS, [L. S.] HON. JOHN B. STERLEY, Surrogate of our said County of Ulster at Kingston, N. Y., this 29th day of May, 1951.

Clerk of the Surrogate's Court

NAVY'S RESEARCH BOSS— Rear-Adm. Calvin M. Bolster, above, was named by President Truman to be Chief of Naval Research for next three years.

". . . 'NEATH THE LONESOME SKY . . ."—A sentimental songfest is the recreation of these Yanks during a lull in the Korean fighting. But one Californian, Pfc. Manuel G. Bargas, left, prefers to read a letter from home. Left to right, others are: Pfc. Robert Lathan of Pomeroy, Wash.; Cpl. Huestan Littlefield of Locust Grove, Okla., Pfc. Charles Harper of Copper Hill, Tenn.; Pvt. Trinidad LaFuente of New York City; Pfc. Fonzy R. Hash of Washington, D. C., and Cpl. Melvin L. Holm of Elgin, Ill. LION TAMER AT TWO—Little Johnny Stoecker, age 2, finds himself the complete master of a 17-day-old lion cub at the zoo in Rome, Italy. It's the lad's first visit to the zoo, and to him the lion cub is just another big, friendly kitty. (NEA-Acme photo by Staff Photographer Julius Humi.)

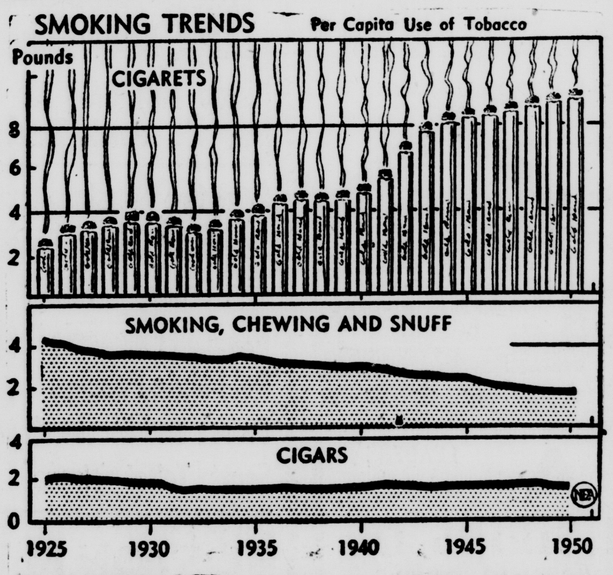
HIS LETTER WON—Fascinated by his new letter, "PW" spelled backwards, is this Chinese Red soldier at a UN camp in Pusan. Other Red prisoners idle in the sunshine, with little to worry about because the war's over for them. (Exclusive NEA-Acme photo by Staff Photographer Bert Ashworth.)

TEACHER'S A BEAUT—A 25-year-old blonde school teacher, Patricia Lehman of Sacramento, is "Miss California of 1951." Miss Lehman (height, 5 feet, 7 inches; weight, 125; bust, 37; waist, 26; hips, 37) teaches the fourth grade in a Sacramento elementary school. She won the title over 16 other beauties at Santa Cruz Beach.



UP IN SMOKE—American tobacco men will turn out a record 410 billion cigarets in the year ending June 30—or almost half a pack per day for every man, woman and child in the country. The Newschart above, based on data from the U. S. Department of Agriculture, shows annual tobacco consumption in pounds per person (over 15 years of age) for the past 25 years. Note how cigarets have gained in usage, at the expense of smoking and chewing tobacco and snuff. Cigars just about held their own, although dipping slightly.

It is believed possible that bagpipes, long used in India, were introduced to the west by the Roman emperor Nero.

There were domestic cattle in Egypt about 3,500 B. C.

Kingston Hospital Is Extremely Busy

The Kingston Hospital reports that it is extremely busy these days. Since June 9th the census has been showing a steady increase every day until June 20th found three patients in the hallway of the first floor of the hospital. All were admitted during the night. These patients were cared for and were comfortable but each one was eagerly awaiting the morning discharge slips of the doctors so that he could get more permanent quarters in the hospital.

Throughout the day all beds are filled and it is always a question whether it will be necessary to put up beds in the hall before morning of the following day.

The Kingston Hospital realizes thoroughly the seriousness of the problem. To be sure the congested condition is for a short period of time only but the sudden increase in load is bound to tax the physical and personnel aspect of the hospital life. Everything is being done to hasten the day of an enlarged Kingston Hospital and the correction of emergency crowding.

Scores Purchases

Washingston, June 21 (AP)—The government has been blamed for buying vast quantities of coffee, pepper, wool, and other supplies for military use "without any serious regard" for the impact on the civilian economy. The charge was made yesterday by Chairman Bonner (D-N.C.) of a House expenditures subcommittee investigating military buying methods.

Sentence Suspended

Alfred Secreto, 44, of 3 Second avenue, who last night was arrested for a second time this month by his wife, Elizabeth, was given a suspended sentence of 30 days in jail when he appeared before City Judge Raymond J. Mino today on a third degree assault charge. The suspended sentence was imposed on the agreement that Secreto would move from the Second avenue premises. Officers Peter Camp and Louis Sapp, Jr., brought Secreto to headquarters last night. He was arrested June 6 on a charge of third degree assault and disposition of that case was pending when he was arrested last night at the Second avenue address.

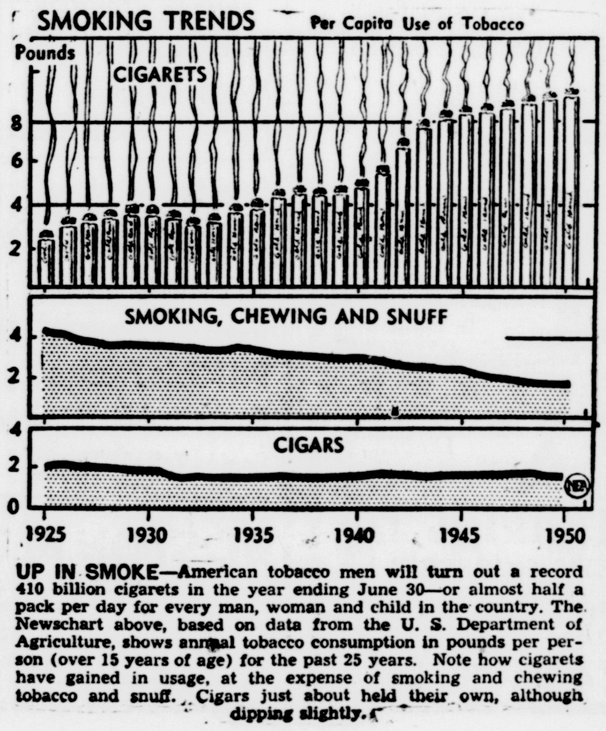
She won the title over 16 other beauties at Santa Cruz Beach.



UP IN SMOKE—American tobacco men will turn out a record 410 billion cigarets in the year ending June 30—or almost half a pack per day for every man, woman and child in the country. The Newschart above, based on data from the U. S. Department of Agriculture, shows annual tobacco consumption in pounds per person (over 15 years of age) for the past 25 years. Note how cigarets have gained in usage, at the expense of smoking and chewing tobacco and snuff. Cigars just about held their own, although dipping slightly.

It is believed possible that bagpipes, long used in India, were introduced to the west by the Roman emperor Nero.

Conflicting Statements Are Confusing in A-Bomb

By HOWARD W. BLAKESLEE
(A.P. Science Editor)

New York, June 21 (AP)—The public is being confused these days by many conflicting statements about A-bombs. Here are some of them:

1. The area under an A-bomb explosion is dangerous for hours, days—maybe weeks. On the other hand, it is said that two minutes after an explosion one can enter the area immediately underneath without danger from radioactivity.

2. Ships at Bikini were so contaminated they could not be cleaned.

3. After each bomb a radioactive cloud circles the earth several times.

4. The radioactive cloud from a single bomb, exploded over the Pacific, could destroy all life in the United States.

What is the truth? The No. 4 statement is not true. It never was anything except a theory. Each of the other statements can be true or false, depending on circumstances which are likely to differ from one bomb to the next.

In Three Stages

The confusion arises because radioactivity from the A-bomb comes in three stages. First is the flash and ball of fire, emitting gamma rays (they are the same as X-rays). Second the earth, buildings, metal in your pockets or teeth, may become radioactive by transmutation from the bomb's flash. Third is dust and other things that may fall like rain out of the bomb cloud. After an underwater bomb, the rain is real and all of it radioactive.

Only one of these radioactivity perils is a major hazard. This is the flash and ball of fire. This danger is all over within one minute. This gamma ray peril reaches out about a mile-and-a-half from the bomb, in all directions. Up to a mile it can make you sick enough to die in a week or more. After a mile-and-a-quarter it does not do much harm.

The second danger, transmutation of atoms of earth and other things on the ground into radioactivity of many kinds, is not possible unless the bomb is exploded close to the earth.

No Ground Transmutation

And it is always assumed that the bomb will not be exploded close. The reason for this assumption is that present A-bombs have to be detonated at around 2,000 feet altitude to knock down the largest number of buildings and to set the most fires. At that altitude there is no transmutation on the ground, and no risk from radioactivity right under the bomb after the first minute.

Should the bomb be exploded low down, there will be risk from radioactivity in immediate rescue work. But there will be no risk of death in very short exposures. If the rescue work is monitored, workers will not suffer serious harm, even in an area that remains uninhabitable for months due to radioactivity.

Dust dangers are tricky. At Bikini, on the deck of the German heavy cruiser Prinz Eugen, I picked up tiny pieces of metal that had vaporized from warships directly under the bomb. That metallic vapor had been carried downwind over the Eugen. The metal fell like tiny hail. This metal was dangerously radioactive (some of mine had a half-life of nine days, which means very high radioactivity). But I was in no danger because I did not keep my souvenirs close to my person. Members of the crew collected bottles of the same hail, without hurting themselves.

Cattle Lost Hair

After the New Mexico bomb, radioactive dust fell on a herd of cattle, causing hair to fall out of their backs. Some of it never grew again. But no human beings were hurt by this dust. If they got any it was brushed off in time.

That bomb dropped dust in Ohio which afterward fogged some photographic film. There wasn't any danger to human beings. Last winter's Nevada bombs dropped so much radioactivity over the northeastern United States that in some areas the rays were one hundred times greater than normal. Normal means the amount of radioactivity present everywhere all the time. There was not the slightest risk to health in this increase.

It is easy to think of circumstances under which people could eat some of this dust, after plants had concentrated it, and endanger their health thereby. But if reasonable monitoring is done—as it already is—there will be no serious risk.

Some physicians have claimed it will be years before we can be sure that these little amounts of radioactive dust are doing no harm. But they assume that meanwhile we will live in the stuff without bothering to detect it.

Steel Crossing Work May Start Next Week

Workmen on the Broadway crossing project expect to start on steel work next Tuesday, Henry Millonig, state engineer in charge, said today.

A temporary trestle for the track which will carry the heavy girder in place on the west side of the project, has been built and the steel work is expected to be in progress during the latter part of next week, the engineer said.

Passes Flight Test

Edwards Air Force Base, Calif., June 21 (AP)—The new adjustable-wing Bell X-5 has pased its first flight test like a hummingbird. Skip Ziegler, Bell test pilot, put the sleek, needle-nosed craft through 30 minutes of flying yesterday and reported everything went smoothly. No attempts were made to ascertain the jet-propelled plane's speed, the air force said.

Conflicting Statements Are Confusing in A-Bomb

By HOWARD W. BLAKESLEE
(A.P. Science Editor)

New York, June 21 (AP)—The public is being confused these days by many conflicting statements about A-bombs. Here are some of them:

1. The area under an A-bomb explosion is dangerous for hours, days—maybe weeks. On the other hand, it is said that two minutes after an explosion one can enter the area immediately underneath without danger from radioactivity.

2. Ships at Bikini were so contaminated they could not be cleaned.

3. After each bomb a radioactive cloud circles the earth several times.

4. The radioactive cloud from a single bomb, exploded over the Pacific, could destroy all life in the United States.

What is the truth? The No. 4 statement is not true. It never was anything except a theory. Each of the other statements can be true or false, depending on circumstances which are likely to differ from one bomb to the next.

In Three Stages

The confusion arises because radioactivity from the A-bomb comes in three stages. First is the flash and ball of fire, emitting gamma rays (they are the same as X-rays). Second the earth, buildings, metal in your pockets or teeth, may become radioactive by transmutation from the bomb's flash. Third is dust and other things that may fall like rain out of the bomb cloud. After an underwater bomb, the rain is real and all of it radioactive.

Only one of these radioactivity perils is a major hazard. This is the flash and ball of fire. This danger is all over within one minute. This gamma ray peril reaches out about a mile-and-a-half from the bomb, in all directions. Up to a mile it can make you sick enough to die in a week or more. After a mile-and-a-quarter it does not do much harm.

The second danger, transmutation of atoms of earth and other things on the ground into radioactivity of many kinds, is not possible unless the bomb is exploded close to the earth.

No Ground Transmutation

And it is always assumed that the bomb will not be exploded close. The reason for this assumption is that present A-bombs have to be detonated at around 2,000 feet altitude to knock down the largest number of buildings and to set the most fires. At that altitude there is no transmutation on the ground, and no risk from radioactivity right under the bomb after the first minute.

Should the bomb be exploded low down, there will be risk from radioactivity in immediate rescue work. But there will be no risk of death in very short exposures. If the rescue work is monitored, workers will not suffer serious harm, even in an area that remains uninhabitable for months due to radioactivity.

Dust dangers are tricky. At Bikini, on the deck of the German heavy cruiser Prinz Eugen, I picked up tiny pieces of metal that had vaporized from warships directly under the bomb. That metallic vapor had been carried downwind over the Eugen. The metal fell like tiny hail. This metal was dangerously radioactive (some of mine had a half-life of nine days, which means very high radioactivity). But I was in no danger because I did not keep my souvenirs close to my person. Members of the crew collected bottles of the same hail, without hurting themselves.

Cattle Lost Hair

After the New Mexico bomb, radioactive dust fell on a herd of cattle, causing hair to fall out of their backs. Some of it never grew again. But no human beings were hurt by this dust. If they got any it was brushed off in time.

That bomb dropped dust in Ohio which afterward fogged some photographic film. There wasn't any danger to human beings. Last winter's Nevada bombs dropped so much radioactivity over the northeastern United States that in some areas the rays were one hundred times greater than normal. Normal means the amount of radioactivity present everywhere all the time. There was not the slightest risk to health in this increase.

It is easy to think of circumstances under which people could eat some of this dust, after plants had concentrated it, and endanger their health thereby. But if reasonable monitoring is done—as it already is—there will be no serious risk.

Some physicians have claimed it will be years before we can be sure that these little amounts of radioactive dust are doing no harm. But they assume that meanwhile we will live in the stuff without bothering to detect it.
